KLAMATH FALLS, OREGON, FRIDAY, OCTOBER 30, 1914

Price, Five Cents

NORTHERN FIGHT AGAIN IS VIOLENT

United Press Service
LONDON, Oct. 30.—Dispatches from the Amsterdam Telegraph this evening declare that the fighting at Flanders has been renewed with increased vigor. The fighting has been renewed all along the line.
It is reported that 11,000 German marines have occupied Bainscapet, near Heyst.
The hospital ship *Robilla*, en route home from Belgium with Red Cross nurses and hospital supplies aboard, struck a mine off here. The nurses were all saved.

United Press Service
PARIS, Oct. 30.—The losses in the last fortnight's fighting is staggering in its extent.
It is certain that the allies dead, wounded and imprisoned in that time will reach 50,000. It is reported that the German casualties will be three or four times that.
This afternoon's communique sweepingly claims that substantial gains have been made by the allies.
This announcement states that the Belgians cut the dykes open, and have flooded the region of the Lower Yser. This was followed by a violent cannonading from the British entrenchments, forcing the Germans to retreat well to the north.
Headquarters says that the French are advancing at all other points in the battle line.

SYRIANS MAY INVADE EGYPT.
United Press Service
LONDON, Oct. 30.—A Star dispatch from Athens says that serious anti-British demonstrations are being made at Damascus. The popular favor war.
Dispatches have been received at Athens from Damascus that the Bedouins are massing under German officers, and apparently are intending to march into Egypt.
A news agency dispatch to Amsterdam says that a Cairo message declares that a strong body of Turkish cavalry is moving along the Gulf of Akab, northeast of the Red Sea.

MAKES A COFFIN, KILLS SELF, WIFE

AGED MINNESOTAN WRITES FAREWELL NOTES TO RELATIVES AND ENDS THE LIVES OF HIMSELF AND HIS MATE

United Press Service
MINNEAPOLIS, Oct. 30.—After making his own coffin and writing nine farewell notes to relatives, Joseph Zosack, aged 72, this morning murdered his 71-year-old wife and then committed suicide.
Zosack's actions lately have been those of a mildly insane person.
A military drill for girls is carried on in the Japanese public schools.

THE QUESTION IS: HOW CAN HE?

Judge Webster, the Portland attorney for the county court in the warrant suits, admits that if the suits are pressed the warrants will be permanently enjoined. He says: "We may put up a long hard fight, but in the end the warrants will be run in a hole and killed, deadlier than now now can Judge Worden say he is going to save them whether the timber men continue their suits or not? As a matter of fact, Judge Worden is helpless to save or hinder the payment of the warrants, and he knows it."

Resigns Her Position.
Miss Cora B. Nipper, who has been in the employ of the Pacific Telephone and Telegraph company in this city for the past sixteen months, has resigned her position with that company. Miss Nipper has not definitely decided whether she will return to the home of her parents in Grants Pass or remain in Klamath Falls.

May Sue Bankers for New Haven Railroad Funds

There has been a report in Wall street and in financial circles of Boston that counsel for the New Haven railroad are preparing a suit against Marsden J. Perry, the Providence banker, and Oakleigh Thorne, the New York broker, to recover \$1,325,720 of the \$11,000,000 of the New Haven railroad money which the Interstate Commerce Commission said in its report concerning the road has "vanished into thin air."
This money was paid to companies of Thorne for Westchester electric road properties bought by the New Haven. The sums to be recovered, it is said, concern overpayment of commissions on these transactions.

The other day the New Haven sued members of the famous Billard Company to recover \$4,000,000 in connection with the purchase of the Boston and Maine. The Billard concern bought the New England road and later sold it to the New Haven for much more than its cost.

FREE NOTARY TO HELP THE CAUSE

WATER USERS ARE URGED BY OFFICIAL TO SIGN ACCEPTANCE AT ONCE, SO THEY WILL GAIN BY MEASURE

By J. G. CAMP, Project Manager
Under the regulations issued by the reclamation commission, it is necessary for each land owner who wishes to secure the benefits of the extension act to sign an acceptance before a notary, have it recorded and filed in this office.
It is desired that this be done before November 15th. Each landowner has been mailed a blank acceptance. I wish to urge them to be prompt in doing this.
If they will come to our office our notary will attend to this free of charge.

Mill Men Defendants.
Suit to recover \$190 alleged due for wages has been started against Wood & Lanz by J. J. Simonds, through Kuykendall & Ferguson.

A dispatch from Cetinje says that wolves are attacking both the living and the dead on the battlefields in the eastern theater of war.

THE QUERY IS: "WHERE DID THE TAX MONEY GO?"

WORDEN SAYS TAX LEVY "ABOUT ELEVEN MILLS"
A Look at the Back of a Tax Receipt Is All That Is Necessary to Disprove That Statement—Fourteen Mills Has Been the Lowest During His Administration, and It Is Now 25.5 Mills.

Judge Worden in his speeches has been stating that the county levy has been about 11 mills. The Judge knows better than this. The county levies for the past four years have been as follows:
1910 14 mills
1911 18.3 mills
1912 22 mills
1913 25.5 mills
Look on the back of your tax receipts and you will see it for yourself. The 1914 levy has not yet been made, but you need not expect to hear of any lower levy than last year. See how it has grown.
Based on these levies, the sheriff and treasurer of the county have collected from tax payers of the county during his administration the following sums:
1911 \$170,214
1912 267,413
1912 345,006
1913 389,202
Making a total of \$1,171,835 collected by Judge Worden's administration from the tax payers of the county during his term of office. This does not include any city taxes or special school levy taxes. In addition to this large sum of cash placed in his hands by the tax payers, he has further run the county \$400,000 further in debt than it was when he started in. In other words, the people of this county have paid in cash and notes the sum of a million and a half dollars to maintain the government under the management of Judge Worden.

Less than \$200,000 went to maintain the state government, and the balance represents the cost of our county administration for the past four years. Where did it go? We expect to present the figures tomorrow, showing what it was expended for.
Do you want to dig up another million and a half during the next four years in taxes? Very true is Judge Worden's statement that if we let him alone nobody knows what he would do.

WOMAN PUTS OUT INCIPIENT FIRE

ELECTRIC IRON SETS FIRE TO FOLDING BED—NEIGHBOR BREAKS INTO HOUSE AND EXTINGUISHES BLAZE
That the contest between Hattie oy Smith and the Algoma Lumber company for the possession of a tract of timber land near Algoma has not been dropped since the circuit court awarded title to the land to Mrs. Smith is evidenced by the filing of a damage suit in the court today by Mrs. Smith. In this she asks damages for the destruction of the timber and the building of a logging road across the tract.
The complaint alleges that the lumber company took 900,000 feet of merchantable timber off her land, and she asks \$3,700 for this. The railroad, she says, damages her property to the extent of \$500, and this amount is also asked for.

Is Moving Lumber.
H. H. Edmunds, who some time ago purchased the 300,000 feet of "shop and better" lumber that is piled on Oak street, near Lake Ewana, is having the lumber moved to the railroad for shipment to a Chicago firm.

Here from Port.
John Hessig, the Fort Klamath telephone magnate, is here on a business and pleasure trip.

Says Country Must Prepare for War

At a meeting of the executive committee of the Navy League, of which Colonel Robt. M. Thompson is chairman, a statement was issued in support of the position just taken in congress by Representative Oscar Gardner of Massachusetts, that the United States is wholly unprepared for war, and should begin to get ready for the possibilities of it in the future. This is part of what he had to say:
"It requires three years to build a dreadnought and many years to make efficient naval officers and seamen. It requires several months to make a 14-inch gun and from three to five years to make an efficient seaman gunner. It takes one year to build a submarine and many years to train a submarine crew.
"If war should threaten five, ten or fifteen years from now, now is the time to prepare for that crisis. Chaos and anarchy still prevail in Mexico, and the United States army is pitifully small for a country of 100,000,000 people. National defense not only includes the Monroe Doctrine and the neutrality of the Panama canal, but also includes the question of race purity. The American policy of restricting oriental immigration is justified not only on the economic ground of protecting the American standard of living, but by the law of eugenics that the mixture of diverse races always results in a degenerate, mongrel race.
"The Monroe Doctrine is only as strong as the United States navy, and the day is dawning when race purity will also depend on the United States navy."

ALGOMA NOW IN DAMAGE ACTION

MRS. SMITH BRINGS SUIT TO RECOVER FOR TIMBER REMOVED AND ROAD BUILT OVER HER PROPERTY
That the contest between Hattie oy Smith and the Algoma Lumber company for the possession of a tract of timber land near Algoma has not been dropped since the circuit court awarded title to the land to Mrs. Smith is evidenced by the filing of a damage suit in the court today by Mrs. Smith. In this she asks damages for the destruction of the timber and the building of a logging road across the tract.
The complaint alleges that the lumber company took 900,000 feet of merchantable timber off her land, and she asks \$3,700 for this. The railroad, she says, damages her property to the extent of \$500, and this amount is also asked for.

GERMAN CRUISER IS FLYING JAP COLORS

United Press Service
LONDON, Oct. 30.—A news agency dispatch from Tokio says that the British ambassador has learned that the German cruiser Emden, flying a Japanese flag, entered the port of Penang, in the Straits Settlement, and torpedoed the Russian cruiser Jemtechug and a French destroyer. Both sank with considerable loss of life.

Worden Convicts Self

Farmer Says He Proves All the Charges Against Him

To the Editor:
Worden is asking the people to vote for him, and in the same breath says he don't care whether he is elected or not, as he is going to hold the office two years longer anyway.
It must be plain to everyone that he is not sure of the recent court decision.
Anyhow, what kind of a man is it that goes before the people and asks them for their vote, if he, as he says, does not intend to abide by their decision.
Mr. Editor, why need you couple him up with a corrupt political ring? Is he not in about as bad company as Merrill, Oct. 29.

TURKISH ACTION IS TO INVOLVE OTHERS

United Press Service
PETROGRAD, Oct. 30.—The announcement that Turkey has entered the European war by lining up against Russia is welcomed here. Government officials say that Turkey's participation in this conflict gives an opportunity to forever settle the Turkish question.
Steps have been taken by Russia to meet the situation.
The Black Sea fleet is under sail with orders to destroy the Turkish squadrons operating against the Crimean and Caucasian ports. Troops are all ready to move.
Officials say that the declaration of war has not come officially yet. The communication with Constantinople is cut off, and as yet the Russian ambassador to Turkey has not reported.
The British embassy here predicts that the entire Balkan district will become involved by Turkey's action, and expects Roumania and Bulgaria to strike at the Ottoman empire.

United Press Service
PARIS, Oct. 30.—High officials say that Turkey's participation in an admission of Germany's inability to gain in the east and west as planned. It is expected that the participation of Turkey, with her army of from 700,000 to 900,000 men will force Italy's hand.
It is reported that the French foreign officers have gone to Rome, and it is believed that a momentous conference is in progress there.

United Press Service
CHICAGO, Oct. 30.—Wheat jumped from a cent and a half to two cents and a half upon the report that Turkey is now involved in war.

United Press Service
WASHINGTON, D. C., Oct. 30.—Chas. S. Wilson, charge d'affaires at the Petrograd embassy, cables the state department that Odessa was bombarded last night, and that American property was destroyed.
This information is based upon a report just received from United States Consul John H. Grout at Odessa. This does not state the amount of property damaged.
It is assumed that the Turkish ships were the attacking forces.

United Press Service
LONDON, Oct. 30.—A news agency dispatch from Petrograd says that the Russian ambassador at Constantinople has been instructed to demand passports and leave Constantinople immediately.
Simultaneously an order was issued recalling all Russian consuls from Turkey.

GUARDS AND MOB IN BIG BATTLE

SEVERAL HOUSES BELONGING TO MINING COMPANY DESTROYED AND OTHERS THREATENED. WIRES ARE CUT OFF
If Judge Worden is a friend of good roads why did he not complete a court house for \$100,000, which would build a better court house than any county in the state except two, those at Portland and Astoria, and expend the other one, two, or three hundred thousand dollars on the roads, instead of on marble halls and imitation stone pillars? Does it not look as if he were the friend of the office holder and politician, rather than of the farmers who want good roads?

WHOSE FRIEND IS HE?

United Press Service
FORT SMITH, Ark., Oct. 30.—Eight buildings at the Satche-Danman Coal company's mine No. 3, at Prairie Creek, were burned last night, and federal deputy marshals, guarding other property of the company, battled all night against the incendiaries. As the wires from there were cut, the outcome of the fight is not known.
The union men have been on strike since April, when the company adopted the open shop policy.

Worden Convicts Self

Farmer Says He Proves All the Charges Against Him

To the Editor:
Worden is asking the people to vote for him, and in the same breath says he don't care whether he is elected or not, as he is going to hold the office two years longer anyway.
It must be plain to everyone that he is not sure of the recent court decision.
Anyhow, what kind of a man is it that goes before the people and asks them for their vote, if he, as he says, does not intend to abide by their decision.
Mr. Editor, why need you couple him up with a corrupt political ring? Is he not in about as bad company as Merrill, Oct. 29.

"The Mutual Girl and Her Auntie"
AN APPEAL TO WOMEN—WOMEN ARE THE BUYERS
It has become quite the custom either from the lack of the requisite time or from a natural dislike for the work for men to slip the cares of shopping to feminine shoulders, and whether they like it or not, they feel very sure that in the majority of cases it will be well done. There may be any number of humorous arrows aimed at the bargain hunters, but usually a woman does not purchase unsatisfactory merchandise.
According to statements made by buyers in the stores, women are coming to know materials so thoroughly that they recognize very quickly whether they are all wool, cotton, silk or mercerized. The average man goes into the store to select a necktie, and if the color suits his fancy he takes it and depends upon the price asked for the quality of the material, while a woman selecting the same tie will rub it between her fingers, pull out a thread or so, and test it in several ways. If the result is satisfactory she will ask the price, and if she considers the tie is as good value for the money as she can get at the store further up the street, she will make the purchase.
Which all goes to show that the woman is the careful, considerate buyer, that she can save the family many a dollar each month provided she were to superintend the pocketbook. The writer has children grown, and from his experience in this matter, if I had let my wife handle the pocketbook and attended to all the buying, as the old fellow once said: "I would have 'dollars to doughnuts.'
We are making a strong appeal to the women, in this matter of advertising. They are fast becoming a mighty factor in the commercial world.
"DADDY"
