POOR OLD MEXICO

OUR forces have been called away from Vera Cruz and the only change in Mexico from the situation presented when they were sent there is a change of bandits in control there.

It may be said of Mexico as was said of another tropical region: "Long is the way and dark that out of hell leads up to light."

Mexico achieved independence from Spain nearly a century ago, but she has not yet achieved freedom from the darkness that fills the hearts of her own people. They chatter like parrots of their liberties, and do not know that they are still slaves to ignorance, to their own dark passions, their unholly desires and to their vitiated ideas of what constitutes true liberty. The only hope which the country presents of improvement is the exhausted condition which must be upon it.

Nearly all the horses available have been stolen and worn out, nearly all the available food has been stolen and consumed, and nearly all the shoes worn out.

The worst of them must begin to covet a long rest.

How much they have gained through nearly four years of raids and murders, it is difficult for an outsider to calculate, except that a good many murderers or would-be murderers have been killed.

But all Americans will hope that nothing that may be done there will involve our country further.

There is war enough beyond the sea, and by what is going on there we can none of us be sure that civilization is any guarantee against murder and pillage.

Scattered Shots

HEARING HIS wife say she was going out to do some Christmas shopping, the Wise Husband quickly told her that he had sworn off smoking cigars.

THIS WAR TAX, isn't it a pleasant invention?

SCIENTISTS SAY there are microbes in kisses, but we rather like the little devils.

THERE ARE NONE of us but what is more good than bad—if we could only have the goodness brought out.

THIS IS THE open season for plumbers.

SO FAR AS WE can learn, a mortuary certificate is the only one that can't be affected by the war tax. But it's a hard game when you have to die to beat it.

THIS SNOW is sent to remind us all that Christmas is twenty-four days off, and we needs must hasten to do our Christmas shopping.

DRINK HOT TEA FOR A BAD COOLD

Get a small package of Hamburg Broom Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

Indian Troops Cooking Chupatties

The commissary of Indian troops Great Britain sent to France is something different from that of the regular troops from England, Belgium and France. They must have not only

their own eatables, but their own methods of cooking. This photograph shows them making chupatties, a sort of round, flat cake, much like an enlarged pancake, which they cook over

A LITTLE SPORTING GOSSIP

By Hal Sheridan

United Press Service

NEW YORK, Dec. 1.—Hats off to Freddie Welch, Englishman and big fighter. The last word is used advisedly. It's a word that couldn't be applied truthfully to a lot of American champions, near or far.

Freddie Welch, in about six weeks time has fought more two fisted scrappers than some of his predecessors in the lightweight class fought in as many months of their respective kingdoms. And the men who faced Welch in this period are of America's best.

The little Englishman sailed into this country on the wave of his success over Willie Ritchie, literally with his fighting togs on and his guard up. His first match was with Matty Baldwin in Boston; Welch won. A few days after the Baldwin bout, Welch met Ad Wolgast in New York, and showed his class. This battle ended before the ten-round limit had been reached, when Wolgast broke a bone in his hand. Without a sign of fear for his hard earned crown, Welch almost immediately jumped to Milwaukee to finish Charley White. The latter was given a draw by some of the sporting writers, but Welch had no time for explanations or excuses. He was a fighter. His board bill refused to stop. He made another date—this time to meet Crafty Duffy at Buffalo. He kept the date by outpointing Duffy.

Now there are two reasons why Welch should get the palm for his record. He should get it going or coming. Some folks might say, "well why shouldn't he fight?" This business of praising him for being a good worker is all bosh. Welch can command the money and he's getting it while it's good. Let's concede that only for the sake of argument, and we'll ask this one question?

"How many American champions in the last fifteen years have been willing to mix it with the best ones in such a quick fashion, and for the comparatively small purses Welch gets?" That's all.

IF BACKACHY OR KIDNEYS BOTHER

EAT LESS MEAT, ALSO TAKE GLASS OF SALTS BEFORE EATING BREAKFAST

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.
