FOR OREGON INDUSTRIES

THE SENATE Indiciary committee by unanimous vote decided to

report favorably on a bill by Senator Bingham which, the members say, ing a mixture of Sage Tea and Sul- 8 E. W. M., and on and along the phur. Your hair is your charm. It northerly boundary line of Lots 5, will aid the manufacturers of the state and relieve the unemployed situation to a large extent.

Manufacturers and organized labor leaders appeared before the committee urging adoption of the bill, which - provides a differential of 5 per cent in favor of Oregon concerns in the letting of contracts for

public work and the purchase of materials and supplies for public use. Under the bill county courts, boards of county commissioners. school councils and all other public boards and commissioners charged with the letting of contracts for public work may accept bids of Oregon

concerns which do not exceed by more than 5 per cent the bids quoted by comnetitors of other states.

A. S. Pattullo, of the Oregon Iron and Steel company of Oswego, said his company recently lost a \$56,000 contract because its bid was only \$300 higher than that of the successful bidder. If it had obtained the contract. \$15,000 of the money would have gone to Oregon labor.

W. B. Beebe, of the Northwest Steel company, said his company had loct contracts in Portland because of its bids being only a little higher than that of a competing outside company. He felt certain that the passage of the bill would mean more

contracts for manufacturers and more work for the workingmen. William McKensie, of the International Steam and Operating Engineers' Union, said the labor unions favored the bill.

"We have always been in favor laws like this that would give the manufacturers more business." he declared. "That would mean more lows:

work for our men. This law should have been passed lang ago. Labor, at all times, has been in favor of giving the manufacturers of the state XLI, of Lord's Oregon Laws, Section
