Frank Moran, Who Will
Fight Jack Johnson in Paris

The belief persists among sporting
men that Moran will whip Johnson,
and be hailed in a few weeks as the
champion of the world. No one un-
dertakes to say that he would have
beaten the old Johnson who met Jef-
fries. But Johnson has degraded him-
self since then. There is much doubt if
he can get back into his old form.
He is already older than was John

L. Sullivan when Corbett beat him in
New Orleans. While Moran is no
Corbett, he is strong, game and a
very hard hitter. He is the best
educated heavyweight the ring has
known since the Queensbury boxing
superseded the old London prize
ring methods. He is an intelligent,
manly, honorable fellow, and some
persons fear not ugly and rough
enough to make a champion. *

proceed to load your stomach with a
lot of drugs that excite the kidneys
and irritate the entire urinary tract.
Keep your kidneys clean like you
keep your bowels clean, by flushing
them with a mild, harmless salts
which removes the waste and stimu-
lates them to their normal activity.
The function of the kidneys is to fil-
ter the blood. In 24 hours they strain
from it 500 grains of acid and waste,
so we can readily understand the vital
importance of keeping the kidneys
active.

Drink lots of water—you can't
drink too much; also get from any
pharmacist about four ounces of Jad
Salts; take a tablespoonful in a glass
of water before breakfast each morn-
ing for a few days, and your kidneys

will act fine. This famous salts is
made from the acid of grapes and
lemon juice, combined with lithia,
and has been used for generations to
clean and stimulate clogged kidneys;
also to neutralize the acids in urine
so it no longer is a source of irri-
tation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot in-
jure; makes a delightful effervescent
lithia water drink which every one
should take now and then to keep
their kidneys clean and active. Try
this, also keep up the water drinking,
and no doubt you will wonder what
became of your kidney trouble and
backache.

Hog Cholera Sweeps
the Country Again

WASHINGTON, May 22.—The coun-
try is passing through the third ser-
ious epidemic of hog cholera, accord-
ing to the Department of Agriculture.

This year's loss of swine up to
date is estimated at 119 to every
1,000, which exceeds last year's
heavy loss of 119 per thousand.

Probably more than 90 per cent of
the loss was from cholera. In dollars
this loss amounts to the immense
sum of \$73,000,000.

This is the third serious epidemic
in thirty years. The first period
reached its climax in 1886 to 1887
and the ratio was 134 per thousand
head.

The second outbreak developed in

1896 and lasted until 1897 at the
rate of 144 per thousand. Iowa, the
worst sufferer of the present epi-
demic, which began in 1911, lost over
1,800,000 swine, more than a fourth
of the entire number of the state.

In the Southern States, usually the
heaviest losers from hog cholera, the
disease has abated somewhat but has
increased greatly in the northern
states.

The tendency of the three epi-
demics has been in a general way, to
move as a wave from south and east
to north and west. A reliable serum
and strict quarantine are the only
measures known with which to fight
the disease successfully.

CINCINNATI, May 22.—Ohio per-
sonal liberty advocates today form-
ally opened war on the movement re-
cently started for state-wide prohibi-
tion.

A huge demonstration was planned
for tonight, starting with a street
parade and ending with a big mass
meeting in Music Hall where the best
speakers at the command of the per-

sonal liberty forces will be on the
program.

It was estimated today by those in
charge of the parade that 35,000 men
would be in line.

The city has been divided into sub-
districts and marshals appointed for
each one. These marshals have made
it a point to personally visit every
man they believed would join the
demonstration and invite him to par-
ticipate.
