

# JAPAN GETS INTO THE GAME STRONG

## Not Much Change in the Alignment of Armies in Europe

### NIPPON SAYS GERMANY MUST QUIT CHINESE CITY

#### China Looks Upon This as Jap Move to Get Foothold

#### CONGRESSMAN PRESENTS RESOLUTION TO HAVE BRYAN PROTEST THIS MOVEMENT BY JAPANESE

**United Press Service**  
**TOKIO, Aug. 17.**—Japan has issued an ultimatum to Germany that she must by noon, August 23d, decide whether Germany will abandon the port and city of Sing Tau, in the province of Kiauchau, China, or go to war with Japan.  
 Japan assures America that she proposes to wrest from Germany the kaiser's Far Eastern possessions, and eventually restore them to China.  
 Today the Japanese fleet is completely manned, and several corps of the army are aboard transports, which are stocked with provisions and have steam up.  
 It is expected that Germany will refuse to comply with the ultimatum.

**United Press Service**  
**WASHINGTON, D. C., Aug. 17.**—Congressman Brittin of Illinois today introduced in the house a resolution directing Secretary of State Bryan to protest against Japan, because of the ultimatum issued to Germany. He stated that this move on the part of Japan looks like a "warlike step."  
 "In this way," he said, "Japan plans to gain a big hold on Chinese territory. America should see that the territorial entirety of China is unbroken."  
 The resolution directs Secretary Bryan to inform Japan that America "views with concern the transfer by force of arms of any Chinese territory to Japan or any other foreign nation."

### Booth to Speak Here

#### Republican Nominee for Senator Here Wednesday

WILL ARRIVE FROM LAKEVIEW AND HOLD MEETING THAT EVENING. MEETINGS ALSO AT FORT KLAMATH AND MERRILL.

Robert A. Booth, republican nominee for United States senator, and a Southern Oregon pioneer, will arrive Wednesday from Lakeview to stump Klamath county. Wednesday night he will address a public meeting at the opera house; Thursday he will speak at Merrill, and Friday at Fort Klamath.

Robert A. Booth

In the early days Booth conducted a store at Yoncalla, in Douglas county, and he is well known to nearly all of the pioneers. In after years he devoted his attention to lumbering, the result being the Booth-Kelly Lumbering company, one of the biggest concerns in the state. Mr. Booth has retired from the active management of the concern.

#### Human Side of "War Lord"

Despite the fierceness of the "War Lord," who is now trying to devastate Europe, he has a human side. He has many recreations besides making plans for war. This photograph shows him in one of these moments. A favorite pastime has been sailing about the Baltic and North Sea in his magnificent steam yacht, the Hohenzollern. In fact, the kaiser is an enthusiastic yachtsman.  
 Several times it has been reported that he might challenge for the America's cup, but he has been too busy for that. His yacht, the Meteor, has sailed against many smaller American and British yachts in the waters about Germany and Great Britain.

#### "5-10-15 CT." STORE TO OPEN

TACOMA MAN IS PREPARING FOR BUSINESS HERE. IS CONNECTED WITH INDEPENDENT CHAIN OF STORES

A five, ten and fifteen cent store is to be opened in Klamath Falls. C. T. Clingenpeel has leased the store room in the Bristol building, near Third street, and will have the new business open to the public by September 15th. His family will soon arrive to make Klamath Falls their home.  
 Mr. Clingenpeel is here from Tacoma. His store will be connected with the independent chain of five, ten, fifteen cent stores, and his buying will be with that concern.

"Kuyk" Is Lucky  
 Eugene Guard: Nine deer in seven days is the best hunting record reported so far in this season, made by Dr. Eberle Kuykendall, Del Kuykendall, Al Kent and Charles Beckley, a party which returned today from a trip to the Umpqua River valley. Packing their camp equipment on burros, the party went eighteen miles beyond Elkton, on the Loon Lake trail. A couple of days were required to make the trip in and out. A considerable quantity of jerked venison was brought back by the hunters. Al Kent is Mrs. Kuykendall's half brother, and Del Kuykendall is an attorney of Klamath Falls.

India's financial difficulties have caused serious embarrassment to the pearl market.

### A. P. Hutchens Killed When Elevator Drops

**The Dead—**  
 A. P. Hutchens.  
**The Injured—**  
 Frank Duffy,  
 Tom Duffy,  
 Fred Brown.  
 One man killed instantly and three others more or less injured, was the result of an unaccountable drop by the elevator at the Farmers' Implement & Supply House, at 3:15 this afternoon.  
 A. P. Hutchens, the Duffys and Brown had just loaded a wagon on the elevator at the second floor, and were just starting down when the drop came, sending the elevator and its load into the basement. Hutchens was between the wall and the wagon, and it is believed that he was crushed by the wagon's movement. Four of his ribs were fractured, and he was otherwise injured.  
 Coroner Earl Whitlock took charge of the remains.  
 Brown and one of the Duffys were taken to Blackburn Hospital by Drs. Cather & Johnson. It was found that Brown had cut the entire length of his chin, requiring several stitches, and his right ankle and right arm were also hurt. A tooth was driven through Duffy's lip.  
 The cause of the accident is unknown. The cable was intact after the fall, so it is a supposition that the drum became released.  
 Mr. Hutchens has resided in Klamath Falls for many years, and he leaves a family. He was at one time in the wood and ice business, but for the last six or eight months has been connected with the Supply House.  
**Will Lose Moustaches**  
 Hairs on the upper lips of John Siemens and Jimmie Lytle will be as scarce as the Belgian hares are since the war, after the members of a certain Spring Creek party of vacationists return. The two young social leaders spent Sunday at the camp, and they were warned, upon departing, that the sparse growths on their upper lips, which they have so jealously guarded from frosts, rough towels, hot soup and the cutting remarks of the envious, must come off before the campers return.

### GREECE AND TURKEY TALKING SASSY; GERMAN LINE PUSHED NEARER NAMUR; FRENCH MOVE

**United Press Service**  
**LONDON, Aug. 17.**—Athens advices say Greece has demanded an explanation of the report of Turkish troops crossing Bulgaria toward Greece. It is announced that if Turkey is moving, Greece will accept the issue.  
 Late in the day Greece virtually issued an ultimatum to Turkey, following the earlier warning that if Turkish troops are already in Bulgaria, Greece will act with her army and navy. The mobilization is now complete.  
 One of those referred to the destructive effect of the "Allies" artillery in the Mulhausen country. This indicates the French and English are fighting together.  
 A late bulletin announced that the French advance has repelled the Germans south of Mulhausen. This once the superiority of the French gunners is having its effect.  
 One bulletin has the following: "The French fleet has swept the Adriatic far north of the Gulf of Cattaro, the best harbor there, which the French now dominate."  
 "The fleet sank a few small Austrian cruisers."

**By Karl von WIEGAND (Berlin Correspondent United Press) (Copyright by United Press)**  
**THE HAGUE, Aug. 17.**—The kaiser personally wrote an acknowledgment of Wilson's mediation tender, and handed it to Ambassador Gerard. He acknowledges receipt of the note, but makes no promise.  
 The kaiser received Gerard in the palace garden Wednesday, and after shaking hands, conferred for an hour. The kaiser was solemn and earnest, and after hearing his visitor out, he wrote his reply.  
 Wilhelm reiterated his declaration that he has always sought peace, and blamed Russia for the trouble. He thanked Wilson and said the offer would be considered.

**United Press Service**  
**BRUSSELS, Aug. 17.**—The German infantry, in an irregular line, covers the eastern Belgian frontier, and the German cavalry is active.  
 An admission that the German line has been pushed forward toward Dinant, fifteen miles from Namur, is regarded significant.  
 Late today the German advance is reported halted.  
**United Press Service**  
**LONDON, Aug. 17.**—The war situation is tense. The bulletins issued by the government refer to more movements in Alsace, and less in Belgium.  
 One of those referred to the destructive effect of the "Allies" artillery in the Mulhausen country. This indicates the French and English are fighting together.  
 A late bulletin announced that the French advance has repelled the Germans south of Mulhausen. This once the superiority of the French gunners is having its effect.  
 One bulletin has the following: "The French fleet has swept the Adriatic far north of the Gulf of Cattaro, the best harbor there, which the French now dominate."  
 "The fleet sank a few small Austrian cruisers."

### May Locate Bakowski

#### Tripod Is Found Some Distance From Lake Rim

The finding of a tripod three-quarters of a mile from the rim of Crater Lake yesterday has brought the mysterious disappearance of B. B. Bakowski, a Polish photographer, again to the limelight. Another search is to be made for the remains of the missing man, who has not been seen since he entered Crater Lake National Park in the winter of 1911.  
 The tripod, which shows the effects of exposure to the weather, was found about three-quarters of a mile from the rim of the crater by an employe of government construction camp No. 5. The man was wading from Sand Creek to the rim when he made the discovery.  
 By the time he reached the rim, the day was too far gone to permit a search, but this is being made today, or will be made tomorrow or during the week.  
 J. W. Baile, who saw Bakowski before he entered the park, says that the tripod just found resembles very much the one Bakowski had.  
 Bakowski made the trip to the park in January, 1911, to get some winter pictures of the lake. People here and at Fort Klamath urged him to take a companion or guide, but he spurned their offers, making the trip on snowshoes, and dragging his effects on a sledge. When he did not return, search was made and his sledge, blankets and food were found between the headquarters and the rim. It is supposed that Bakowski stepped out on an overhanging shelf of snow, which collapsed beneath his weight, precipitating him into the water over a thousand feet below.
