### LADIES TO HAVE "WESTERN NIGHT"

WHILE ELKS AND FRIENDS ARE AT THE OPERA HOUSE, WOMEN WILL ENTERTAIN AT THE ELKS' CLUB.

The members of the Elks Lodge will not be the only ones to celebrate "Western Night" on Friday evening. The lady Elks will not be content to remain at home while their husbands and brothers are out having a good time, so plans have been made for a "Western Night" by the ladies which will include the wives of the invited guests who will attend the Elks affair.

The Elks club rooms and lodge hall has been turned over for the exclusive use of the ladies on Friday evening. Many novel stunts are being planned, and it is expected that the entertainment will rival the men's stag.

Every lady of the lodge is expected to be present, as the affair is for all lady relatives of members and wives of invited guests. Each lady attending is supposed to bring her lunch.

### MONSTER BRUIN KILLED TODAY

BEAR WEIGHING NEARLY 400 POUNDS WAS BEING ROPED FOR THE MOVIE MEN WHEN IT ATTACKED DOG

The carcass of a bear, weighing 325 pounds, is attracting much attention at Crisler & Stitts Palace market this afternoon. The animal was killed by Douglas Puckett, near Round Lake.

Puckett and J. V. McTimmonds, a well known hunter and guide, were attempting to rope the bear for use in wild animal motion pictures, and one of their bear dogs got too close to the wild beast. The bear attacked the dog, and was tearing it with its paws when Puckett shot it to save the dog.

The bear meat is to be placed on sale.

### GOWEN-MORRIS

In the presence of a number of friends assembled at the new home of the couple on Fifth and Jefferson streets, Rev. J. S. Stubblefield, at 6:30 Wednesday afternoon, performed the ceremony which united Miss Ruth L. Morris and Edmund W. Gowen Jr. in the bonds of matrimony. Following the ceremony, an elaborate wedding dinner was served.

Both of the contracting parties are held in high esteem in Klamath Falls, and they are especially popular with the young people. The bride came here from Ashland two years ago, and until her marriage was connected with local law offices as stenographer. She became a favorite from her advent here.

The new benedict is a Klamath county product, and he has resided here practically all of his life. He is the son of Judge and Mrs. E. W. Gowen, pioneers in the Klamath Basin. For several years he has been connected with Van Riper Brothers' grocery. He is prominent in local circles, and has a wide circle of friends who wish he and his bride happiness and prosperity.

NEW YORK, April 23.—That there will be a general strike of the Industrial Workers of the World if necessary to prevent war between the United States and Mexico and that the United Mine Workers of America will join it, was declared here today by Wm. D. Haywood, the I. W. W. leader.

"Better be a traitor to your country than a traitor to your class," he said. "If war seems certain, the Workers will simply fold their arms, and there will be no war."

### U. S. PREPARING TO FIGHT MEXICO

(Continued from page 1) people, but cannot temporize with Huerta.

"I wish to reiterate with the greatest earnestness the desire and intention of America to respect in every way possible the sovereignty and independence of the Mexican people." He said, "the feeling and intention of this government is not based upon policy. They go much deeper than that. They are based upon genuine friendship for the people of Mexico, and a profound interest in the establishment of their constitutions, system of government. Whatever unhappy circumstances arise, this object will be held steadily in view, and will be pursued with persistent purpose so far as this government is concerned.

"But we are dealing with facts. Whenever or wherever the dignity of America is flouted, its international rights or the rights of its citizens invaded where it has a right to exercise it, this government will deal with those actually in control.

"Right now, the government is dealing with General Huerta within the territory he controls. That he does not rightfully control does not alter the fact that he DOES control it.

"These, though, do not lawfully represent the people of Mexico. We rejoice in that fact, because our quarrel is not with the Mexican people. We have no desire to dictate their affairs, but we must enforce our rightful demands."

This followed an ultimatum by Carranza, head of the constitutionalists government, last night, in which he declared that the Vera Cruz landing was an invasion, and was an attack which would involve all of Mexico in war against the United States.

### CONSIDERING A HOSPITAL HERE

SISTERS LEAVE HERE VERY ENTHUSIASTIC, AFTER INSPECTING PROPERTY AND INTERVIEWING PEOPLE

Mother General Lajoiea of Philadelphia, head of the Order of St. Francis, and Mother Mary Killian of Pendleton, head of the order in Oregon, left this morning after a visit to look after their property interests here.

The sisters are very favorably impressed, and upon her return to Philadelphia, the mother general will take up the advisability of erecting a \$40,000 hospital on their property in the Fairview addition. This would be similar to the Pendleton hospital, and would contain forty beds.

There is also a possibility that a school may be built on the property adjoining, which is owned by the order. The Order of St. Francis also owns farm property close to Klamath Falls.

AS IN A suit, the proof positive of quality in a "shoe" is its keep-shape—how long it preserves its original lines, the charm of curve and contour that gave its style and symmetry when it was fresh from the "bench." That's the crucial test of a shoe and the crucial test of most shoes.

A Regal Shoe lasts to the last. Rooted in quality, its style can't be trodden out—can't be scuffed out—can't be bumped and thumped out—can't be divorced from the shoe because it's part of it—because it's integral and inseparable—because it's needled in, not wheeled in.

As a Regal looks at the "try-on" it will look during every day's "try-out." It avoids bulging, "running over" the sole, pulling or puckering. It's seam-sure and stitch true. It keeps its shape.

Of course, a Regal wears out—leather is not everlasting. But a Regal ages honorably—it softens and "smartens" with use. Today—look into our Regal Show Window or step into our store.
