Two well known Klamath couples were married last evening. In both cases, only a few were present at the ceremonies.

At the home of Justice of the Peace E. W. Gowen, the judge last night performed the ceremony uniting Walter W. Donart and Dorothy E. Moody. Miss Lottie Sly was bridesmaid, and W. D. Miller best man.

The couple will reside here, where Mr. Donart, who is a graduate of the Klamath county high school, is associated with his father in business. In addition, he is also an expert tax-idermist.

Just a few friends were present, in addition to the relatives. This morning Mr. and Mrs. Perkins left for Walla Walla, where they will reside.

The German Treasure Ship Which Fled Back to America

For four days the Kronprinzessin Cecile, the German treasure ship with more than \$12,000,000 on board flew back towards the United States pursued by a French cruiser, it was thought. She had nearly reached the Irish coast after leaving New York on Thursday, July 30th, when she got warning to turn. Her commander, Captain Charles Polack, placed her under forced draft, despite the fact that his coal was low. Time and

again the passengers begged him to slow up in the fog and he seemed to heed them, but soon the vessel was going at greater speed than she ever made before.

The captain had just coal enough to take him to Bar Harbor, Maine. Once in an American port he was safe. The passengers, among whom were many prominent Americans, were thrilled with their flight, and had little else to talk about.

According to tales from Poe Valley, there has been a little trouble between the two on account of Roberts' cattle getting on Provo's land.

MAY INVESTIGATE BOOST IN PRICES

UNNECESSARY RAISE IN ALL FOODSTUFFS IS SUBJECT OF MUCH COMMENT AND WHOLESALE-SELLERS MAY SUFFER

United Press Service WASHINGTON, D. C., Aug. 12.—Much pressure is being brought to bear to have congress take action in regard to the increase in the price of foodstuffs.

Many congressmen declare that the increase is entirely unnecessary. They claim that the wholesalers are taking advantage of the conditions in Europe and are using the war as an excuse to squeeze the public.

The attitude of the department of justice indicates that action may be taken under the Sherman act to crush the conspiracy.

FLAGPOLE IS USED AS A BILLBOARD

NOVEL ADVERTISING SCHEME IS INAUGURATED TODAY BY THE MANAGEMENT OF THREE THEATERS

For originality, the advertising proposition which John V. Houston, manager of Houston's Opera House, the Star Theater and the Temple Theater, put across today stands in a class by itself. This is nothing else but the converting of a flagpole into a billboard.

When the flagpole was erected in the courthouse yard by private subscription raised by Sheriff Low, there was made necessary a splice at the base of the pole. To cover this, Houston had built around the base of the pole a large square cabinet-like affair, nicely varnished, and with a silver frame inset on each side.

Today, on three sides of the cabinet base there were put up signs for each of John's three theaters here. Under each was put an announcement on colored poster regarding the attraction there.

The fourth frame will be utilized as a bulletin board by the Herald. That the public is interested in the Herald's daily war bulletins is manifested by the large crowds gathered around them, and the fact that any delay in posting them brings a small army to the Herald office to learn the cause of the delay.
