**United Press Service**  
**PERAOGHRAH, Nov. 26.**—The defeat of General von Hindenburg's army is assuming the proportions of a rout, according to advices from the Villa-Warthe battlefield.

Unless the troops are able to reform, which is considered unlikely in their present demoralized condition, officials say the defeat will be the most complete ever sustained by Germany. The capture of an entire corps in the vicinity of Lodz is claimed.

Russians claim successes covering the entire four hundred mile line from East Prussia to Carcow. It is reported that six thousand prisoners were taken near Czestochow.

Officials admit that the Germans had actually pierced the Russian line, when Russia threw an overwhelming force into the front. This push of von Hindenburg's line back everywhere else, completely isolating the advance corps.

**United Press Service**  
**EL PASO, TEXAS, Nov. 26.**—General Francisco Villa, commander in chief of the army of the new regime in Mexico, entered Mexico City this afternoon.

The chieftain was greatly disappointed at not being the first to enter, and when informed last night that General Emilio Zapata's army had entered and taken possession of the new republic, he was plainly chagrined.

Many predict that the action of Zapata will cause a breach between the two leaders, while others maintain that General Villa is too broad a man to allow anything of a personal nature to interfere with the trend of peace negotiations. Still others, some of them close to Villa, claim that the action was taken with the full cognizance of the chief, and under his direction. However that may be, the fact remains that the Southern rebel chief was the first to enter the capital with his force.

### PELICAN GRILL AND BAR TO CLOSE SOON

**UPWARDS OF SIXTY COUPLES DANCED UNTIL AN EARLY MORNING HOUR—SPLENDID TIME ENJOYED BY ALL.**

In order to cut down expenses during the dull winter season, and to enable the making of thorough repairs to their ostery in anticipation of a busy 1915 season, the White Pelican is to close its dining room and bar December 1. In addition, it will also close its doors to transient trade, but the small army of regular lodgers will be kept through the closed season.

Mr. and Mrs. E. B. Hall have just signed a five year lease on the \$300,000 hotel. They look for the biggest tourist season in history this summer, and in preparation for it they will overhaul the hotel, making a number of repairs to the Southern Oregon marvel.

It is the intention of the management to keep the hotel up to its standard as a social center this winter, and the Klatswa dances and other big functions will be held as usual at the Pelican, where there are the proper conveniences for making a success of the affair, whatever it may be.
