

BATTLE LINE IS FROM WARSAW TO PRZEMYSL FORTS

FIGHTING SOUTH OF THERE ALSO CONTINUES

Dispatch From Spain Says Portugal Has Declared War Upon Germany. Official Bureau Gives This Out, But Will Not Vouch for Its Veracity. Boers Reported as Supporting England—Other War News.

United Press Service WASHINGTON, D. C., Oct. 14.—The following cable has been received from Petrograd: "Battles have begun on a line extending from the country around Warsaw, along the rivers Vistula and San, to Przemysl. Fighting also continues further south than Przemysl, and to the River Inster. The East Prussian situation is unchanged."

United Press Service LONDON, Oct. 14.—A Madrid news agency dispatch, unconfirmed officially, says that it is reported that Portugal has declared war on Germany. The official press bureau permits the publication of the dispatch without any guarantee of its authenticity. It is stated that in most of South Africa the Boers are pledging opposition to Colonel Maritz. Cape Town officials are unable to estimate the strength of Maritz's force. It is admittedly formidable, however. The number of Germans is unknown.

Pitcher Bush Wins, Anyway

United Press Service PHILADELPHIA, Oct. 14.—Pitcher Joe Bush of Connie Mack's aggregation has it over the balance of the members of the Athletics in one respect, at any rate. He was married this afternoon to Miss Sylvia McMahon, a pretty little 18-year-old Philadelphia miss.

The Young Men's Christian Association of Brooklyn announces the receipt of a gift of \$300,000 from John D. Rockefeller. The association is conducting a campaign to raise \$2,750,000 for new buildings.

General von Moltke, the New War Chief of Germany

A report from Berlin has it that General von Moltke, nephew of the famous man who managed the war of 1870 against France, has been deposed from the position of chief of the general staff, and that General Voigts-Rhetz, hitherto unknown outside of Germany, has been given his place. Various constructions have been placed on this action of Kaiser Wilhelm. One is that von Moltke disagreed with him on the question of attacking England and the removal of troops to East Prussia from France at the critical moment of the march on Paris. General Voigts-Rhetz was, according to the current issue of the

Somebody on the Line to Portugal

United Press Service LONDON, Oct. 14.—All Portugal dispatches are delayed for some reason or other. One filed on Tuesday night, relating to a cabinet meeting to be held, arrived here this afternoon.

Queen Amelie of Portugal has volunteered as a nurse in the English army.

GOVERNOR HUNT ORDERS MILITIA TO THE BORDER

THE WAR OFFICE ASKS THEM RECALLED

Following issuance of His Order, Arizona Executive Official Notifies Washington Officials—Wilson and Garrison Disapprove, and Say It May Cause War, But Hunt Refuses to Modify His Instructions.

United Press Service PHOENIX, Ariz., Oct. 14.—Governor Hunt has ordered the First Arizona militia to be in readiness upon a moment's notice to go to Naco and protect the border against the warring Carranzalists and Villalistas. Simultaneously he notified Washington.

United Press Service WASHINGTON, D. C., Oct. 14.—Following a conference between President Wilson and Secretary of War Garrison, they announced sending Governor Hunt a vigorous request that he not send the militia to the border.

In this, Hunt was informed that he might precipitate a war with Mexico.

United Press Service PHOENIX, Ariz., Oct. 14.—Governor Hunt refuses to modify his instructions to the militia to be ready upon a minute's notice for active service at Naco.

"I am a peace loving man," said he, "but I have informed the war department that our border must be protected. If the government won't, we will." Hunt admitted receiving telegrams from the state department and war department, but refuses to discuss them.

DENIES GERMANS CAPTURE OSTEND

IT IS ALSO DENIED FROM MADRID THAT PORTUGAL HAS DECLARED WAR ON GERMANY, BUT IS MOBILIZING TROOPS

United Press Service LONDON, Oct. 14.—In an official statement today the war office denied the report that the Germans had captured Ostend.

Further dispatches from Madrid report as untrue the word that Portugal had declared war on Germany. It says further, however, that Portugal is preparing to place all her armed forces at the disposal of England, wherever and whenever necessary. It is reported that the mobilization of the troops is already under way.

Great Was the Fall Thereof

United Press Service PHILADELPHIA, Oct. 14.—Six-count 'em—six rosters greeted the returning Athletics' train, which arrived four hours late. Mack had nothing to say.

Cosy Little Divy Among Braves

United Press Service BOSTON, Oct. 14.—The Braves met today and divided the spoils of their victory in the world championship series. Speeches were made by Gaffney, Evers and Stallings, and the club then disbanded for the season.

JURY FINDS FOR THE DEFENDANT

TRIAL ON CHARGE OF BOOTLEGGING RESULTS IN A REVERSAL, WITH THE PLAINTIFF HELD FOR THE COSTS

After two hours of deliberation, the jury hearing the trial of W. L. Melton, on charge of selling liquor to an Indian, returned a verdict into the justice court in favor of the defendant. The complaining witness was Jack Palmer, an Indian, and it is held by the defense that he made the charge in a spirit of revenge for the attaching of the team of James Lalo, another Indian, a few days ago. W. H. A. Renner appeared for Melton at today's hearing.

MAKE THE LAKE A DUCK HEAVEN

WEYERHAUSER TIMBER COMPANY IS SHIPPING WILD RICE AND WILD CELERY FOR ASPEN LAKE PLANTING

With a view to making this a still better duck shooting country, the Weyerhaeuser Timber company has arranged to have wild rice and wild celery, two favorite foods of this great game bird, sown around Aspen Lake. Two barrels of this seed are on their way from Minneapolis.

"Aspen Lake is on the property of the Weyerhaeuser people, but instead of using it as a private reserve it has always been open to the public," said Jackson F. Kimball, the company's Southern Oregon representative. "The company intends to keep this lake open for the benefit of sportsmen, and their object in planting the rice and celery is solely to make the shooting better than at present."

On the Sunday following the arrival of the seed Charles J. Ferguson and a number of other local sportsmen will accompany Mr. Kimball to the lake and assist in sowing the seed.

NOVEL DANCE IS MERRILL EVENT

SHEETS AND PILLOW CASES WILL BE APPROPRIATE COSTUMES AT BIG AFFAIR FOR THE BENEFIT OF LIBRARY

Decidedly novel are the plans made for a Halloween "Ghost Dance" to be given by the Merrill Library Club at the Merrill opera house on the night of Friday, October 30. The dancers are requested to attend draped in sheets and pillow cases. The decorating committee will supply sufficient "spooky" effects to make the shivers come.

The dance is given for the benefit of the Merrill library. A special invitation has been issued the candidates.

Following are the committees in charge of the big affair: Floor managers—Mrs. S. E. Martin, Mrs. Ray Merrill, Mrs. R. L. Dalton, Mrs. W. C. Dunning, Mrs. Al Coan, Miss Lois Barrows. Decorating committee—Mrs. R. L. Dalton, Mrs. Ray Merrill, Mrs. R. H. Anderson, Mrs. W. C. Dunning. Music committee—Mrs. C. S. Blake, Mrs. Al Coan, Miss Lois Barrows. Advertising committee—Mrs. C. S. Blake, Catherine Prehm.

The United States has sent a formal note to Great Britain inquiring if the recent interview attributed to Sir Lionel Carden, British minister to Mexico, criticizing President Wilson for withdrawing American forces from Vera Cruz, was accurate in any part.

NEXT BATTLE TO BE WAGED BY CHANNEL

DUNKIRK, Belgium, Oct. 14.—The German advance continues. Bicycle corps and cavalry have been encountered less than twenty miles from the channel ports.

The hurried massing of troops by the allies indicate the approach of a titanic conflict. The casualties will be enormous, as the countryside is flat and devoid of any cover.

Censorship forbids the transmission of even the approximate location of the battle ground the allies have chosen. It is feared that entrenchments are being prepared.

By WM. PHILLIP SIMS

PARIS, Oct. 24.—It is not denied here that General von Boehm's army is menacing the French left.

Germany could not have selected a better field in the whole of Europe to attempt to bottle up the allies. The Belgians narrowly escaped isolation in their retreat from Antwerp.

The German forces released from the assaulting of Antwerp are now advancing west and south toward the coast. The northwestern German column has been detached from von Boehm's army and is also marching toward the English channel.

This force is swinging in an arc and in a northwesterly direction.

The country along the channel is a flat, and is not suited for defense against assault. To the north of this lies Holland, a neutral country, and to the west is the English channel. The logical route would be for French, British and Belgians to slip southward along the coast until they reach a more suitable battlefield. Unofficial reports are received of the resumption of the allies' attack upon the German center. The minister of war is silent regarding this. Aviators say the German center is weakened as the result of the withdrawal of troops toward the northwest. A force is being hurriedly massed there to weaken the German right.

The war office denies the German claims of defeat for the French cavalry divisions on the left recently.

Talk Ankeny Canal

That Is as Far as It Got at Last Night's Meeting

Just when the special election will be held for the people to vote upon giving the city council power to confer with the government for the taking over of the Ankeny canal, is a matter yet to be decided. At last night's council meeting, Councilman C. D. Matthews suggested that action be taken in this regard, but instead, there was a discussion of the matter that lasted a couple of hours without anything being accomplished.

The council has been at work with the Department of the Interior to bring about the transfer of the canal to the city, so it can be closed. This the government expresses its willingness to do, providing the people of Klamath Falls to adopt the following Charter amendment:

"The council has power and authority to enter into an indenture and agreement or contract with the United States of America, whereby the city shall assume, in whole or in part, the obligation to furnish and deliver either through its own water system or through the system of any public service corporation, water, not exceeding forty miners' inches in excess of six inch pressure, to those persons, their heirs, successors or assigns, entitled to water from the Ankeny canal, under any existing contract or contracts with the United States and its predecessors in interest in said canal, and to save the United States harmless from all claims for damages that may arise out of, or be in any manner based upon, the said contract or contracts. The said council has also power and authority to ordain such rules and regulations regarding delivery of and distribution of such water as may be deemed useful, and to appropriate out of the general fund money sufficient for the purposes in

the purpose of acquiring water rights involved in said contract or contracts, and the relinquishment thereof to the city, and the council has power to do any and all things needful or convenient to secure the discontinuance of use of water from all or any part of the Ankeny canal."

Councilman Rogers and Matthews, named as a committee, and City Attorney Rutenic have been in correspondence with the reclamation service officials for some time, to bring about conditions permitting the transfer of the Ankeny canal to the city. The reclamation service has sent legal advisers here to take up the matter with the local committee, and a form of contract has been arrived at through these conferences. In the opinion of Mayor Nicholas, as expressed at last night's council meeting, the city has no assurance that this same contract will be signed by the government, despite agreements. The mayor believes that some time should be given the matter, and he wishes to have all correspondence between city and government officials in this regard published in full for the voters. The mayor also took the stand that the government was trying to saddle a "white elephant" on the city. He seemed to be very suspicious, as though looking for something which might arise to the detriment of the city. All sorts of views on the matter were given at the prolonged discussion, and much of the history of the troublesome waterway was rehearsed. Another meeting of the council will be held Monday night, and it is believed something more in the point will be accomplished.

"The Mutual Girl and Her Auntie"

I say, "Be honest," because advertising doesn't create value; it merely tells about it. The goods you advertise must possess the merit in themselves; all the printers' ink in the world will not add to or detract from the quality of the goods.

I say, "Be sensible," because most people who read advertisements have good common sense, and yet it is strange that a great many people when they go to writing advertising copy talk about everything else but the thing they should talk about to interest people in the thing they have to sell.

I believe the main thing to do is to put down on paper what you would be likely to say orally if you were talking to a person.

"I say, "Be persistent," because people soon forget. As I said in a former issue of the Herald, the hardest thing to find today is yesterday's newspaper. If you don't think so, try to find one. Of course it is absolutely necessary to advertise to sell goods immediately, but it is equally as important to advertise to create a reputation for fair dealings, prestige, or good will, and every business house in this city that intends to stay and build up a business and make a competency for latter days must have all of these qualities to succeed, and therefore I say again, above all things, "Be persistent."

Daddy will tell you tomorrow in the Herald where sales really take place. This is particularly for every business man in this city.

PIGSKIN CHASERS PRACTICING HARD

LOCAL BOYS ARE PRACTICING DAILY NOW TO GET IN SHAPE FOR THE GAME WITH ASHLAND HIGH

Although schools are closed owing to the teachers' institute now in session, there is no cessation of work for the football candidates at the Klamath county high school. They are taking advantage of the vacation to devote their afternoons to strenuous football practice. The first game of the local season will be played a week from Saturday, when Ashland high school will line up against the local gridiron knights in the first round of the Southern Oregon championship struggle. Much interest is being manifested in the game, and there is talk of asking the business houses to close during the time the game is on.

WAR TAX AFFECTS DRINKING OF BEER

IF DECREASE IN CONSUMPTION CONTINUES AT PRESENT RATE IT WILL MATERIALLY EFFECT WAR TAX INCOME

United Press Service WASHINGTON, D. C., Oct. 14.—Secretary McAdoo today informed the senate that the pending war tax bill will raise \$108,400,000 annually. If the reduction in beer consumption continues as it has for the past few months, McAdoo said that it would reduce the total to \$90,498,000 or less.
