

Salvation Army Holds Big Meeting in London This Week

Every Nation Where Work Is Carried on by This Organization Will Have Delegates

United Press Service

LONDON, June 11.—"Onward, Christian Soldiers!" will be sung by 10,000 voices at the Royal Albert hall tonight, when General Bramwell formally welcomes the delegates to the decennial international congress of the Salvation Army. The meeting will mark the inauguration of the most cosmopolitan religious assemblage of modern times.

Since the congress of ten years ago, held in London, the banner of "Blood and fire" has penetrated to the uttermost corners of the world. Thirty-four different languages are spoken and fifty-eight countries represented among the 2,100 foreign delegates sent to the present congress.

All have brought their own distinctive flags, and many are attired in their quaint and picturesque native costumes.

It was planned that a special service would be held either before or during tonight's opening meeting, as a tribute to the memory of the Cana-

dian delegates who went down to their deaths on the ill-fated Empress of Ireland, on which they were coming here.

All grades of civilization and society have been drawn upon, from the red Indians of British Columbia and reformed drunkards of New York to educated Japanese and cultured Koreans, from former sun worshippers and devil dancers to officials of the British government, from converted murderers and conlawyers to authors, actors and university professors.

The largest contingent, some 3,000, comes from the British Isles. The United States is next with 600 delegates, in addition to four brass bands and a large party of friends and sympathizers, who came over on the Olympic in charge of Commander Eva Booth.

Among other countries represented with the number of delegates from each, are: Holland 254, Germany 175, Denmark 150, Sweden 100, Italy 175, Switzerland 75, France and Belgium 60, Australia 60, New Zealand 56, India and Ceylon 53, Norway 50,

Finland 49, South Africa 26, Japan 17, Korea 11 and South America 10. The regular daily meetings of the congress, which will continue for two weeks, will be held, beginning tomorrow afternoon, in a huge iron and steel structure erected for the purpose on "Aldwich Island" in the Strand, holding 5,000 persons.

This site was leased to General Booth by the London County Council on condition that the building was to be constructed, used and demolished within the space of three months. A little more than six weeks was required to build it.

A unique feature of the congress will be a battery of telephones on the stage, manned by a corps of expert interpreters, for the transmission of the speeches and proceedings to the various groups of non-English speaking delegates distributed throughout the hall.

Sectional meetings will also be held in outlying districts of London. In all more than 100 meetings are scheduled, forty of which will be conducted personally by General or Mrs. Booth.

American Polo Team Ready to Meet the Britishers

MAJOR BARRETT.

JOHN TRAILL.

CAPT. TOMPKINSON.

The American Polo Association has selected three old players in international contests to meet the British polo team at Meadow Brook Saturday, and one who has never played in such a contest. The two Waterbury and Milburn have had international experience. La Montagne, though he has not been in such a contest, has been in many important matches in the United States, and is considered a seasoned player capable of meeting the Britishers. The polo matches at Meadow Brook, Long Island, will attract many thousands. Society from many cities will, of course, be there in force. But society could not furnish more than one-fifth of the audience for which provision has been made.

GRANDMA USED SAGE TEA TO DARKEN HAIR

SHE MIXED SULPHUR WITH IT TO RESTORE COLOR, GLOSS, THICKNESS

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautiful dark, glossy, soft and luxuriant.

"Human Rosebuds" and Balloon Races Program

United Press Service

PORTLAND, June 11.—An impressive "Human Rosebud" parade in which more than 5,000 little boys and girls from all the public schools of Portland appeared in costumes, historical, allegorical and mythological, and gave human stories in dances and intricate evolutions, was held here today in connection with the Rose Festival.

Maypole dances and military drills were negotiated by the many divisions of children.

Under the auspices of the Agro Club of America, a number of the leading air pilots of the United States ascended in huge balloons here this afternoon in a struggle of endurance.

The gas bag remaining aloft the longest continuous period will receive a cash prize of \$3,000.

Be Fair

A month or two ago considerable unfavorable comment was made concerning the so called "strength of the electricity" being delivered in the city of Klamath Falls.

The Council invested in a voltmeter and put it on the lighting circuit.

There has been a conspicuous absence of any report of the findings of this instrument.

We think it might be interesting to the customers of electricity to know what the Council found.

They found that the instrument has not shown a registration of less than 110 volts.
