NOT A CONCERN ON THIS PAGE THAT WILL NOT HELP THE HOMES OF THIS CITY TO SAVE MONEY PATRONIZE THE REGULAR ADVERTISER—HE IS A LIVE CONCERN

AUNTIE—Lucille, I must be fitted to another pair of glasses right away, these that I have are not good any more. In fact, I don't believe they were ever properly fitted.

LUCILLE—Well, Auntie dear, I know of a man in this town who will fit you to a pair of glasses, and you may rest assured that when he has finished you will have a fitting that will keep you from all further trouble. Not only that, Auntie, but you can feel safe that it is right, and that is at "WINTER'S JEWELRY AND OPTICAL STORE, at 622 Main street. Mr. Winters, Auntie, is a Graduate Optician, a man who has had the experience, and proper training, and, therefore, he is reliable.

AUNTIE—Well, my girl, I shall pay him a visit right away, and get another pair of glasses this very day. When I was a girl, Lucille, like yourself, Grandma used to say, "Oh, go down to any old store and get a pair of glasses, they are all alike." They really used to think that way, and did not think it made much difference about a fit, or the quality, or anything else. But, Lucille, it is different now, for people found out that it was very necessary to have them ground and properly fitted by an expert, who had made this line of business a careful and thorough study.

LUCILLE—I know that is a fact now, Auntie, for if the glasses were fitted as they should be in all instances there would not be one-half the headaches and poor sight that there is. So you go down to WINTER'S JEWELRY AND OPTICAL STORE, and he will please you, and you can depend upon a good, careful and thorough treatment of the eyes and a fitting.

MORAL—Auntie purchased a nice pair of gold rimmed glasses, had the eyes tested properly, and she can see better than she ever could before, and they fit just perfectly, and, indeed give her pleasure and comfort.

Let "WINTERS," the Graduate Optician, make your glasses. Full line of all the latest in Jewelry, Watches and everything found in a first class Jewelry Store.
