The Evening Herald

KLAMATH COUNTY OFFICIAL NEWSPAPER

Ninth Year—No. 2,664

KLAMATH FALLS, OREGON, WEDNESDAY, APRIL 14, 1915

RUSSIAN RIGHT ADVANCES TEN MILES FURTHER

USZORK PASS SCENE OF MANY DEATHS

Fighting There Is So Hot That Advance of Other Russian Force Is Held Up Awaiting Developments.

United Press Service PETROGRAD, April 14.—It is announced that the Russian right wing in the Carpathian campaign has advanced ten miles into Hungary in the past few days of fighting.

The advance through Uszork Pass has not been a successful. Pending the outcome of the struggle there the advance through Lupkow Pass is halted.

Both armies are losing heavily in the fierce fighting for Uszork Pass. Whole companies of Russian troops perished there by marching off the precipices, which are masked with a heavy shoveling of snow.

The gain of the troops around Lupkow was made with slight loss. While one Slav army held the Austrian troops around Barfield, a second army moved south from Svidnik, and penetrated to beyond Stropko.

United Press Service BERLIN, April 14.—A semi-official statement places the Russian losses in the Carpathians at half a million in the campaign now on there. Since the war started, it is claimed, the Russians have lost 71,608 officers.

United Press Service LONDON, April 14.—A Rome dispatch to the Exchange states that the situation in Vienna is becoming more serious, and martial law is imminent. The population is restless because of the Russian advance through the Carpathians.

Antelope Conservation United Press Service WINNIPEG, Man., April 14.—In order to save from extinction the diminishing bands of antelope, the Canadian government will establish an antelope park near Lothbridge, Alberta, it became known today. Several antelopes have been feeding there all winter. They are exceedingly tame, and are numbered among the few surviving antelopes in Western Canada.

BROWNSVILLE IS IN DIRE STRAITS

FUNSTON LEAVES FORMER HEAD QUARTERS FOR IMPERILED CITY — BULLETS FROM OVER THE LINE FALLING IN CITY

United Press Service WASHINGTON, D. C., April 14.—The situation at Brownsville is so threatening that General Funston has wired that he is going there from Fort Houston.

The battle at Matamoras, across the border, raged all day Tuesday about a mile west of Brownsville, and many rifle bullets fell in the pumping station at Brownsville.

It is the intention of General Funston to demand that the firing cease, but it is doubtful whether this will be complied with, as the battle is a desperate one.

LECTURE WILL BE REPEATED

ELDER HARLAN AND SEEBORN AND JOHNSTONE WILL DELIVER ILLUSTRATED TALKS AT MT. LAKE FRIDAY NIGHT

Friday evening Elder S. D. Harlan, W. E. Seeborn and Mr. Johnstone of Willis-Johnstone company will journey to Mt. Lake, where they will enlighten the people regarding Alaska, a portion of the United States that has come into great prominence, owing to railroad operations to be started by the government.

Elder Harlan has some splendid views of the northland, which he will flash on a screen, while Seeborn and Johnstone tell of their experiences there, etc. A number of Alaskan curios will also be shown at the lecture.

Interurban Line An auto line has been established between Medford and Grants Pass and will commence operations soon. The company has fourteen passenger bodies built for the cars which they will put on. One and one-half round trips will be made daily, the stopping over place alternating between the two cities. This service will be a great accommodation to the residents of the district between Central Point and Grants Pass, who have been unable to make good connections since the motor was taken off the railroad.—Ashland Tidings.

French General Kissing Lieutenant

Generals in the United States army do not kiss lieutenants, but they do in France, and this is proof of it. For here is shown General Reverard kissing Lieutenant Kula. However, there was some reason for it. Lieutenant Kula is a very brave man. His crutch bears witness to his wounds. He proved his bravery in a way which appealed so strongly to the French government that the decoration of the Legion of Honor was awarded him.

ANOTHER TIMBER TRADE IN SIGHT WILHELMINA CASE BEFORE TRIBUNAL

GILCHRIST EMPLOYEES CRUISING IN THE VICINITY OF CRESCENT PRESUMABLY FOR AN EXCHANGE WITH THE SHEVLINS

Representatives of the Gilchrist Lumber company of Alpena, Mich., who passed through Bend on their way south about two weeks ago, are reported as being engaged in cruising timber in the neighborhood of Crescent, as a preliminary to an exchange with the Shevlin company.

It is understood that the Gilchrist holdings will be further concentrated to the south, while the Shevlin interests will take the Gilchrist timber nearer Bend.—Bend Bulletin.

HE FORGED THE FETTERS USED ON CAPTAIN JACK

ASHLAND, April 14.—Michael Powell, old-time resident of this city and other portions of Southern Oregon, left for the East last week to reside permanently. For many years he was in the government employ as a blacksmith, and while working in this capacity at Fort Klamath Agency he was called upon to forge the fetters which were placed upon Captain Jack of Modoc War notoriety. Powell was a quiet, uncommunicative character, industrious and saving, and he had the reputation of being the holder of a snug fortune in government bonds. He distrusted banks, and had no use for bonds and mortgages.

Coal Rates Under Fire

United Press Service CHICAGO, April 14.—Readjustment of coal and coke rates proposed by Western railroads in the "Western advance rate" case, was argued today in the Interstate Commerce Commission's investigation. Large coal operators of Illinois, Ohio, Indiana, Oklahoma and other Middle Western states opposed the proposed rate increases.

ADMIRALTY COURT TO HEAR EVIDENCE CONCERNING AMERICAN VESSEL SEIZED BECAUSE CARRYING FOOD TO GERMANS

United Press Service LONDON, April 14.—Trial in the British prize court of the case of the steamer Wilhelmina, the American food ship detained under the British anti-American food embargo, was scheduled today. The case is among those on the calendar for the Easter court term, but may not be reached for a few days.

Counsel for the St. Louis owner of the Wilhelmina's food cargo today outlined the United States' case, which was the subject of sharp protest from the state department. It will be contended that the food cargo was consigned to the American owner at Bremen, and therefore was not subject to confiscation by the German government for military purposes. Great Britain, on the other hand, will contend that the German military authorities could have seized the food and thus evade England's "starvation" policy against Germany.

The Wilhelmina itself is not seized and, if her cargo is confiscated, England will pay her owners for the food seized.

Sunday School Workers Convene

United Press Service BATON ROUGE, La., April 14.—Practically every Louisiana Sunday school was represented today in the state Sunday school convention, which met here.

Giants Battle Bulldogs

United Press Service NEW YORK, April 14.—The New York Giants today held their final "before the battle" practice at the polo grounds, with the Yale as their opponents, preliminary to the season's opening tomorrow.

SHELLS FLY FAST IN DARDANELLES; VESSELS DAMAGED

SOME FIGHTING INSIDE STRAITS REPORTED

Bombardment of Turkish Forts Resumed Monday. According to Dispatches From Dedeachatch—British House of Commons to Settle the Prohibition Question—French to Start Big Offensive at St. Mihiel.

United Press Service LONDON, April 14.—Dispatches from Constantinople state that two vessels of the allied fleet were damaged by the fire of the forts guarding the Dardanelles Monday. The official press bureau says this is not confirmed.

From official and unofficial sources, though, it is indicated that the latest attack upon the key to Constantinople is of greater magnitude than any assault made since March 18th.

Constantinople reports say that several vessels entered the straits and bombarded the forts, but with no great success. Turk land batteries, it is stated, forced an early retirement. All correspondents from Dedeachatch indicate that the allies bombarded Monday.

United Press Service

BERLIN, April 14.—Today's official statement says the French are assaulting from both sides of St. Mihiel, attempting to force a wedge through the German line there. The fighting is reported as most violent on the north side, between Walsery and Marcheville.

It is admitted that the French infantry penetrated the German positions near Marcheville. Later, a reinforced German corps recaptured this point.

United Press Service

LONDON, April 14.—Premier Asquith announced that the cabinet has decided to leave the prohibition question to the house of commons.

Beer is the only intoxicant which will be permitted hereafter in the army canteens. This is interpreted to mean that parliament may prohibit the sale of spirits, but will permit the sale and use of beer and light wines.

Peace Education Meet

United Press Service PHILADELPHIA, Apr. 14.—Prominent educators from all parts of the country are here today to attend "Schoolmen's Week" at the University of Pennsylvania. The sessions will continue through to April 17th.

Educational questions will be discussed by specialists of national reputation. The sessions will be devoted to the problems relating to the training of teachers, rural school problems and matters in which the teachers and high schools are concerned.

Peace Delegates Sail

United Press Service HOBOKEN, N. J., April 14.—The American delegates to the Women's International Peace Conference, called by Queen Wilhelmina of Holland to meet at The Hague the latter part of this month, were scheduled to sail today on the Dutch steamer Rydam. Jane Adams of Chicago is chairman of the women's peace party of this country.

As a result of the war Italy is suffering industrial depression. About 1,000,000 Italians returned. During normal times Italians abroad send home \$20,000,000 yearly. This has dwindled to \$700,000 sent home in 1914. Tourists spend \$150,000,000 annually, and this source of income has stopped.

Ten thousand tribesmen at Techi, India, revolted, but were quickly repulsed by troops under Brigadier General Fane. Two hundred were killed and 800 wounded and the rest scattered.

LOCAL MEN GET SUB CONTRACTS

HEATING, PLUMBING, EXCAVATION AND ELECTRICAL CONTRACTS ON ELKS BUILDING GIVEN HOME FIRMS

Henry Bolvin was today awarded the sub-contract for the plumbing and heating plant for the Elks new home by LeDoux & LeDoux. The wiring and electric fixtures are to be installed by the Link River Electric company.

Cofer Brothers of this city will probably furnish the common brick for the building. The contract for the excavation for the building will be let this evening, and this work is to be done at once. Mr. LeDoux will leave in the morning for Portland.

SILOS WILL BE TRIED OUT HERE

FIRST SILO IN KLAMATH COUNTY TO BE ERECTED THIS YEAR. O. A. C. EXPECT COMING TO ADVISE IN WORK

The silo, so familiar in other sections of the county, is to make its appearance this summer in Klamath county. At least one, and possibly three or four will be built in the valley.

In these the silage will be two parts alfalfa or clover to one part rye or sold peas. The results will be watched with great interest by all dairymen of the county, and if the results attained are what are expected there is reason to look for the building of many silos in the next few years.

County Agriculturist Glaiser is offering valuable assistance to those contemplating the erection of silos, as he believes these will be a great benefit in the feeding of dairy cattle.

The silo, or silage to be built this summer will be in the nature of demonstrations, and results will be watched by other farmers. In order to make the silos all they should be, Glaiser has arranged to have Professor Barr of the extension division of Oregon Agricultural College come here, and after investigation, state the type of silo that Klamath county farmers can use to the best advantage.

LETTERS FROM SOLDIERS TO THE FOLKS AT HOME STRIP GLAMOUR FROM WARFARE AS IT'S PICTURED

By WILBUR S. FOREST (United Press Staff Correspondent)

LONDON, March 24.—(By mail to New York)—The human side of the trenches and firing lines, with their pathos and laughter combined, is no better told than by the "Tommy" at the front, thousands of whose letters are received weekly by "the folks back home."

Though interest is intense in the big news developments, second to this comes the "soldier letter" section in the daily newspapers, and columns appear daily. The British censor scrupulously eliminates all mention of troop locations in the soldiers' mail but this fails to detract from the interest in the subject matter.

How an old Belgian woman refused to leave her home, though German shells have cut great holes in her doorway, was related by a private in the First Wiltshire regiment. He called her "Mother Cavalier," and added: "We tried to get her to go, but she wouldn't."

REGISTRATION IS HALF LAST YEAR'S SIZE

ELEVENTH HOUR BURN BURN TODAY

At 5 o'clock 800 were registered for the City Election May 2nd.—Last Year the Registration Was 1600. All Candidates Have Filed Their Nomination Petitions, and Burn Day Is Lively.

With the city's registration books ready to close at 6 o'clock tomorrow afternoon, an eleven-hour burn will be held at the city hall this evening, and the burning of the registration books will be a most interesting sight.

As yet, though, the registration is light. At 3 o'clock this afternoon 800 were registered. This is little more than half of last year's registration, which was 1,678.

By wards this year's registration follows:

- First Ward 181
Second Ward 223
Third Ward 238
Fourth Ward 181
Fifth Ward 185

The apathy of the voters this year is puzzling the local political bosses. There are sharp contests for the office of councilman in each of the city wards, and besides this, the Ashland canal statement is to be a live issue. An amendment to the charter empowering the council to enter into negotiations for the purchase or acquisition of this waterway with a view to closing it is to be on the ballot.

All of the candidates for council have filed their petitions for nomination. They are:

- First Ward—J. W. McCoy and R. J. Sheets.
Second Ward—O. D. Mathews (incumbent), W. E. Seeborn.
Third Ward—J. H. Hamilton (incumbent), Clarence H. Underwood, I. R. Struble, J. W. Tyrell.
Fourth Ward—Dan E. Owens (incumbent), A. D. Miller, G. J. Stark.
Fifth Ward—H. J. Lockwood (incumbent), M. E. Doty, Roy Loggren.

Take Golden Rule Dishes

United Press Service NEW HAVEN, Conn., April 14.—A game with the New Haven Country Club team today, failed to inaugurate its season on the golf course. It will meet all large Eastern nations.

SEASONS OF MAJOR LEAGUES START TODAY, WITH EVERY MANAGER SAYING HE HAS A PENNANT WINNING BUNCH

- OPENING GAMES
National League—
At New York—Brooklyn.
At Boston—Philadelphia.
At Cincinnati—Pittsburg.
At Chicago—St. Louis.
American League—
At Philadelphia—Boston.
At Washington—New York.
At St. Louis—Chicago.
At Detroit—Cleveland.

to American fandom today. Seasons in both big leagues close October 7th. Then comes the world's series. Great celebrations today in cities luckily drawing the opening games were held. The usual brass band parades with mayors, governors and baseball magnates tossing out the first ball were scheduled. President Wilson is slated for this duty in Washington today if he can discard cares of state for the call of the horsehide. Old Doc Weather was the big factor in today's baseball debut. Fans anxiously scanned the clouds this morning. At most cities the click of the turnstiles was begun at noon. All cities reported "standing room only" on advance sales. Mayor Mitchell promised to toss out the first ball today at the Polo grounds, where the Giants and the Brooklyn Dodgers had a mammoth crowd awaiting the clang of the gongball for the "organized" big league variety was served up on the platter.
