SAGE TEA DARKENS HAIR TO ANY SHADE. DON'T STAY GRAY! HERE'S AN OLD-TIME RECIPE THAT ANYBODY CAN APPLY. The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmoth-

er's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out of date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe, which can be depended upon to restore natural color and beauty to the hair, and is splendid for dandruff, dry, feverish, itchy scalp and falling hair. A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it, and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant. (Paid Advertisement) There are two kinds of insurance.
