Far From Dying, Chamber of Commerce Bigger Than Ever

JOHNSON AND EVANS GREETED WITH ENTHUSIASM BY BUSINESS MEN; MORE DONATIONS TO COME

BIG BOOSTER MEETING WILL BE HELD TONIGHT TO WHOOP 'ER HARD

Citizens Rush to the Aid of the Organization Which is Working for the Development and Upbuilding of the County—Encouragement Puts New Life into All Who are Connected With the Chamber of Commerce.

Proof of the faith of the people of Klamath Falls have in the efficiency of the Klamath Chamber of Commerce in the work of upbuilding the community and county, and the necessity of not only maintaining such an institution, but expending money in advertising as well, was demonstrated today, when W. Paul Johnson and Sid Evans in a few hours' time raised over \$2,600 for the maintenance of the organization.

REBELS READY TO ATTACK TAMPICO

FAMILIES AND NON-COMBATANTS ARE BEING SENT ABOARD THE SHIPS IN THE HARBOR THERE FOR SAFETY

United Press Service

JAUREZ, May 12.—The constitutionalist headquarters received a message from General Gonzales today saying he expects to order the final assault upon the federal forces at Tampico without delay. He says that the troops are frequently skirmishing with little or no loss.

Gonzales says he has invited the federal commander to take his troops out of the city to fight, thus protecting the foreigners and non-combatants, but he has received no repl.

The families of the foreigners and many Mexican non-combatants are seeking refuge on the vessels in the harbor.

NEW SEWER UNIT TO BE DISCUSSED

MEETING OF THE INTERESTED PROPERTY OWNERS WILL BE HELD TONIGHT IN MILLS ADDITION HALL

Steps by the interested property owners toward the sewerage of the Mills Addition and the Second Hot Springs Addition, will be taken at a meeting of all concerned this evening. This will be held at the Mills Addition Hall.

This district comprises what is known as the Fifth sewer unit, and although the matter has been taken up at times by the city, nothing definite has been done. This evening the advisability of the district bonding itself for the cost of the sewer unit will be threshed out.

MEMORIAL DAY PLANS FORMING

MEMBERS OF THE GRAND ARMY ARE MAKING PRELIMINARY PREPARATIONS FOR AN OBSERVANCE HERE

Memorial Sunday on May 24, and Memorial Day are both to be observed with patriotic exercises by F. B. Sprague Post, Grand Army of the Republic, and Sprague Chapter, Women's Relief Corps. A committee from the post is now at work upon deciding what church the memorial Sunday exercises will be held.

A committee from the post is also considering the arrangements for Memorial Day services. This will be made a general observance in Klamath Falls, with a suspension of business for the day and participation by the schools, lodges and city and county officials.

Bluejackets Enjoying Themselves Swimming at Vera Cruz

There is just as much time for play among the jackies of the battleships off Vera Cruz as there is for fighting. The burden of war does not hang so heavily on the sailors that they have no time for a swim in the cool salt water. This photograph shows a hundred or more of them swimming from one of the battleships, with the other ships of the fleet in the distance.

FATE OF PARKS WILL BE LOOKED INTO BY U. S. A.

FUNSTON BELIEVES HE WAS EXECUTED

American Newspaper Man Arrested in Mexico City is Released—Bryan Discourages the American Correspondents From Going Into the Capital—American Vice Consul Stillman's Whereabouts in Doubt.

United Press Service

WASHINGTON, D. C., May 12.—Secretary Garrison has wired General Funston to get full information from General Mas, federal commander regarding the fate of Private Parks, an American trooper who has been missing several days from the Vera Cruz camp.

Secretary Bryan has also instructed the Brazilian minister to secure similar information from the Huerta government.

There is much stir as a result of reports that the missing trooper was tortured. General Funston believes that Parks was executed by the federales, but Garrison wishes to give the federales the benefit of the doubt.

He has indicated, however, that drastic measures will be resorted to if the report is confirmed.

United Press Service

VERA CRUZ, May 12.—Huerta today notified Consul Canada that he has released A. J. Sutter, a Washingtonian.

CLUB HOUSE FOR THE HOO HOOS

UNIQUE ORDER OF LUMBERMEN WILL HAVE UNIQUE BUILDING AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION

United Press Service

SAN FRANCISCO, May 12.—That the Concatenated Order of Hoo Hoo, comprising 15,000 members in seventeen counties of California alone, will convene in San Francisco in 1915, and build a \$50,000 club house on the Panama-Pacific International exposition grounds, was the announcement here today of James E. Barr, manager of the exposition bureau of conventions and societies. The order is composed of men interested in the lumber business.

The house of the Hoo Hoos, it was said, will be an artistic structure. Great trunks of trees will be used as offices, and the entire building will be constructed in such a way as to give the impression of a huge forest.

AMUNDSON MAY ABANDON TRIP

\$200,000 NEEDED FOR POLAR EXPEDITION HAS NOT BEEN ARRANGED FOR, AND GOVERNMENT MUST ACT

United Press Service

CHRISTIANIA, May 12.—Unless he should receive a further government grant, Captain Amundson announced today that he would be forced to abandon his forthcoming polar expedition.

To carry out his plans, he says, he will need \$200,000 altogether.

STRIKEBREAKERS DEPORTED TODAY

REGULAR TROOPS HUSTLE OUT GUNMEN WHO DID NOT WORK THERE, THOUGH ON THE PAY ROLLS OF COMPANIES

United Press Service

TRINIDAD, Colo., May 12.—The men of the regular army today deported six of the strike breakers from the Royal mine at Aguilar after establishing the fact that they had not worked there prior to the recent violence. Many of these gunmen are on the pay rolls of the different mines, and it is the intention of the officers of the regular troops to deport them all, laying the blame of much of the trouble to their presence.

The surrender of arms continues slowly, and forcible search for weapons will begin at 5 o'clock this afternoon, when the time limit expires.

No trouble is anticipated by the army officers, the only question to be settled is in the appropriation of the rifles, etc., owned by private individuals for general use.

The rebuilding of the Ludlow tent colony, which was fired by the gunmen and mine guards, when the lives of so many women and children were lost, has already been started.

PUNISHMENT FOR BRUTAL HUSBANDS

GERMANY WOULD IMPOSE INDEFINITE SENTENCES ON DRUNKEN BRUTES WHO HABITUALLY MISTREAT THEIR WIVES

United Press Service

BERLIN, May 12.—Indefinite sentences of imprisonment for habitually

drunken husbands who mistreat their wives and children are demanded by the Federated Women's Societies of Germany. At a meeting today of the organization it was decided to petition the government to legalize such form of punishment.

Numerous speakers agreed that there was no other way of combatting the constantly growing danger to the lives and morals of drunkards' families.

It is proposed that offenders shall be kept in prison so long as there is the slightest probability that they would abuse their liberty by committing further excesses.

The electrical equipment of a modern hotel requires about twenty motors, aggregating 165 horsepower.

Getting Ready to Work

Camps Are Being Established in Crater Lake Park

(Herald Special Service)

FORT KLAMATH, May 12.—The war department is now establishing a road camp at Wild Cat, near the southern boundary of Crater Lake National Park, from which to carry on the building of roads in the park this summer. Foreman Sparrows is in charge of the work.

By the first of June there will be about sixty men at work. Supplies are now being moved from Kirk into the camp, over the road constructed last year. A twenty-ton steam shovel has been unloaded at Kirk, and is now on its way into the park.

John Hessig was in Klamath Falls Tuesday attending to business matters. He drove down on the west side of the lake to look after his telephone line, and he reports the road in good condition, being free from snow and mud. Mr. Hessig is moving his store building from the south end of town to the center of this burg.

June 29-July 2 will be four big days

gala days—in Fort Klamath. A big celebration will be pulled off, which will include every conceivable sport, from the primitive war dances of the Klamath Indians to the twentieth century pastime of motorcycle racing. There will be horse races, foot races, bronk riding, bulldogging and roping contests, a street carnival, and no end of fun. A dance every night has been arranged for.

Joe Hessig and wife reached here yesterday from Beawick, Calif. They will make Fort Klamath their home this summer.

Mrs. Frank Denton and son have just recently returned from Crystal Point.

Bill Hosson drove into the Fort on Monday evening, with a two-ton capacity Reo autotruck. He brought it from The Dalles.

Dr. A. A. Soule was in Klamath Falls Tuesday, attending to business matters.
