

VILLA-CARRANZA BREACH IS FAR FROM HEALING

VILLA MAY SEND DELEGATES TO NIAGARA

Owing to Washouts, Rebel Military Forces Are Unable to Commence Their Attack Upon Zacatecas. Overt Act Is Expected From Huerta to Force Uncle Sam to Step in and Get Him Before Rebels Do.

United Press Service
VERA CRUZ, June 20.—Huerta's plan is believed to be the committing of some overt act which will force intervention. Arrivals from the capital say he is merely awaiting the failure of mediation.

Mexican troops here are frequently jibing and insulting American troops. For the first time since the occupation by the United States, Huerta's troopers are pillaging the baggage on the trains from the capital.

United Press Service
NIAGARA FALLS, Ont., June 20.—The following statement was made today by a Mexican delegate:

"The Mexican consul at El Paso telegraphs that from private messages intercepted at Jaurez it is learned that there is no truth in the report that the Villa and Carranza factions have adjusted their trouble. Villa has issued a proclamation, addressed to the American people, in which he proclaims General Angeles as president of Mexico."

There is every prospect of a break in all the conferences upon the failure of mediation. Some hope that Huerta will weaken at the last minute and tell his envoys to accept America's proposition.

United Press Service
TORREON, June 20.—Villa and his staff are still here. Washouts have delayed the departure, and extensive movements of troops are impossible.

It was learned today that Villa is dissatisfied with the constitutionalist junta at Washington and the representatives at Niagara Falls, and intends to send his own delegates.

Among these is John W. Roberts, an American newspaper man to whom Villa has taken a fancy.

Hunt Club Meet Opens

United Press Service
PORTLAND, June 20.—Society turned out en masse to attend the spring meet of the Portland Hunt Club here this afternoon. The best horses in the city were entered in the various events, which included a quarter-mile dash for polo ponies, two-mile relay race, a quarter-mile dash for ponies with juvenile riders and a hurdle race.

Home From Grants Pass.

Philip Stills and sister, Miss Eliza Stills, have returned from an auto trip to Grants Pass. They report a splendid time and fine road.

FOURTH MAJOR LEAGUE LATEST PROPOSITION

United Press Service
NEW YORK, June 20.—After today's session of the National Baseball Commission, it was announced that a fourth major league has been practically decided upon. This, it is understood, will be completely organized this fall and winter.

"It is practically certain that a new major league will be organized," said Ben Johnson, president of the American League. "The circuit, it is planned, will be made up of four teams from the International League and four teams from the American Association."

WANTS TO GET HIS SAW BACK

CLAIM AND DELIVERY ACTION IS FILED IN CIRCUIT COURT AGAINST BONANZA SAWMILL OPERATOR

A claim and delivery action for the return of a circular saw, valued at \$80, was commenced in the circuit court this afternoon by Charles Horton of Dairy. B. F. Nichols, who operates a mill near Bonanza, is the defendant.

The complaint alleges that Horton loaned the saw to A. D. Slack, who afterwards sold the mill to Nichols. Horton says Nichols will not return the saw.

NEW THEATER TO OPEN WEDNESDAY

THE INITIAL PROGRAM AT THE ORPHEUS THEATER WILL CONSIST OF THREE VAUDEVILLE ACTS AND MOVIES

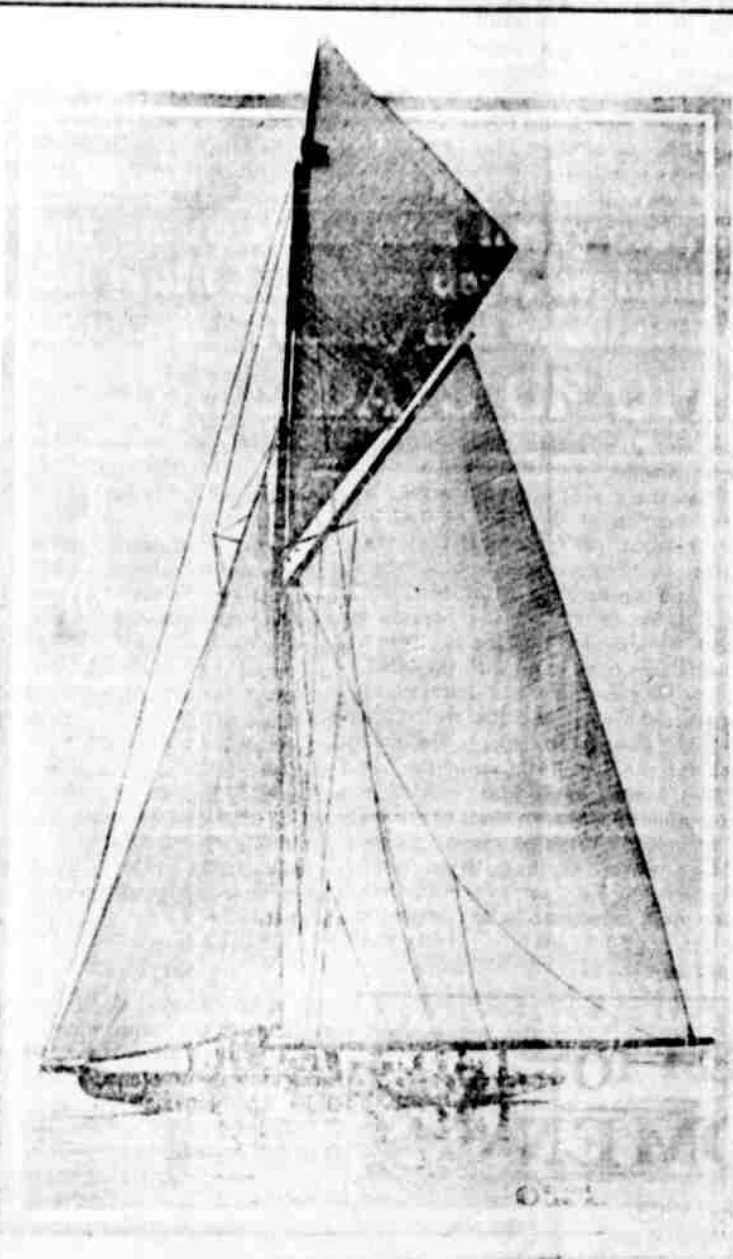

With the chairs located at last, Manager Archie Tindall announced today that the new Orpheus theater will open Wednesday night. The new playhouse is artistically decorated in red and cream, and has many new innovations in lighting, ventilating, etc. For the opening bill, in addition to the pictures, there will be three vaudeville acts. A six piece orchestra will furnish music.

"We do not intend to run vaudeville acts continuously," said Tindall. "But will have them from time to time."

D. Laps Return.

County Clerk C. R. De Lap and wife have returned from a visit with their son Chester at Ashland. Mr. De Lap is still vacationing, but it is believed that he will be back at the court house Saturday.

First Photograph of Shamrock IV.

Designed "exclusively for speed," Shamrock IV is not nearly so beautiful as her three antecedents. Nicholson, her designer, insisted on sacrificing beauty, for example, by cutting off ten feet of tapering grace in order that its weight might be saved. In comparison to the American contenders for the honor of defending the cup Shamrock IV seems a very formidable rival. Her mast tops that of the Defiance by seven feet, the Vanite by ten feet, and the Resolute by seventeen feet. In sail area, exclusive of balloon sails, Shamrock IV has about 10,000 square feet, while the Defiance has 9,800, the Vanite 9,400 and the Resolute 8,200. Yet Shamrock has less length over all than both the Vanite and Defiance and is only three feet longer than the Resolute.

FIRST COMMUNION CLASS TOMORROW "NEWS" IS NAME OF FORT'S PAPER

LARGE NUMBER WILL RECEIVE SACRAMENT OF EUCHARIST AT SACRED HEART CHURCH SUNDAY MORNING

Tomorrow will be a big day with the Sunday school of Sacred Heart church, for a large class will receive First Communion, and other children will make a renewal at this time.

Those in the class are Charles Riley, Garrett Konop, Edward Javerosky, Wallace Ardies, John Godard, Leodore Gerue, Albert Godard, Louis Gerue, Cecil Matt, Charles Maguire, John Schubert, John Andrews, Peter Moteschenbacher, Stanley Santamu, Joseph McDonald, Francis Provost, Perry Provost, Walter Hannon, Murray Hannon, Clarence Wight, Harry Bolvin, Mrs. Sadie Dreher, Margaret Schubert, Marie Davenport, Pearl Wight, Marie Carrie Wicat, Elizabeth Applegate, Ellen Konop, Kathryn McAndrews, Veronica McAndrews, Beatrice McAndrews, Lorena Ardies, Loretto Konop, Leona Gerue, Rose Godard, Mildred Wight, Ruth Bittinger, Harriet Lawrence, Anata Lawrence, Bessie Weeks, Irene Santamu, Bernice Provost.

The communion service will be at the 8:30 mass. After this, the communicants will be served a breakfast by the Ladies of the Altar Society. In the afternoon they will enjoy a picnic as the guests of Rev. Wm. McMillan, S. J., their pastor.

Andrew Kennedy is putting in machinery and a plant to manufacture bricks on Coos Bay.

The skyscraper limit has been raised at Portland from 160 feet to 200 feet.

Lumber shipments out of Columbia River ports aggregated 6,118,000 feet, and Coos Bay 9,316,000 for the last two weeks of May.

SPECIAL TRAIN SCHEDULE OUT

RODEO VISITORS BETWEEN HERE AND WEED AND BETWEEN HERE AND KIRK ACCOMMODATED BY RAILROAD

All arrangements for the special train to be operated between Weed and Kirk on the day of the opening of the Rodeo have been completed. The following schedule from Weed has been arranged:

Leave Weed at 6 a. m., Grass Lake 7:25, Bray 7:55, Mt. Hebron 8:20, Maedool 8:25, Dorris 8:45; arrive at Klamath Falls at 9:30.

After the train reaches here it will go direct to Kirk, to get the Chiliquin, Fort Klamath and Kirk crowds. It will leave Kirk at 11:15, reaching here at 1 o'clock. From that time it will be used in transporting the crowds to and from the Rodeo grounds.

WOOL GOES OUT BY THE CARLOAD

CLIP FROM ABOUT 50,000 SHEEP BEING SHIPPED NOW FROM KLAMATH FALLS AND FROM MIDLAND

The sheepmen are not near so worried now as they were before the Underwood tariff bill passed, for despite the dire predictions that were made about how the West would go to the bow-wows after wool was put on the free list, none of the sheepmen have received less than 16 cents a pound for their wool, and most of them above that figure.

The shipment of wool to market has started here, and every day there is at least a carload sent out. The clip of 50,000 sheep in Klamath, Lake and Northern California is being hauled to Klamath Falls and Midland for shipment. Among those shipping now are Dave Edler, Capt. I. D. Applegate, Connor & Murphy, Alex Fitzpatrick, Mulloy & Co. and Jack McAuiff.

TWO BALL GAMES SUNDAY'S CARD

AFTER THE MONTAGUE-KLAMATH FALLS HOSTILITIES, FEDERALS AND DAIRY WILL TAKE THE DIAMOND

Tomorrow afternoon at 2 o'clock, Tom Watters will announce the batteries for the Montague and Klamath Falls teams, and for the next two hours the local fans will witness the most exciting game of ball staged on the local diamond for many moons. At least, that is the way the dope figures. Montague has lost one game this season, and Klamath Falls has one defeat—a questionable one at that.

Tomorrow one or the other will be classed among those losing more than one game. Klamath Falls fans are certain the slim end of the score will be for the visitors.

All the loyal fans will be on hand to extend the proper amount of encouragement to the home team. Any way it can be figured, it will be some game.

Immediately after the regular game the Dairy Cowboys and the local Federals will stage a contest that ought to prove interesting.

Dairy claims to have a team entitled to meet the Klamath Falls first team, and Cale Oliver says his Federals, with their strengthened battery, will take care of the cowboys.

Looks like it might be a game worth seeing.

The McKenzie River hatchery is to be increased in capacity to 2,000,000 fish annually.

BUT IT WILL BE A LONG FARM WORKDAY

Soured pessimists, "human crabs" and knockers read no further. Provided it doesn't rain, tomorrow ought to be the best week-end of the year.

Besides being Sunday, and therefore a holiday for most of us, tomorrow will have fifteen hours of daylight, for it's the longest day of the year.

According to the government weather bureau officials and others of their ilk, Old Man Sol will be on the job longer tomorrow than he has been on any one day since a year ago.

Tomorrow the sun rises earlier and sets later than any other day in the 365.

O'DONNELL HEARS OF ANKENY CANAL

MEMBER OF RECLAMATION COMMISSION PROMISES TO TAKE UP THE MATTER WITH HEAD-QUARTERS

All phases of the Ankeny canal matter were discussed at last night's meeting at the Klamath Chamber of Commerce, when I. D. O'Donnell, of the reclamation service, was present. As a result, Mr. O'Donnell, who left this morning for Portland, promised to take the matter up with headquarters, and try to bring about the closing of the water way.

In addition, he discussed the twenty-year bill, the reclamation of swamp land and other important matters. Several local men also spoke on these matters.

DORRIS NOW ON LOCAL EXCHANGE

BUTTE VALLEY PHONE COMPANY LINES CONNECTED WITH THE BELL SYSTEM'S WIRES THIS AFTERNOON

(Herald Special Service)
DORRIS, Calif., June 20.—The final twist and splice connecting the Pacific Telephone and Telegraph company's lines with the Butte Valley lines was completed at 2:30 this afternoon. The first message over the newly connected wires went to the Herald office at Klamath Falls from L. R. Robertson, manager of the P. T. & T. Co.'s lines in this territory, who is in Dorris today.

This connection places Klamath county and the entire Butte Valley in close touch.

Loewe Is Back.

Albert H. Loewe, who left here two weeks ago to attend the Masonic Grand Lodge in Portland, and see the Rose Festival, returned last night. While away he ran down to San Francisco to give attention to business matters.

Ramsby Scatters Fish

Warden Delaying, Hatcheryman Takes Initiative

Many thousand rainbow and eastern brook trout, just now at the fingerling stage, are being distributed in Klamath county streams by Carey M. Ramsby, in charge of the Spencer Creek hatchery, and Phil Stills. The work was taken up by Ramsby today.

The trout, which were hatched out in the troughs at the hatchery, are now ready for distribution, and owing

AMERICAN GOLD IS GOING ABROAD TO BE LOANED

\$75,000,000 SENT OVER THE ATLANTIC TO EUROPE

Wall Street Men Explain That Money Is "Cheap in America," and There Are Chances for Higher Rates Abroad—The Government Plans to Loan Out.

United Press Service
NEW YORK, June 20.—The greatest gold movement in years has been going on in the export of the metal to Europe. Since January 1 approximately \$75,000,000 has been exported from America.

The last of an unprecedented government consignment of \$43,000,000 in gold was placed today in the sub-treasury, and bankers were notified that beginning Monday \$5,000,000 of this would be available daily.

The shipments abroad are in bars and bricks, and if made into dollars, the exported gold would reach from New York to San Francisco.

The Wall street men explain the shipments by saying that "money is cheap in America, and higher rates of interest are available abroad."

It is predicted that the lowering of the exchange rate abroad will cause much of this gold to return.

BERT WOODDEN DIES SUDDENLY

WELL KNOWN DODD HOLLOW MAN SUCCEUMS TO A HEMORRHAGE OF THE LUNGS ON THURSDAY MORNING

The Herald has just received word of the death of Bert Woodden, which occurred early Thursday morning at the home of his parents, Mr. and Mrs. R. S. Woodden, in Dodd Hollow.

Mr. Woodden was apparently in his usual good health, but was attacked with a fit of coughing, which was followed by the hemorrhage, and his death resulted in a few moments.

The funeral took place Friday from his parent's home, the interment being in the Merrill cemetery.

Mr. Woodden was about 42 years of age, and was a man of excellent character, and highly esteemed by those who knew him.

Colorado Derby Today

United Press Service
DENVER, June 20.—For the first time in four years the Colorado Derby, the principal stake event of all race meetings at Overland Park for years, will be run at Overland this afternoon. The management has offered a purse of \$2,000 for the event, the distance being one mile and a quarter. The record for this event is 1:51 2-5, made by Meadow in 1910, the last time the Derby was run.

Aircraft Have a Wreck

Dirigible and Aeroplane Collide 2500 Feet in Air

United Press Service
VIENNA, June 20.—During a demonstration of air crafts at the aviation field between Enzerdorf and Fischamend today, a military aeroplane rammed the Australian dirigible Paravel when about 2,500 feet in the air.

The aeroplane right-angled suddenly and crashed earthward, colliding with the dirigible, which collapsed and immediately took fire. The two

machines became entangled and dashed to the earth. It is believed that the steering gear of the aeroplane went wrong and the aircraft became unmanageable, causing the accident.

Seven occupants of the dirigible and two men in the aeroplane were killed.
