KLAMATH FALLS, OREGON
FRIDAY, NOVEMBER 27, 1914

LET'S GET IN ON IT

ADDED to the insatiable demand for meat from abroad, the foot and mouth disease is decimating the herds of cattle in several states. The prospects indicate that meat will soon be beyond the purses of ordinary people.
Klamath farmers should note this, and so far as they can, provide against it. There is a great deal of coarse food wasted on farms, food that through cooking could be made welcome to live stock, and could carry cattle through nicely up to six weeks prior to slaughtering them.

All helper calves should be saved, more cattle should be raised, better care should be taken of range cattle to keep them growing—Oregon should prepare to feed at least its own people.

AGAIN THAT BLAMED WAR

WHAT the war has to do with the price of gloves is hard to understand until there comes the explanation recently received by a large glove firm in New York that the supply of French kid gloves is likely to be much reduced, because the troops are eating the goats.
The Indian troops with the allies appear to constitute the chief menace to fashion.

The situation is complicated by the fact that, in addition to killing off the older members of the goat herds, the soldiers are using the skins to lie on in the trenches, so that there is no chance of saving them for later manufacture.

Scattered Shots

WITH THE Thanksgiving games over, it's mothballs for footballs.

REGARDING THAT lead shortage in Germany, it might be stated that certain parts of France and Belgium have been overstocked with the German article. Perhaps the allies at a later date intend to carry or throw lead into Germany to make up for the shortage.

WE ALL agreed this morning that an overcoat is a mighty useful piece of harness.

NOW THAT we know why the price of kid gloves has gone up, we can truthfully say that we'll go bare-handed because those East Indians got our goat.

NO, 'TAINT long till Xmas.

WE KNOW it's a cold, c-o-l-d world but what in thunder did you do with the money you earned last spring and summer?

A LITTLE SPORTING GOSSIP

By Hal Sheridan

United Press Service

NEW YORK, Nov. 27.—Heavy engagements and fighting in force on the gridirons of the nation will cease tomorrow with the Army-Navy conflict at Philadelphia. There will be a few rear-guard actions, and some desultory skirmishes of minor importance probably as late as Christmas Day, but it will be purely of the guerilla variety. The big amnesty, truce, cessation—whatever you will—among the organized knights of the pigskin is set to begin when the referee's whistle concludes the clash between

the two branches of Uncle Sam's war dogs.

The 1914 season has been one of the best the football game has ever known. There has been a decided trend toward the open game that spectators can enjoy intelligently, and away from the old mass formation that built about brawn instead of brain.

Another step in the right direction is the growing tendency of football's generals to further favor the public by numbering players. Princeton has adopted the system. It is up to Yale and Harvard to bow to the inevitable.

According to the requirements of the New York child labor law, children must pass a physical examination in order to secure working papers.

IF KIDNEYS ACT BAD TAKE SALTS

SAYS BACKACHE IS A SIGN YOU HAVE BEEN EATING TOO MUCH MEAT

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, also you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure, and makes a delightful, effervescent lithia water drink. (Advertisement)

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub Rheumatism away.
