Judged by a Piano

Did you ever notice that upon entering a house almost the first thing you notice is the presence or absence of a piano?

You instinctively judge the taste and refinement of the family accordingly.

How is your home thus classified by your friends?

If you have no instrument any of our pianos would easily give the desired refinement to that home, and our terms can be met by almost anyone.

Convince yourself by dropping in some afternoon or evening to see what we have.

also coming in. Several parties have been made up to leave early Sunday morning for the grain fields and the

favorite haunts of the waterfowl, and many "goose dinners" have been promised.
