## E. W. Chafin, Presidential Candidate, Here Sunday

LOCAL SKIRMISHING IN THE FIGHT TO MAKE OREGON DRY WILL START SUNDAY, WHEN THREE MEETINGS WILL BE HELD—CHAFIN TO ADDRESS THE STATE CONVENTION IN PORTLAND

Eugene W. Chafin

Eugene W. Chafin, candidate for president of the United States on the prohibition ticket in 1908 and 1912, and one of the best known temperance advocates in the country, will spend ten days in Oregon in the interests of the "out-to-win" temperance campaign now on in this state.

Chafin will open his Oregon engagement in Klamath Falls, holding three meetings here Sunday. Sunday morning he will hold a meeting at the Christian church; that afternoon there will be another lecture at Houston's opera house, and Sunday night the closing meeting will also be held there.

While in Oregon Mr. Chafin will be the principal speaker at the state prohibition convention, to be held in Portland. Chafin is one of the many speakers of national note being brought here by the prohi in their fight to make Oregon dry.

Chafin has been identified with the temperance cause practically all his life. He is a lawyer by profession, a graduate of the University of Wisconsin, and the author of a number of

books on biography. He makes his home at present at Tucson, Ariz.

He was a prohibition candidate from Wisconsin in 1882 and from Chicago in 1902; he ran for attorney general of Wisconsin in 1886, and again in 1900. He also ran for attorney general of Illinois in 1904. His presidential campaigns were made in 1908 and 1912, and it is quite probable that he will be the prohibition choice in 1916.

purchase of supplies for the year, the buying being deferred to a later date.—Medford Mail-Tribune.

### Connecting Link

Work on the Bend-Laidlaw road, which has been going on for the past five weeks, is now nearly finished, and within a short time the crews will be paid off and the camps broken up. As a result of their labors the two towns are now connected by an excellent road which will make travel between them easier than ever before.—Bend Bulletin.

### Sees Lots of Gold

H. H. McCarthy of Death Valley, Nevada, arrived in Medford Thursday and will mine with Mike Womack on the Grizzly Butte claims. If Mike's predictions come true, millionaires will be so thick in the valley it will be necessary to spray for them. At present rock, according to Mike, that was formed in the Azole period is being uncovered, along with Salurian deposits of a Paleozoic nature.—Medford Mail-Tribune.

### Farmers to Get Ladybugs

Seventy-five million ladybugs will be distributed to California farmers this spring to prey upon the insect "aphids" that attack principally the melon, hop, bean and grain crops of the state. This announcement was made by State Horticulturist A. J. Cook. More than 50,000,000 ladybugs have already been distributed by the state.—Sacramento Union.

### Slim Chance for Medals

In the event troops are called for in the present crisis with Mexico, it is doubtful if the local military boys will be called upon to go to the front. As eight of the Oregon companies are in the coast defense service there would be little for them to do unless transferred to the artillery branch of the service.—Ashland Tidings.

### Dairymen Interested

W. P. Curtis of the firm of Curtis & Utley, who last week returned from a trip to San Francisco and points in Southern California, informs the Examiner that he is very hopeful that his effort in interesting Swede and Swiss-Italian dairymen in Lake county lands will prove successful. He states that he found a number of tenants in that section who are paying very high rentals on land, and are anxious to acquire tracts where values are not so high.—Lake County Examiner.

Women students will be admitted to membership in the new ski club to be organized at the University of Wisconsin.

## Farmer Wants to Hear More of Market Day

Editor Herald: What is the matter with the public market day? Why so much talk during the winter about it? Is it because there are too many grocery men members of the Chamber of Commerce? Or does Judge Worden want to build us a brick public market near the new court house in the Hot Springs addition?

A public market could be instituted with none or little expense. Any vacant block would be good enough to start on, and it would keep some money in the country, decrease the cost for local produce to the consumer, and get the farmer some cash. We farmers are past the stage where talk or a sob will keep us satisfied. We want action. We are paying the taxes in this county. Give us what we have got to have, or the election will show our disapproval. ONE OF MANY. Midland, April 23.

## IF HAIR IS TURNING GRAY, USE SAGE TEA

HERE'S GRANDMOTHER'S RECIPE TO DARKEN AND BEAUTIFY FADED HAIR.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

### Mayor Barham Re-Elected

Dr. W. W. Barham, who for the past four years has held the office of mayor of Yreka, was re-elected last Monday at the municipal election. The decision of the voters in returning Mr. Barham to the office proves conclusively that the people of Yreka appreciate the good work he has done for our city in the past. During his administration more improvements

have been made in Yreka than ever before, improvements that have made Yreka one of the very best and most up-to-date cities in Northern California.—Yreka Journal.

### Teachers' Salaries Cut

Reductions of 10 per cent in the salary of every teacher in the Medford public schools, and reaching even into the janitors, was ordered by the school board at the regular meeting Tuesday evening. The cut will be effective at the beginning of the next school year, and means \$450 a month, or \$4,500 a year less in salaries. The economy effects every teacher from the superintendent to the primary grades. This policy also affected the
