LUCILLE—Oh, Auntie, I was just down by the Ford Garage—you know where it is, don't you? In that neat brick building on the corner of Ninth and Klamath. Mr. Geo. Biehn called me in—wanted I should look at some of the new Ford's he just received; and they are beauties, and the price is less than ever before. I think he said \$429 f. o. b. Klamath Falls—what does he mean by that, Auntie?

AUNTIE—Why, my child, that means that the freight is paid right here to Klamath Falls—that's what f. o. b. means. My, but that is cheap for the Ford's. Ours cost quite a sum more than that, but I suppose the reason is on account of the Ford people manufacturing so many of them.

LUCILLE—And, Auntie, they have, Mr. Biehn says, a splendid equipment for handling cars, and for repair work, and everything like that. I want you to go down there with me some time and have a talk with Mr. Biehn, and maybe you will buy one of the late New Ford's—will you Auntie?

AUNTIE—You may be sure that if I buy a new car it will be a Ford. They are always there on the job, and that's a great deal more than you can say of a whole lot of the cars that are now on the market.

MORAL—See Geo. Biehn first when you want to purchase a car or want repairing done. He is fully equipped.

SOME MINOR WAR NEWS FROM EUROPE

LITTLE STORIES FROM THE FRONT THAT ARE COMING IN THROUGH THE CAPITALS OF THE NATIONS NOW FIGHTING EACH OTHER—SOME ARE TRIVIAL, BUT ALL ARE INTERESTING AT THIS TIME.

United Press Service

LONDON—(By mail to New York)
—Two weeks ago Miss Dorothy E. Thompson, a wealthy young woman of 34, offered to give \$500 to the War Relief Fund if an additional 100 of the unmarried young men of her town would enlist in Kitchener's new army. The desired number of recruits was obtained in ten days and today the Prince of Wales received Miss Thompson's check for the promised amount.

LONDON—(By mail to New York)
—A poor woman who had just arrived at the Belgian Relief headquarters here declined at first to part with her bundle to the official who looks after the fugitives' personal belongings. Reassured, after some difficulty, she finally untied the knotted shawl and displayed two fine cabbages.

She explained that they were all she had in the world, and that she did not want to part with the food until she was sure she could get more. A subsequent visit to the refreshment counter, where the poor woman took a deep interest in the sandwiches and coffee, served to allay her fears regarding scarcity of food in London.

VIENNA—(By mail to New York)
—In order to provide her son with winter underclothing, the 50-year-old mother of a young volunteer serving with the Austrian army tramped in the rain for three days from her home at Szegedin, Hungary, to field headquarters.

LONDON—(By mail to New York)
—The Woman's theater, of which Lady Forbes Robertson (Gertrude Elliott) is president, has inaugurated a scheme of providing theatrical and variety entertainments for the troops in the various training camps throughout England. Miss Lena Ashwell, England's leading actress-manager, who will have charge of this work, is now selecting the artists who will compose the Training Camps Touring Companies. "The men of Lord Kitchener's volunteer army," said Miss Ashwell today, "are, many of them, men who are used to the best form of entertainment, so we intend to give them the best programs possible. Our plan, also, will serve to give employment to many really competent artists whom the war has thrown out of employment. Aside from the expense of organization, it is intended to make the scheme self-supporting by charging reasonable admission fees."

Bud Anderson, ex-pride of Medford and one time "made in Medford," lightweight title contender, can now go back to the farm he used to say he loved so well. The last straw came Christmas night at Wallace, Idaho, when Frank Barrieu, a class 2 pugilist, hammered him so artistically that his seconds threw up the sponge in the third round to save Anderson from a knock-out.—Medford Mail-Tribune.

Let 'er Come
Reports from Susanville and other Lassen county points, say that in all probability the Fernley-Lassen railroad will be extended north the coming season. The higher-ups of the Southern Pacific company have said there would be no road building during the coming year, only the completion of lines already under construction, that will cost no more to construct than to leave unfinished. The Fernley-Lassen road comes under this head, we believe, and we have every reason to believe it will be pushed on north the coming season.—Alturas New Era-Chronicle.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will be open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.
