AUNTIE---(Her opinion of a perfectly appointed drug store)---Lucille, you no doubt have been in the STAR DRUG STORE. If you haven't, you must call in there and even though you do not care to make a purchase, they will treat you very courteously, and be glad to answer any questions for you that you may wish to know, as Mr. Kinnear, the efficient manager, tells me he does not employ any help in the Star Drug Store that is not fully registered, as a graduate in pharmacy, therefore, a person is quite safe to ask any reasonable questions that they may choose.

Everything about the store is as spick and span, immaculately clean, and tidy, and in perfect order, and another thing that is a little unusual, although a splendid idea, and that is---that all the clerks and the help around the store during working hours, wear white coats, and are as neat as can be; but why shouldn't they be neat and clean around a drug store? More so than in most any other line of business, for don't we have to swallow the most of the medicine we use? so it ought to be as clean and pure as it is possible to obtain.

Now the Star Drug Store, Mr. Kinnear says, is more than particular about pure drugs and medicines, and buy the very best sifted drugs, and the very highest per centage of purity that money and knowledge of this business can procure, and they carry one of the most splendid lines of druggist's sundries and stationery that the market affords. It is certainly a pleasure to go into the Star Drug Store and look around.

Talk Wooden Blocks for Local Pavement

The city council last night took step toward patronizing home industry when Councilman Matthew's motion for an estimates on wood blocks for a new pavement, was passed. This is the pavement on Fifth and Walnut streets, in front of the city hall. It was suggested that it be made there of the oiled blocks being considered for the Ship-

REHEUMATISM SUFFERERS TO TAKE SALTS AND GET RID OF URIC ACID

Rheumatism is no respecter of age, sex, color or rank. It is the most dangerous of human afflictions, it is one of the most painful. Those subject to rheumatism should bat less, dress as warmly as possible, avoid any undue exposure, and, above all, drink lots of pure water. Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the

and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well. (Paid Advertisement)

LETTERS FROM THE PEOPLE

607 Henry building, Portland, Oregon, Feb. 12, 1915. Editor Evening Herald:

I am sure that the same kind and candid spirit in which the Evening Herald of February 1, referred to Christian Science would prompt the cordial acceptance of an accurate statement on the points involved. That there is a growing sense of fairness and religious tolerance everywhere in evidence, is an occasion for much gratitude. In your kindly reference to Christian Science, you make the statement that "it is based largely upon the belief that many of the ills the flesh is supposed heir to are but vagaries of the mind; that the cultivation of will power and the creation of beautiful thoughts will tend to alleviate the greater portion of these."

Now this statement includes a very popular misconception of what Christian Science teaches. Christian Science is based upon the teaching that God is infinite, divine mind. This mind is expressed in a spiritual and perfect creation, including man in God's image and likeness, sinless and eternal. The suppositional opposite, for, in reality, infinite mind can have no opposite---has been termed by Mrs. Eddy, mor-

tal mind. This so-called carnal, or mortal, mind is made up of beliefs in materiality, sin, sickness and death. Christian Science teaches that all manifestations of evil are error, even as in mathematics the belief that two and two make five is an error, a mistake, a supposition that there is a time and place where two and two do not make four. A mathematician does not employ will-power to overcome a mistake in mathematics. He well knows that the only way in which he can correct a mistake in numbers is by acquainting himself with the truth. Likewise, Christian Science teaches its students that evil, sin and the ills of the flesh cannot be overcome by the use of human will. Only through the understanding of God, and man as His image and likeness, can error be destroyed. Jesus said, "Ye shall know the truth, and the truth shall make you free." The practice of Christian Science is, therefore, the practice of scientific right thinking. Christian Science does not teach one how to bring things to pass, does not teach the "creation of beautiful thoughts," but rather unfolds to human consciousness the beauty of God's spiritual, perfect and eternal creation. Mrs. Eddy says, "Jesus beheld in Science the perfect man, who appeared to him where sinning mortal man appears to mortals. In this perfect man the Saviour saw God's own likeness, and this correct view of man healed the sick." (Science and Health, page 478, 477.) Respectfully, J. ELMO ROBINSON, Christian Science committee on publication for Oregon.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil. When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone. Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

both the property owners in the city and by the city to the bond holders. Last night Councilman Rogers was instructed to notify all sewer fund delinquents to pay up to date by March 15. In case they do not, the city attorney will take legal action to force payments.
