

LEGISLATURE TO BE IN SESSION AGAIN TOMORROW

(Herald Special Service)

SALEM, Feb. 19.—With the bulk of the necessary appropriations for state institutions and departments yet to be passed, the legislature will be compelled to continue its session until late tomorrow, instead of adjourning this afternoon.

There were indications for a time that the senate and house would work over the consolidations of commissions and thus delay the adjournment. It is now believed that an agreement will be reached to prevent this.

The house was in session until midnight last night. It will work late again tonight in order to cover as much work as possible and hasten adjournment.

Working through the noon hour today, the senate disposed of practically all of the senate bills. Without much opposition the senators began on the house bills awaiting their action.

The bill consolidating the office of state highway engineer with the office of state engineer passed.

There was no opposition to the passage of the bill providing for the consolidation of the state desert land board with the state land board.

The house passed eight measures, none of them very important.

Many of the big appropriation bills are as yet untouched and many of the consolidation measures are still in conference, the situation being again, owing to the deadlock which resulted from the refusal of the House to carry Schuchert's amendments to the workmen's compensation act. The deadlock is still on.

MT. LAKE CLUB TO HOLD A BIG MEET

TEN PER CENT TEAMS 50-50

SESSION WILL BE HELD AT EAST SIDE SCHOOL HOUSE AND EXTENSIVE PROGRAM ARRANGED—OTHER NEWS NOTES

BILL BENNETT'S COIN COUNTERS TAKE THE SECOND SERIES, AND A THIRD ENCOUNTER IS NECESSARY

(Herald Special Service)
MT. LAKE, Feb. 19.—The next meeting of the Mt. Lake Improvement society will be held at the school house on the east side of the river. There will be debates among other numbers for the evening's entertainment. Great interest is shown by the members and the evenings are much enjoyed. The mock trial of last week was most amusing. The library has been installed in Mac's Cash store, and members of the association are privileged to take books.

Before it can be determined definitely which bank has the best bowlers, a third game is necessary, for the First State and Savings crew, after losing two straight last week, took two out of three in a session yesterday with the First National force.

Urine & Walters are hauling hay which they purchased from Mr. Case. Mr. and Mrs. Herbert Lester were visitors at the Falls Wednesday. Mr. Hall and Oscar Baker, who have been farming the Ed Reames ranch the past year, will leave this district soon. Mr. Hall has leased the Joe Dervin place, and Oscar has taken a homestead south of Mallin. Mr. George Grizzle and Mr. Dorr were Mt. Lake visitors Wednesday. The Mt. Lake district school is planning for an entertainment to be held early in March. The proceeds of the entertainment are to be used for the benefit of the school.

Anniversary of Building Dedication Celebrated

Rebekahs and their husbands and Odd Fellows and their wives last night celebrated the fourth anniversary of the dedication of their temple, and the event was one of the most enjoyable of the season. The evening was the regular meeting night of Prosperity Rebekah Lodge, and after the short business session the hall was thrown open to the visitors. After invocation by Brother E. C. Richards, the following program was rendered:
Vocal Solo—Mrs. C. C. Coter.
Instrumental Solo—Mrs. Charles Carlson.
Address—Rev. E. C. Richards.

Vocal Solo—Miss Vera Houston.
Recitation—Miss Laura Bico.
Instrumental Duet—Misses Vera Houston and Greta McMillan.
Recitation—Miss Lulu Wattenberg.
Instrumental Solo—Mrs. Fred Coter.
Recitation—Frank Armstrong.
Every number was heartily enjoyed, and all responded. Following the program a banquet was served, and following that dancing and cards occupied the rest of the evening.
Taken altogether, the evening was one of the most enjoyable, and the crowd, nearly 300 in number, will long remember the happy occasion.

General von Sanders, Commander of the Turkish Armies, and His Staff

General Liman von Sanders is the German general in command of the Turkish armies which have been routed by the Russians in the Caucasus mountains. He was sent to Turkey to continue the German reorganization of the Turkish army before the war. He had served in the German man army in the general staff. At the time of his selection for his present post he had the rank of lieutenant-general, and commanded a division. His mission was made difficult because Russia as well as England strongly objected to the employment of German officers when they arrived almost a year ago. For several months he and the German officers who came with him (about twenty) could do nothing, but when the war broke out they were all given important commands.

Short Course Attracts Klamath County People

The excitement that the circus posters stir up the youngster is the interest that the grownups of Klamath Falls and vicinity are taking in the farmers' short course to be held at the high school the first three days of next week. There is promise of a big attendance at every session. Among the women, there is also much interest. The sessions are open to all interested, and the domestic science course is attracting many Klamath Falls women who wish to improve if possible their housekeeping methods. County Agriculturalist H. Roland

Glazier is a busy man these days, lining up cattle, horses, hogs and other animals for demonstration purposes. The course is to be practical, and instead of theorizing, actual demonstrations are to be made. Members of the Klamath Chamber of Commerce and of the Women's Civic league are meeting with great success in lining up the things necessary for the big dinner to be served free to the short course students Tuesday noon. Offers of cakes, pies, etc. are being telephoned in to the Chamber of Commerce, and it looks as though there will be an exceptionally good repast for the city's guests.

Big Exposition Is to Be Opened Tomorrow

SAN FRANCISCO, Feb. 19.—Early tomorrow life and drum corps will traverse all sections of the city, playing martial airs and arousing the people from their sleep. The population will immediately march up Van Ness avenue and through the gates of the Panama-Pacific International exposition, and the great San Francisco fair will be on. This is the principal ceremony that will mark the opening of the exposition. The idea was adopted by the directors of the fair in order to "do something different."

The exposition officials confidently predict that three hundred thousand men women and children will respond to the call and participate in the "1915 grand march", as the parade will be known. There will be no grand marshal, no regular formation to the procession. It will be a parade of "joyful disorder," as President C. C. Moore, of the Exposition company, expressed it. The only city official who will be in the parade in his official capacity will be Mayor James Rolph. At the request of the business men of the city, a legal holiday has been declared in this city.

SWAT THE ROOSTER CAMPAIGN IN IOWA

United Press Service
DES MONIES, Feb. 19.—Iowa's legislature is considering a bill to create a state poultry department. Poultry men assert Iowa hens produced 108,000,000 eggs last year, an average of 73 per hen, and took a three months' vacation, too. Carl Barsh told the house agricultural committee that 17 per cent of the egg yield is wasted in marketing through improper handling, most of which loss falls on the farmer.

A campaign to "swat the rooster" and thus secure unfertile eggs for cold storage in May and June for delivery to consumers in the winter months is proposed.

Off for the Races

Joe O'Brien leaves in the morning for San Francisco, to witness the Vanderbilt Cup race at the exposition ground Monday.

Buys a Harley

"Cully" Bailey has just ordered a Harley-Davidson motorcycle from the C. & S. company of this city.

CRATER LAKE IN PALACE AT FAIR

MINIATURE OF KLAMATH'S WONDER SHOWN WITH OTHER SCENIC ATTRACTIONS IN THE S. P.'S BIG EXHIBIT

A reproduction of the Pacific Coast wonder spots in miniature—that is the main exhibit of the Southern Pacific company which 1915 visitors to the Panama-Pacific International exposition will see in the company's own building on the exposition grounds at San Francisco. The entire exhibit will be enclosed in a miniature woodland with trails leading among real trees and foliage; with wild flowers growing on native soil, and the horticultural beauties of California and other coast states blossoming in full bloom, according to season.

Passing from the foyer into the central part of the building the visitor will find himself stepping into a different world. The entrance leads through the heart of a California big tree, just as the road passes through the famous "Wawona" in the Mariposa big tree grove.

Here and there are the views of the best known scenic features reached by the company's lines. Mossbrae falls, near Shasta Springs, with her glistening waters, is just before the entrance, while Yosemite valley trails are followed through the woodland and other scenes come to view.

There is Crater Lake, Oregon, reproduced with a faithfulness, even exacting the identical color of the water. Again there is Mount Shasta, with her towering snow clad peak; Lake Tahoe and a picturesque view of the Santa Clara valley and Lick Observatory. There is Midway Point on the Monterey peninsula; the Santa Barbara Mission, the headgates of Truckee-Carson irrigation project, and many other scenes.

An idea of the pains taken by the company to accentuate the local color of each view may be gained from the fact that it has obtained carload after carload of soil, shrubbery, etc., from each district represented in the exhibit.

The whole is intended to give the exposition visitor a faithful idea of the scenic and other features to be found on the Pacific Coast—to show the man who thinks of Europe in contemplating a journey or vacation that he is missing something real when he fails to see American first.

WAR ZONE IS NOW CYNOSURE OF THE EYES OF NATIONS

(United Press Service)

PARIS, Feb. 19.—The German submarine U-6 today torpedoed the French steamer Dinorah off Dieppe. The full force of the torpedo was spent before the vessel was struck, and only a plate was sprung. Pumping kept the vessel afloat until rescued by a tug.

(United Press Service)

COPENHAGEN, Feb. 19.—The first admission that the present blockade is Germany's last card, comes from Vice Admiral Kierulff. Writing in Hamburger Fremdenblatt, he admits that Germany has not sufficient war materials, and that the present aim is to bring such a feeling of uneasiness and insecurity that no human nerve can long withstand the strain, and so bring directly home to the Allies the dangers that are impending.

(United Press Service)

WASHINGTON, Feb. 19.—The state department is advised that all travel between England and the continent has been suspended by the British admiralty until further notice. This indicates that war some order is taken seriously, and that it is not proposed to risk any lives.

(United Press Service)

BERLIN, Feb. 19.—Official advices from Rotterdam say a great aerial fleet of British and French aeroplanes attempted to destroy Ostend and Middlekerke, but were repulsed by the German batteries.

Lokalanzeiger, which reflects the views of the highest government officials, says in its leading editorial:

"Because of the illegal, unwarranted methods of the enemy, Germany was yesterday forced to begin a defensive fight to retain her place as a world power. The people are now threatened with starvation, and the empire is engaged in a fight for life. It must push aside all consideration for others.

"There is no intention on the part of the government to wage war upon neutral commerce, but whoever enters the danger zone must expect to perish. The fight we have entered into must be fought with all recklessness or not at all."

IS SPRING HERE? LOOK IN WINDOWS

DISPLAYS OF SPRING SUITS, GARDEN SEEDS, ETC., IN SHOW WINDOWS SUPPLEMENT BASEBALL AND MARBLES

Spring is here. If you don't believe it, just take a stroll along Main street and view the show windows of the enterprising merchants. We had our doubts about the vitality of Old Winter several days ago, when shouts of "knuckle down, there" and "all the way, Jimmie", began to shatter the atmosphere, but the show windows now settle all doubts.

The drygoods stores are displaying spring dress goods, the clothing stores are showing spring suits, and the shoe stores have withdrawn the shoes calculated to fend Jack Frost from our little pink toes and replaced them with those of lighter weight.

One of the furniture houses, however, that of the Willis-Johnstone company, has gone a little further than the average, and fitted up one of the big show windows as an ideal

kitchen, and the housewife that don't feel like appropriating the room entire, is out of the ordinary. It is vain for mere man to describe it—he wouldn't know what to do if he was turned loose in the room—hundreds of the fixin's are beyond his comprehension, but he does know that the hot cakes look mighty good, and that the kitchen cabinet is full of mysteries. You want to size it up yourself.

TAX COLLECTION STILL UP IN AIR

SENATE HAS RECALLED TAX BILL FOR FEAR THE EMERGENCY CLAUSE HARNESSSED TO IT IS UNLAWFUL

(United Press Service)

SALEM, Feb. 19.—Before the tax collection affair is finally settled, the county treasurers may not turn the rolls over to the sheriffs for three months. The senate has recalled the tax bill, as it is feared that the emergency clause is unconstitutional.

Opinion regarding this is divided, but the emergency clause will probably be stricken off.

All Ready for Race

Drivers and Spectators Arriving at S. F. for Run

(Herald Special Service)

SAN FRANCISCO, Feb. 19.—With the European war positively limiting all 1915 automobile racing to the roads and tracks of America, unusual attention now attaches itself to the sensational speed carnival that is being staged on the grounds of the Panama-Pacific International exposition.

Within the gates of the world's greatest exposition, the greatest road classic of the country—and the world, this year—are to be raced—the Vanderbilt Cup on Monday, and the Grand Prix on February 27. The course is completed and turned
