

## RE-CHECK GIVES BENSON BIGGER KLAMATH VOTE

### CARNAHAN FINDS FOUR FOR THE JUDGE

Errors in Second Ward and Wood River Precincts Returns on Tally Sheet Gives Benson Four More Votes—Deputy County Clerk De Lap Wires the Secretary of State of the Discovery.

With other counties in the state finding discrepancies in the precinct tally sheets and the county abstracts, Klamath county has also caught the fever, and comes to bat with an amended result in the Benson-McNary contest for the republican nomination for supreme judge. Last night Attorney J. H. Carnahan and Deputy County Clerk Chas. De Lap found two errors which will give Benson four more votes.

One of the errors is in the Second Ward precinct. In that precinct Benson received 95 votes, but the figures in the total were read as 93 by the canvassing board.

The second mistake was found in re-checking the tally sheets in Wood River Precinct. The vote was 35 for Benson, but on two of the tally sheets it was written as 33.

Deputy County Clerk Chas. De Lap has wired Secretary of State Ben W. Olcott of the mistake.

## THREE OTHER BANKS CLOSED

### LORIMER-MUNDAY HOLDINGS IN BAD SHAPE—DEPOSITORS OF CONCERN STAND IN LINE ALL NIGHT

CHICAGO, June 13.—Following the closing of the La Salle Street Trust and Savings bank yesterday, three others in which Lorimer & Munday were the prime factors, were closed by the bank examiners.

Crowds of depositors are swarming about the banks. The police are kept busy trying to move the angry people, who are struggling to enter the doors. The depositors, most of them working people, waited in line all of last night, and the police had to use their clubs to disperse the gatherings.

Women, wearing shawls and carrying babies, paced, sobbing, in front of the banks all night.

## Fourteen Inch Fall of Snow at the Rim

According to Park Ranger H. E. Momyer, who is here from Crater Lake National Park, there was a fourteen-inch fall of snow in the Park on Wednesday.

"This snow melted fast, however," said Momyer today, "and I believe it softened up the crust on the old snow and will hasten its departure. It is possible for buggies to get to a point two miles this side of headquarters. On the Medford side a closer approach can be made."

It is understood that Reidy is alleged to have impersonated a federal officer.

## MT. LASSEN IS ACTIVE AGAIN

### SULPHUROUS FUMES ARE POURING OUT OF THE MOUNTAIN. MEN RETURN FROM SEEKING PEAK ACTING UP

REDDING, June 13.—The six men who were missing near the summit of Mount Lassen at the time of the ferocious eruption yesterday, reached here safely this afternoon. They were within half a mile of the crater at the time of the eruption.

Stones the size of pumpkins fell around them. They deemed it useless to flee, as the volcano was more quiet, so stayed and took photographs. The eruption this morning was the worst yet. Ashes fell at the forestry station at Mineral, sixteen miles away. Supervisor Rushing, who heretofore has maintained that this was only a keyser action, this morning sneezed violently from the sulphur fumes, and admitted today that it may be a real volcano.

## PERCHERONS ARE FAVORED IN U. S.

Percheron are the favorite breeding horses imported by American breeders, according to recently gathered statistics just made public by the department of agriculture. Next in favor for importation are Belgium horses, with Clydesdale "also ran."

In 1913, 882 Percheron stallions and 600 mares were imported. Of Belgium 621 stallions and 362 mares were brought across the water to this country, while only 45 Clydesdale stallions and 29 mares were imported last year, and 128 Shire stallions and 57 Shire mares were brought in. The total importations for the year of high bred horses were 1,733 stallions, including ponies, and 1,264 mares.

## A Remarkable Photograph of General Huerta, General Villa and One of the Maderas, Taken When These Men Were Friends

At the extreme left of this photograph is shown General Huerta, now president of Mexico. At his left is Gerald Brandon, a war correspondent, now in Mexico. In the center, showing a profile view, is Emilio Madero, brother of the dead president, and at the right is General Villa. When the photograph was taken these men were friends. Now they are torn by differences which can never be forgotten by them. Villa is the chief military leader of the constitutionalists, who have vowed to shoot Huerta when they take him. Madero is the brother of the president, whom Huerta, Blanco and their followers killed in March a year ago, which assassination led immediately to the assumption of the presidency by Huerta. At the time this picture was taken Madero was commander of the corps of rurales under his brother. Brandon has no reason to love Huerta, since he has been twice imprisoned by that official.

## BETTING EVEN ON POLO GAME

### HIGHEST CROWD IN HISTORY FLOCK TO MEADOW BROOK TO SEE THE "MILLIONAIRE GAME" PLAYED

MEADOW BROOK, L. I., June 13.—Eager to see England and America struggle for the international polo trophy thousands on thousands of New Yorkers and sport lovers from a score of cities, by steam and electric train, by automobile and trolley car, thronged to the Meadow Brook park today for the first of the games which will settle supremacy for 1914.

Early in the day the first train loads arrived, and from then until the hour of the game they came in myriads, packing to suffocation the spectator stands which stretched unbroken in a long line along the expanse of smooth green turf, where men and ponies were to fight for the honor of their country and their flag.

Over the Meadow Brook Club house and over the gay marquees for the accommodation of the players and all along the rear of the grand stand bravely flew the Stars and Stripes and the Union Jack of the Britisher challengers.

In the field when the crowds ar-

rived yellow putted grooms walked the ponies of the teams along the side lines, redcapped groundkeepers moved about and waiters with black and shining faces scurried in perspiring streams to and from the red booths where refreshments for the throngs were provided.

It was barely noon when the last seat was filled in the stands, and more than 1,500 automobiles were parked near by.

Every one of the seven roads leading to the field was a solid stream of vehicles of all sorts. It was one of the biggest crowds ever seen at any similar event near New York. It and more than fit, to be compared to the jam at a world series baseball game.

New York Society with a capital "S" was there, the United States and Great Britain, Canada, Australia, France, Germany, all were officially represented.

Wagering was heavy along the club house veranda, the tingling uncertainty drawing out big money.

Odds were at evens, however, for the untried teams—as teams—made it anyone's game. That was the sentiment when the ball was tossed into play.

The Line-Up  
England—Captain H. A. Tompkinson, No. 1; Captain Leslie St. G. Cheape, No. 2; Major F. W. Barrett, No. 3; John Trull, back; Captain V. N. Lockett, substitute.  
America—Rene La Montague, No. 1; J. M. Waterbury, No. 2; Devereaux Milburn, No. 3; L. W. Waterbury, back; Malcolm Stevenson or H. C. Phipps, substitute.

## MOREY APPLIGATE HERE ON A VISIT

### LOCAL MAN TELLS OF EXCITING CONDITIONS IN MEXICO AFTER THE OCCUPATION OF VERA CRUZ BY U. S.

Morey L. Applegate, son of Captain and Mrs. I. D. Applegate, came in Friday evening from San Francisco for a week's visit with relatives. He recently returned from San Blas, Mexico, where he has been for the past three years as superintendent of two large plantations for the Pacific Coast Fruit company.

Following the landing of marines at Vera Cruz, conditions became very warm for Americans in Mexico, and Applegate was forced to leave. The boat in which he left San Blas was taken by a Mexican ship, and the crew and all of the passengers were held as prisoners for several days. They finally escaped on board an English ship and were brought to San Francisco.

Since then San Blas has been captured by the constitutionalists, and affairs have become quiet again. Mr. Applegate will return to Mexico to look after the business of his company about June 26th.

## NEBRASKAN SURE EXTENSION BILL WILL BE PASSED

### IN WIRE TO APPLIGATE, KINCAID HOPEFUL

Congressman From Middle Western State Wires That Under a Special Rule, Allowing But Two Hours for Debate, Measure Vital to Water Users Will Be Up for a Vote in a Short Time.

That all of the Middle Western congressmen are not opposed to the adoption of the reclamation extension bill, which would give the water users twenty years instead of ten to pay off the cost of projects, is shown by a telegram received this morning from Congressman Moses P. Kincaid of Nebraska by Captain O. C. Applegate.

In this, Kincaid predicts early passage for the bill under a special rule, allowing but two hours for debate. The telegram, received in response to a letter from Applegate asking the Nebraskan's aid for the passage of the measure, follows:

"Letter of 6th received. Extension bill is to receive consideration under special rule, two hours debate. To be reached probably inside of three weeks. Some opposition, but expect to pass it, and hope without any objectionable amendment."
