Third Year—No. 2,401

KLAMATH FALLS, OREGON, WEDNESDAY, OCTOBER 7, 1914

Price, Five Cents

ENGLAND THINKS GERMANS TRYING TO REACH COAST

INDIA CAVALRY IS RUSHED TO THE NORTH

Early Asiatic Horsemen Will Receive Their "Baptism of Fire" Against the German Host, Where Uhlans and Landwehrs Are Attempting a Flanking Movement—The Report Sounds Very Significant.

United Press Service
LONDON, Oct. 7.—Realizing that the German right in France is seriously threatening British communication with the coast, the British are energetically making efforts to check this movement.

It is reported here that the Indian cavalry, just arrived, has been ordered to action. These dashing troopers will have their "baptism of fire" against von Kluck's and von Boehm's commands.

The war office has great faith in them. It is believed that they will be able to check the flanking movements of Uhlans and German automobile batteries.

There is no great alarm here, although it is admitted that the German right is gaining.

Civilians Show Some Anxieties

United Press Service
LONDON, Oct. 7.—Non-military circles are anxious regarding the situation in France. The optimistic attitude of the war office last week aroused expectations which have not as yet been fulfilled.

It is admitted that the entire British expeditionary forces, including the Indian regiments, are in action.

Cholera Spreads Through Hungary

United Press Service
LONDON, Oct. 7.—A Venice dispatch to the News states that cholera is spreading throughout Hungary. Officials are alarmed.

The schools at Budapest have been closed in fear of an epidemic.

GERMAN CRAFT IS SUNK IN NORTH SEA

United Press Service
THE HAGUE, Oct. 7.—It is announced that a German destroyer was sunk in the North Sea by either a mine or a torpedo. The location of the occurrence is withheld.

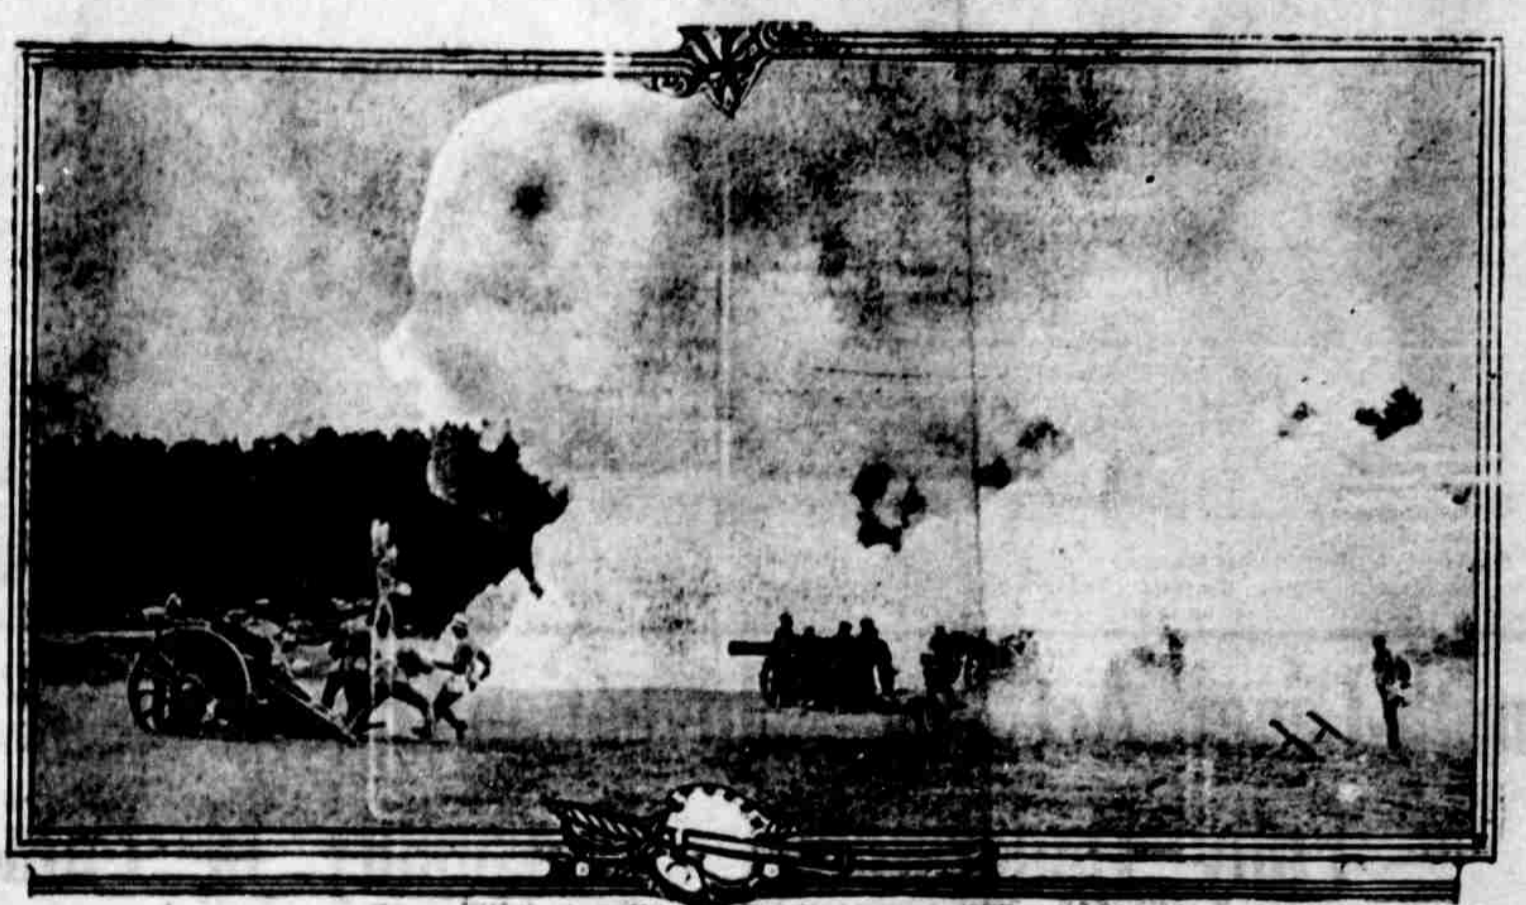

The crew of the wrecked craft was saved by a German cruiser.

Yes Fans, by Innings

Herald's Big Scoreboard Will Show Series Games

"Gonna give the world series results!"
Again the Herald staff is being besieged with this question from the rabid fans, so to settle all anxiety in this matter, let it be known that the Herald, as usual, intends to give the results of the games right hot off the bat, posting the result of each inning as it is played. The big score board will be posted in the court house yard as usual, and for the time the games are in session, will be the shrine for all the followers of the national game.

British Artillery in the Battle of the Aisne

This photograph of British artillery in the battle of the Aisne, which experts are beginning to say will go down as the most stupendous military operation in history, shows the difficulties under which the enemy labors, at times, in trying to locate guns. After the discharge of these guns immense columns of smoke arise, obscuring them. Inasmuch as they are constantly discharging they are enveloped in smoke, and it is very hard to make a target of them so as to destroy them or the gunners.

Turkey Said to Be Ready for Battles

United Press Service
BERLIN, Oct. 7.—(By wireless)—It is announced that the Austro-German situation is hopeful.

It is reported that the Russian ambassador at Constantinople is furious because of the embargo on Russia's export grain trade and the importation of arms.

It is expected that the Turkish navy, lately increased, will soon attack the Russian Black Sea fleet, and that the Turkish troops will soon attack the English because of the British suppression of the khedive's rights in Egypt.

300,000 Lost Is German Estimate

United Press Service
ROME, Oct. 7.—Berlin dispatches estimate the German casualties thus far at 300,000.

Reception to Pastor.
The members of the Methodist Episcopal church will tender a reception on Thursday evening at the church to their pastor, Rev. E. C. Richards and wife. A fine program has been arranged, and refreshments will be served. A cordial invitation is extended to all members of the church and their friends.

All arsenals in Italy are working triple their usual forces.

TO KEEP BOOKS BY MACHINERY

FIRST STATE AND SAVINGS BANK
INSTALLS DEVICE WHICH ABSOLUTELY ELIMINATES ANY DANGER OF ERROR

A bookkeeping machine has just been installed and satisfactorily tested at the First State and Savings bank, and will be used hereafter in the keeping of the accounts of the customers. This device adds the deposits, subtracts the values of checks drawn and prints the new balance in a remarkably short time.

According to the officials of the bank, there is absolutely no chance of error in this way. This type of machine, the first in Southern Oregon, is being used by the leading banks of the nation, and reflects greatly to the progressive spirit of the local institution.

WELL KNOWN PAIR "DADDY AND HIS BOYS" IN TOWN

JOSEPH POSPISIL AND MAY K. HAJICEK ARE MARRIED THIS FORENOON BY REV. J. S. STUBBLEFIELD

A romance of several years' duration came to a happy culmination this morning, when Rev. J. S. Stubblefield united Joseph Pospisil Jr. and May K. Hajicek in the bonds of matrimony. The ceremony was performed at the Presbyterian Manse.

The couple were for years residents of the Bohemian colony at Malin, in which their parents have been prominent. For a couple of years the bride and her parents have been living in Klamath Falls, and the groom has been here, connected with the White Pelican hotel for about the same length of time. Both are favorably known both here and in Merrill and Malin.

LIVE WIRE COMBINATION IS IMPRESSED WITH KLAMATH FROM THE JUMP, AND LOOKS FOR BRISK BUSINESS

"Daddy and his boys are here. Some people may not have heard of them, so a little introduction is in order. "Daddy" is C. J. Gariand, a past master at the art of instilling "pep" into the business of merchants, known all over the West for his up-to-the-minute methods, and the "boys" are Chester Armstrong and F. J. Sheridan, equally versatile at this business rejuvenating game.

The trio arrived last night from Seattle under a special contract with The Herald. They will soon be making their cheerful calls at the more prominent business houses. Watch for them and their announcements through The Herald.

"This is one of the brightest towns I've ever had the pleasure of visiting," said "Daddy" this morning, after giving Main street the "once-over." "With that new court house and library going up, to say nothing of the work on the city hall, and the industrious air noticeable at all of your bright, inviting business houses, it doesn't look to me as though Klamath Falls is in the throes of any panic or that there is a growth of cobwebs over the business men here. You can always judge a community by the type of its business men—and in this respect Klamath Falls is second to none."

Oppose Proposed Laws

SACRAMENTO, Oct. 7.—The Farmers' Protective League of California, representing thirty counties, met recently in California and adopted plans to oppose the proposed universal eight hour law, the home rule in taxation proposal, the water commission act, and several other measures that were declared to be detrimental to the interest of agriculture in California.

Elks to Entertain

The monthly "ladies' night" given by Klamath Falls Lodge No. 1247, B. P. O. E., will be held tomorrow evening in the club rooms. Special plans have been made for the entertainment of the fair guests.

Fleets of Great Britain and France are Bombarding all the Fortified Positions of Austria in the Vicinity of Cattaro in Dalmatia.

GERMAN RIGHT STILL GAINING

United Press Service
BERLIN, Oct. 7.—(Wireless via Sayville)—It is announced that a co-operative move by von Kluck and von Biehm's armies has compelled the French left to retreat considerably. The allies withdrew men from the center to reinforce this wing and avert disaster.

According to official report, the German offense on the right wing is constantly increasing in its effectiveness. The French are being repulsed and are being enveloped.

It is stated that the German troops have been withdrawn from Sou. Mithel, because they are needed elsewhere, and that the French re-occupied this position.

United Press Service
PARIS, Oct. 7.—A late bulletin from the front this afternoon says the Germans continue their enveloping movements in the northwest of France.

Antwerp's Fall Is Expected Quickly By the Germans

United Press Service
BERLIN, Oct. 7.—(Via Wireless)—The general staff announces that the capture of Antwerp in a short time is certain. It is stated that the forts at Kessel and Brochem have surrendered, after being battered by the big siege guns.

It is stated that the bombardment of the inner ring is being rushed. The general staff is confident that the Belgians will not resist much longer.

The staff says the German successes are uninterrupted on the western wing in France, and that the French are gradually being driven back.

German Vessels Are Damaged

United Press Service
TOKIO, Oct. 7.—It is reported that the German unprotected cruiser Cormoran and two gunboats were damaged by Japanese shell fire at Kiao Chau, and were beached to prevent sinking. The Japanese and British warships continue the bombardment. The harbor forts have been damaged to some extent.

Third Hohenzollern Is Hurt in Fight

United Press Service
THE HAGUE, Oct. 7.—Prince Eitel Freiderich, the second son of Kaiser Wilhelm, has been wounded in the knee, and has been taken to the rear for treatment, according to dispatches received tonight.

Censorship will not permit the message to show where the prince was when wounded. It is stated that he fell from his horse while leading a charge.

This is the third member of the Hohenzollern family to be invalidated during the war.

United States to Have Dirigibles

United Press Service
NEW YORK, Oct. 7.—Local aircraft builders say that America has ordered two war dirigibles as a result of the European war. Colonel Sam Reber three weeks ago reported the result of his investigations abroad, and recommended the dirigibles.

Bonus for Tuber Seed

CORVALLIS, Oct. 7.—By growing known varieties of potatoes free from disease pests Oregon farmers may secure a reasonable bonus from California growers who want the potatoes for seed. In the San Joaquin delta region 40,000 acres of potatoes are grown annually, and the growers are anxious to get reliable sources of seed supply in Oregon, and if the right kind of reputation is made for the Oregon product considerable quantities will find a ready market at Stockton. At the present time much of the crop that goes from Oregon is said to be a badly mixed lot that shows no indication of selection of desirable types.

"Serious losses resulting from the inroads of fungus and insect pests led to a potato emergency conven-

tion, which was recently held in Stockton," said Professor F. D. Bailey of the Oregon Agriculture College plant pathology department, who attended the convention. "At the close of the convention a permanent organization to be known as the Pacific Coast Potato Growers' Association was effected, and a resolution passed unanimously asking the potato growers of Oregon and other Western states to join in the organization."

"Oregon growers have a fine opportunity here, and it is to be hoped that some action will be taken to profit by it."

Plans for organizing this work will be considered during convention week at the college, November 29 to December 5, and it is altogether likely that steps will be taken to meet the demand for Oregon-grown seed potatoes.

The Mutual Girl and Her Auntie

Many people in our city of Klamath Falls will no doubt wonder why we use the above caption, "The Mutual Girl and Her Auntie." Well, "Daddy" will tell you why. Every business concern in this city is going to be given an opportunity to meet "Daddy" or one of "His boys," and some one of them will explain the reason why we are using this caption in the talks in The Herald.

In behalf of this paper, all we ask is a few moments of your time, and we are quite sure that there is not a business concern in this town that will not be interested in what we will show you, and it does not cost a single cent to learn about it.

We are going to give every business concern in Klamath Falls an opportunity to see this, and then it will be up to them to decide upon the merits of "Daddy" feature, as to whether they wish to make a contract or not, for some new and live features in advertising in their leading paper—The Herald.

We cannot take all of the business interests into this plan with us, although we shall give all an opportunity to come in with us, and it will be the old proposition—"First come, first served."

Remember the two objects in advertising are to sell goods, immediately, or to create prestige or good will.

Should any person be interested in this feature and wish to make a contract, phone or address the office of The Herald, and they will send "Daddy" or one of the boys down to see you at once, although we do not want to miss one.

(Continued in The Herald tomorrow)
