KLAMATH FALLS, OREGON MONDAY, NOVEMBER 2, 1914

LET THE GRAND JURY INVESTIGATE

THE grand jury will meet in December, and The Herald will welcome a full and complete investigation

The editor of this paper has been in the newspaper business in Klamath Falls for the past twelve years

There is nothing like publicity to clear the atmosphere and discourage the adoption of questionable methods

The attack of the Merrill Record should be proof to the people of Klamath county of how desperate Worden, Emmitt and their bunch are

It is immaterial whether or not W. O. Smith is elected to the legislature

Scattered Shots

BUT WITH ALL HER "spotlight" work, there is one thing that Catherine did not make plain

IN REPLY to the query, "Is the cost of living higher on a mountain?"

"MADE IN U. S. A., none good enough without that label.

OUR HOME campaign has reached the stage where it has the Mexican disturbance outdistanced for bitter-

ness, and the European conflict the only other show that can attract equal interest with it.

BUT IF WE ARE TO benefit by the Panama international exposition, we must pass that half mill levy measure.

KEEP YOUR family closet locked these days, gentle reader, for current newspapers indicate that a systematic search is being made for all kinds of "skeletons."

UNEASY LIES the head that wears the crown. But from what we have learned during the present campaign we feel that lying is far from being an uneasy task for some of our uncrowned autocrats.

UNLESS you wish a continuance of West's rabid tactics, vote for Dr. Withycombe, the ideal governor.

YES, Judge Benson's number is 20.

MANY MEN FAIL because they devote to other people's business the time they ought to give their own.

LONDON, Nov. 2.—The Heligoland of today is a vastly different sort of a place than it was prior to the beginning of the war, according to a traveler who has reached here.

Men and Women of Oregon WAKE UP! Oregon's Prosperity Is at Stake

Ten thousand men and women workingmen of the state stretch out their arms in earnest, brotherly appeal in defense of their jobs, their homes.

Fifty thousand hop pickers ask you to earnestly think of the injury you might unconsciously do them.

Seven hundred hop growers, with thousands of acres at stake, with six million annual income hanging in the balance, and paying three million dollars in annual wages, ask you to do nothing to them you would not have them do to you—to apply the Golden Rule.

A foreign war that may last for years already is laying its blight of stagnation on our beloved state.

DON'T MAKE TAXES ANY HIGHER DON'T CREATE WORSE CONDITIONS OF POVERTY DON'T CREATE MORE HUNGER

Be awfully careful that your emotions do not lead you to do a greater injury to your fellow men and women whom you might think you were doing good
