OWNERS OF THE PROPERTY ASK PROTECTION

Following This Announcement Huerta states That He Will Withdraw From the Mediation Proceedings if the Troops Are Landed at Tampico. Two Oil Wells Were Burned Yesterday by the Mexicans.

United Press Service WASHINGTON, D. C., May 8.—Despite denials by official sources, it has been learned that Admiral Mayo, through Admiral Badger, has requested that American troops occupy the oil field territory. This is for protection purposes only.

Secretary Daniels of the navy department this afternoon submitted to the cabinet a long report on the oil field situation.

The diplomats have learned that two oil wells were burned yesterday. Following this, delegates representing the oil interests called upon Bryan to demand protection.

United Press Service WASHINGTON, D. C., May 8.—A threat by Huerta to withdraw from the mediation proceedings was received, following the recommendation of Admiral Mayo to land troops and guard Tampico property.

Huerta, through Ruiz, sent a note to the mediation commission, protesting the American operation at Vera Cruz, and intimating that he might withdraw his acceptance of mediation.

United Press Service VERA CRUZ, May 8.—Refugees say that it is rumored in Mexico City that Querido Moheno, the minister of commerce and industry, is dead.

The rumor cannot be confirmed. By some reports it is said that he committed suicide when Huerta rejected his resignation, while others have it that he died from some unknown cause.

The funeral was conducted very quietly.

## Runs Car 'Round Lake

### As Result, Local Autoist Is Enthusiastic for Run

With the usual optimism of the beginner, Attorney E. L. Elliott, who has been driving his new Ford car less than a month, Thursday made the trip 'round the Upper Lake, being the first driver to take a car around in 1914. With him as guests on the initial venture were Captain J. P. Lee, Tom B. Watters and Warren Duhl. The roads were excellent all the way around with the exception of a short stretch of road between Long Lake and the connection with the road to Round Lake. This road has not been dragged since the winter snows and rain, consequently the washed out ruts make the going very bad.

United Press Service VERA CRUZ, May 8.—It is believed that Private Parks, a cavalryman who disappeared yesterday, is in the hands of Maas' federals. When last seen, Parks was heading toward the Mexican lines.

Mexicans at Tejera were today seen loading on cars two black horses that were in Parks' charge. Officers are certain these are the horses, but no official report has been made regarding them.

Two American soldiers who were made prisoners by the same federals and later released, believe that Parks was overcome by the heat and wandered into federal hands.

### Bryan Agent Is Saved by Huerta

Edward W. Ryan, a Red Cross aid in the interior of Mexico, and said to be an agent of Secretary of State William J. Bryan, was sentenced to be shot when he was found some days ago at Zacatecas because he refused to translate code messages from Mr. Bryan found on him. Mr. Bryan at once protested to the Spanish ambassador in Washington, who is handling the affairs of Mexico in this country since the Mexican ambassador has left. The result was that President Huerta had the man transferred to Mexico City, and it was said he was safe there.

## KISS MAY SEND HIM TO SIBERIA

YOUNG RUSSIAN STUDENT USES EASTER PRETEXT TO KISS CO-ED—BROTHER INTERFERES AND SHOTS ARE FIRED

United Press Service ST. PETERSBURG, May 8.—Siberia will probably be the penalty of a kiss for M. Ivanhoff, student, who was today indicted for attempted murder.

He made the Russian Easter custom of osculatory greeting of the faithful the excuse for kissing pretty Mlle. Lisa Alibert, a fellow student. The girl, refusing to regard the salutation in its religious aspect, screamed, and her brother rushing into the room knocked Ivanhoff down.

The latter then drew a revolver and shot at the brother, but missed. In the meantime the girl has summoned the police, but Ivanhoff, brandishing the revolver, escaped to the street, jumped into a taxicab and compelled the chauffeur to drive at top speed.

Ivanhoff fired at his pursuers without effect. When his ammunition was exhausted the chauffeur refused to go any further, and the young man was arrested.

## MEDIATION BOARD MEN ARE HARD TO SELECT JUST NOW

MUCH TIME MUST BE ENTIRELY GIVEN UP

Officials, Through Tumulty, Deny the Reports of Strained Conditions in Mexico—They Say That Conditions in Mexico City, Just Reported, Were Known Some Time Ago Through Official Channels.

By JOHN E. NEVIN (United Press Staff Correspondent)

WASHINGTON, D. C., May 8.—The selection of the American delegates to the "A. B. C." mediation conferences is one of the most perplexing matters that the administration has to deal with right now.

So far, no solution is in sight. The fact that the conference at Niagara Falls will be very long makes it imperative that the men chosen as delegates must be men who will be able to abandon entirely their personal affairs for an indefinite period.

There are very few big men so situated as to do this. This may prevent the justices of the supreme court from serving. The cabinet discussed the matter to some length today.

United Press Service WASHINGTON, D. C., May 8.—Secretary Tumulty, after a conference with President Wilson, issued the following statement this morning:

"Reports of an attack upon the American forces at Vera Cruz, and serious crises arising there are without foundation.

"General Funston's report to Secretary Garrison of the stories of refugees regarding conditions in Mexico City are merely confirmatory of what was learned through official channels. There is no intention of sending additional troops to Vera Cruz.

Tumulty would not comment upon the fact that the general staff of the army conferred with Garrison until this morning.
