CHURCH PEOPLE TO RUN HOTEL

CHRISTIAN CHURCH CONGREGATION RENTS COMSTOCK—MRS. KELLER TO HAVE CHARGE OF THE DINING ROOM

In order to care for some of the crowd coming to attend the Elks' Rodeo, the Christian church has made arrangements to operate the Comstock hotel building as a hostelry during the three days of the celebration. This plan has been heartily approved by the Rodeo Association, as it provides for many who might otherwise not be able to get rooms.

Today the work of fumigating and otherwise preparing the building for company started. R. H. Dunbar is to be in charge of the hotel, while the dining room will be in the capable hands of Mrs. J. J. Keller.

Besides the hotel, the Christian church people will cater to the comfort of the people in another way. There will be benches, chairs and other conveniences for the free use of the tired public.

Field Agent Here.

E. A. Hamilton, field agent of Southern Oregon Conference of Seventh Day Adventists, is in the city from Roseburg. He expects to spend a week or more in the county.

Mrs. Richardson Worse.

Court Reporter R. M. Richardson left Sunday morning for Chicago in answer to a summons, stating that Mrs. Richardson's condition was worse.

England received more than a million dollars in taxes from the vast estate left by Mrs. Elizabeth Easton, who died recently in Yorkshire at the age of 95.

RODEO SEATS NOW ON SALE

BRISK DEMAND EVER SINCE THE SALE OPENED THIS MORNING. PART RESERVED FOR THE VISITING CROWDS

Those who desire to reserve seats in the grand stand for the Rodeo should do so at once, as the sale began at 10 o'clock this morning, and the seats are going fast.

Five entire rows, which have replaced the boxes and contain 800 seats, have been numbered and reserved. These sell for 50 cents each. Three hundred of these will not be placed on sale until after the arrival of the special train Friday morning. In addition, there will be 4,000 general admission grand stand seats, which will sell for 25 cents each. These seats are just the same as the others, but are not reserved, and will be filled by those arriving at the grounds early.

The general admission to the grounds is 50 cents. A special rate of 25 cents for the round trip from the depot to the grounds has been made by the Southern Pacific, provided round trip tickets are purchased before entering the train. In addition boats and barges will operate on the lake.

Here for the Rodeo, Etc.

Mr. and Mrs. Levi McDonald and little daughter Jo arrived this afternoon from Bonanza. Levi came down to attend court, but Bird came for the Rodeo.

After having worked for one farmer for twenty-five years without being paid anything and without asking for it, George F. Brown has entered a suit in Canton, Ohio, for \$9,000 back pay. In his petition he said he had not had a pay day for twenty-five years, and that he feared his employer was trying to cheat him.

Yreka Takes Game by Very Lopsided Score

By W. L. DUHL

Before the largest gathering of fans this season, Callahan's salaried champions defeated the Klamath Falls team Sunday afternoon by a score of 13 to 5.

A few local people are growing about the poor showing made by the home team—these same growers, by the way, are mostly people who have not paid a cent toward the support of the team—and to those I'd like to call attention to a few scores in the Pacific Coast League:

June 2, at Portland, Portland 17, Sacramento 5; at Oakland, June 11, Oakland 16, Portland 3; at Los Angeles, June 19, Los Angeles 11, Venice 1; at San Francisco, June 27, San Francisco 15, Venice 1.

Another thing that I would like to call attention to is the fact that Venice, on the short end of the Los Angeles-Venice 11-to-1 and the San Francisco-Venice 15-to-1 games, is at the present time leading the Pacific Coast League.

These are just a few of the games in the big brush where the scores were more one-sided than Sunday's game here.

Yreka has an all-salaried team. Our boys, who are all working for a living, play ball for the love of the sport and out of loyalty to the city.

Yesterday Jimmy Foster hurled to the best aggregation of sticklers outside of organized ball. Our boys faced a pitcher who, for six years, has made a living pitching ball. Just consider a few things before panning the boys too hard.

When Weed comes over for the big games the Fourth and Fifth, the boys will be in better practice, with a change or two, possibly, that will strengthen the batting order.

Klith Ambrose, than whom a more loyal worker never donned a mitt, will welcome Motschenbacher with open arms if it will strengthen the team to have Motsy catch one of the games.

Every player stands ready to make the move that will help us in the struggle that is sure to be ours when we hook up with Caven's aggregation.

With good, hard practice this week the boys will, I believe, be in shape to make the Weed games worth while seeing.

Here's how it happened Sunday:

Governor Takes Hand in Relief of Salem

In the handling of the relief funds, etc., and the proper protection of the people of the stricken city of Salem, David J. Walsh, new governor of Massachusetts, has shown marked executive ability. As soon as the fire began to sweep the city Walsh put the city under martial law and ordered out the militia to do patrol duty, with orders to shoot looters on sight. Then he at once began work for the relief of the needs of the people.

MAY ROBERTS WINS A MEDAL

INTERESTING CONTEST WAS HELD SUNDAY AFTERNOON AT ST. CLOUD—LARGE CROWD IN ATTENDANCE

The fourth of the series of silver medal contests by the W. C. T. U. was held Sunday at the home of Commodore Alex Noeler, near Shippington. The medal was awarded to Miss May Roberts.

The contestants were greeted by a crowded house, and it was estimated that close to 200 were there, and listened to the rendition of the prize selections. Miss Nellie Montgomery, who won

the contest held at Round Lake, gave her reading while the judges were grading the others. Commodore Noeler, dressed in costume, gave a rendition of "The Tramp," which was heartily applauded, and he responded with a temperance song. The medal was presented by Elder Hartan in a well worded address. A vote of thanks was extended the commodore for his hospitality and to the Caldwell sisters for music furnished.

When you buy a 2-cent stamp at the postoffice, you are paying a big price for a square inch of prettily colored gummed paper—if it's only paper you want. But you are buying something else. You are paying for SERVICE which will carry your letter from Klamath Falls to any city in the United States.

When you buy a kilowatt of electricity from the California Oregon Power Company, you get with it a commodity which is not measured by the meter, but which costs a great deal more than the kilowatt of electricity. This commodity is SERVICE.

Service is the kilowatt of electricity delivered to you when, where and how YOU want it, not when, where and how it is convenient for us to give it to you.
