

EVERYBODY OUT FOR ROAD WORK ALL TOMORROW

WORKERS TO MOBILIZE AT 7 O'CLOCK

Know, Fort Klamath, Pelican Bay and Merrill Roads Will Be Worked on by Local Men, Who Will Start Stores, Banks and Offices All Day. Big Dance at Pavilion Will Be the Windup Feature.

Klamath Falls will be a "deserted village" tomorrow, so far as men are concerned, as the business houses, court house, etc., are to be closed, and every man who can possibly get away is going out to show his approval of good roads by giving a day's work with pick, shovel, or other implement. The start will be made from the court house at 7 o'clock, and four main entries to the city will be worked. The foremen of each gang, in the order the roads named, are Percy Evans, R. C. Short, Judge Baldwin and J. W. Siemens. Judge Hanks is general superintendent.

At last night's meeting at the city hall it was decided that the men who are to work on the roads will be at the court house at 7 o'clock, attired in old clothes, and carrying a noon-day lunch and a pick, shovel, crow-bar or garden rake.

Besides this, men in other parts of the county will be at work, so the day will bring about highly valuable results in Klamath.

Each of the men working on the roads will receive a souvenir ribbon announcing the fact that at least one day in his life he "worked." These will admit the poor workmen to the Orpheus theater's special program.

Another feature will be a big dance at the Pavilion. There will be no admission charged, but a collection will be taken up, and this will be given to the Klamath Falls Military Band, to assist the organization in getting started. At this meeting the road supervisors will make their reports.

The barbershops of the city will reopen at 5 o'clock and remain open two hours and a half, to give all the workers a chance to get "sleeked up" and bathed before the dance music starts.

The committee secured a number of promises of automobiles. These machines are to be at the court house at 7 o'clock in the morning, to transport the men to the work. Any auto owner who was not interviewed by the committee, and who desires to assist, should also report at that time.

Autos are already listed by J. F. Maguire, W. S. Worden, Ed Vannice, Central garage (2), Marlon Hanks, E. B. Hall, Fred Houston, E. M. Chilcote, Charles I. Roberts, J. S. Kent, A. E. Whitman, Chas. F. Ferguson, Doc Powell, Klamath Development company, W. Paul Johnson, Dr. Rambo, J. A. Gordon, Geo. T. Baldwin,

DELAY OF REPLY BY GERMANY IS CAUSING WORRY

Believed That Italian Crisis May Be Responsible for Delay, But Officials Think the Kaiser Should Lose No Time in Stating His Position on the Issues Put Up to Him in Wilson's Letter.

United Press Service WASHINGTON, D. C., May 19.—Germany's delay in answering the American note is causing renewed anxiety in official circles. The Italian developments, it is realized, are today paramount in Germany, but it has been hoped that an official indication of the Kaiser's position on the questions submitted would be forthcoming upon receipt of the letter.

Ambassador Gerard called Secretary Bryan from Berlin that there is no possibility of an answer from Germany this week. The Italian crisis is the reason given. Announcement has been received of the submerging of the British steamer Brunner yesterday. It caused an unpleasant surprise, as officials hoped that submarine warfare was indefinitely postponed, so far as attacks on commercial vessels was concerned. Military and naval officers believe Kaiser Wilhelm will refuse to entirely abandon submarine activities.

Lake Mohonk Conference MOHONK, N. Y., May 19.—The Hon. John Bassett Moore of Columbia University presided over the twenty-first Lake Mohonk conference on international arbitration, which opened here today. A large part of the conference's time will be devoted to the discussion of international arbitration, but consideration of the interests of neutrals or of the world at large in the present European war, and its effects will not be entirely excluded. However, there will be no discussion of the causes and conduct of the war in the form of direct criticism of specific policies or acts of any belligerent or group of belligerents. The conference will close May 21.

In Germany women are being employed everywhere in rural schools that until now were conducted almost exclusively by men. German women doctors and dentists are also in great demand owing to the war. Sid Evans, Frank Vannice, J. E. Swanson, C. R. Miller, Geo. J. Walton, W. P. Johnson, Chas. F. Stone, H. Roland Glaisyer, Chas. F. Moore, R. E. Smith, Big Basin Lumber company, Ford garage, Leslie Rogers, John Siemens, L. F. Willets, Barney Chambers, Dr. R. R. Hamilton, E. H. Lawrence, G. B. Cozad and George Chastain.

the foot of the mountain leading to the rim. "As far as Anna Creek falls the ground is practically bare. The roads for a mile inside the park line by both the Medford and Klamath entrances are now open to auto travel. "With two weeks of good warm weather it will be possible, I believe, to cross the mountains." When Mr. Momyer returns to the park he will be accompanied by Mrs. Momyer, who will spend the summer at headquarters. Momyer expects to drive clear to headquarters with a team.

Types of Italian Cavalry Ready for Austria, Should War Break Out

King of Italy Officer Training His Mount Shooting practice from standing position Jumping stone fence and moat

If Italy declares war on Austria, the famous cavalry in which the whole nation has taken as much pride as in its fleet, will be depended on to march into Austria. The Italian cavalry has been trained to perform maneuvers something like the Cossacks among the Russians, and among military men of Europe it has a reputation of the very best.

TURK CIGARETTE TABOO IN LONDON

KING GEORGE, PRINCE OF WALES AND OTHER USERS OF THAT BRAND HAVE SWITCHED TO PIPES OR OTHER BLENDS

United Press Service LONDON, May 19.—(By mail to New York)—Since Turkey's entrance into the war, Turkish cigarettes are taboo in England.

King George, who rarely smokes cigars, used to smoke Turkish cigarettes with a relish. Now, it is learned, he has taken to Egyptian blends. The Prince of Wales, whose short, gold tipped Turkish cigarettes were well known to fellow army officers at the beginning of the war, now finds consolation in a favorite briar pipe, in which he smokes a blend of Egyptian and Virginia tobacco. He does not prefer the Turkish. He still smokes cigarettes occasionally, however. They are especially made, and are a scant two inches long. This is because the prince so often finds himself in situations in which smoking is not correct that half the cigarettes he smokes are barely lighted and thrown away.

London tobacco dealers are authority for the statement that "Turkish tobacco has practically disappeared from the British market since Turkey

declared hostilities, and in many shops they are not now offered for sale. The British smoking public is following the king and prince. There is no sympathy for Turkish tobacco.

ALUMNI TO MEET TONIGHT AT 7:30

GATHERING WILL BE HELD AT RUTENIC & KENT'S LAW SUITE, TO DISCUSS BANQUET AND SUPPORT OF STUDENT ATHLETICS

An important meeting of the Alumni Association of Klamath County High School will be held tonight at the law offices of Rutenic & Kent. It will begin at 7:30, and at this time plans will be made for the annual banquet and reception to the graduating class.

Another matter to be brought to the attention of the old grads by President Carlyle Yaden is the organization of the association for the encouragement of high school athletics. This will be done through organized rooting at contests and attendance of these games in a body, as well as by what coaching assistance the alumni can give.

Twenty-nine Episcopal parishes in the city of New York have memberships exceeding 1,000.

ANOTHER FIRM TO SEEK WAR HORSES

ALEX DAVIS NOTIFIED BY WIRE THAT OUTSIDE BUYERS WILL BE HERE IN A FEW DAYS TO BUY KLAMATH STOCK

Yet another raid is to be made on the horseflesh of Klamath county, to provide animals for use by the warring nations. Alex Davis, a well known local stockman, has received a wire from Grant Mays, a stockman at The Dalles, asking him to meet and introduce a buyer who will be here in a few days.

"Mays and I are old friends," said Davis. "His wire carried no details, so I do not know what type of horses, draft or mount, will be sought by this buyer. Neither do I know for what country he is buying."

What War Means

United Press Service MINOT, N. D., May 19.—John and Edward Baker, who live in East Prussia, will receive a letter from their brother here, telling them their mother, less than thirty miles from them, is dead. The letter will travel 12,000 miles to get to them, less than thirty miles away. The reason is that a German line is between them and their maternal home.

ITALY TO BE IN SHAPE FOR WAR IN SHORT TIME

TROOPS ARE NOW BEING MOBILIZED

General Sentiment Is That Tomorrow's Convention of Parliament Will Grant the Cabinet All the Power Necessary to Begin Hostilities—Germany Says She Will Back Austria With All Resources.

United Press Service

ROME, May 19.—War with Austria is regarded as certain. Mobilization of troops is now under way, and will be completed in twenty-four hours.

A convention of parliament has been called for tomorrow, and at that time the members will be asked to grant the Italian cabinet plenary powers. The government's policy will be outlined at this time by Premier Salandra.

The declaration of war is not expected for several days after the convening of parliament.

The military department has taken charge of all railroads. Bridges all along the frontier are being heavily guarded.

The German and Austrian embassies deny the report that the Austrian ambassador has demanded his passport.

Students at all the universities are leaving to enlist. The war spirit is rampant throughout the kingdom.

While none of the members of the cabinet will make any announcement, the Salandra newspapers say that the sentiment of the members of parliament is almost unanimously in favor of war.

United Press Service

BERLIN, May 19.—Today's "Morgen Post" says that Germany will support Austria with all the resources at her command if Italy declares war against Franz Josef's kingdom.

In Berlin it is expected that Italy will declare war within a few hours, following the convention of parliament tomorrow, to concede the cabinet power to take any action deemed advisable.

There was a rumor out last night to the effect that Austria may further concede points to Italy. This was discredited generally here.

MORE FIGHTING THRU FLANDERS; SHELL PRZMEYSL

KAISER IS AT FRONT WITH HIS TROOPS

Announcement of a Reconstruction of the British Ministry Is Made by Asquith—Too Wordy Speech by Germanized American Results in His Arrest by the German Authorities—Other War News.

United Press Service

PARIS, May 19.—After a bloody two-day battle in Flanders, a strong German detachment has been repulsed, according to official announcement.

Suffering severe losses en route, a part of the detachment approached the French trenches, which it showered with bombs and hand grenades.

Machine guns mowed down the survivors, and the supporting companies retreated.

United Press Service

PETROGRAD, May 19.—It is officially announced that the Austro-German artillery is bombarding the outer forts of Przemyel with increasing violence. Aviators are also busy on both sides, and the Russian army report the Austrians using their big 42-centimetre Skoda guns.

The German infantry are reported as attempting to surround the fortress and cut its defenders from their main army.

United Press Service

BERLIN, May 19.—It is announced that Kaiser Wilhelm was with his troops in Western Galicia Sunday when they crossed the San River.

The police today arrested Maurice Sanborn, a Germanized American, who was ejected from the American embassy. In a bitter speech in a leading cafe he bitterly insulted President Wilson and Secretary Bryan, making his talk in both German and in English.

United Press Service

LONDON, May 19.—Asquith today announced in the house of commons that a "reconstruction of the ministry on a broader political basis is under consideration." This is regarded as an official confirmation of the report that a coalition will replace the present ministry. It is announced that the changes will not affect Foreign Secretary Grey, Asquith, or England's war policy.

Through Oregon via Ford.

C. F. Stone has returned from Portland, where he attended the meeting of the state fish and game commission. He made the return trip through Eastern Oregon in a Ford machine, which the commission has supplied for use at the Spencer Creek hatchery. He was accompanied by his nephew, Joe (Bones) Skelton, who will operate the auto in transporting fish from the hatchery.

Snow Is Still Flying in the Crater Lake Reserve

According to Park Manager H. E. Momyer, who is here from Crater Lake National Park, there is still much snow in the park, and there has been much snowy weather of late. Unless there is a sudden change, Mr. Momyer believes it will be some time in July before the lake can be reached by autoists.

"In the past ten days there has been a fall of about seven inches," said Momyer. "The snow is about three or three and a half feet deep at Headquarters, and five feet deep at

the foot of the mountain leading to the rim. "As far as Anna Creek falls the ground is practically bare. The roads for a mile inside the park line by both the Medford and Klamath entrances are now open to auto travel. "With two weeks of good warm weather it will be possible, I believe, to cross the mountains." When Mr. Momyer returns to the park he will be accompanied by Mrs. Momyer, who will spend the summer at headquarters. Momyer expects to drive clear to headquarters with a team.

Camp Fire Girls Are to Be Organized Here

Klamath Falls is to have a new organization, the Campfire Girls of America. This is an organization for girls over 12 years of age, and it is carried along on lines similar to those used by the Boy Scouts. Instruction in nature study, self reliance, etc., is the object of the movement.

Mrs. Bert Carl Thomas is behind the organization here. She has issued a call for all girls in the city schools over 12 years of age, to be at the Cen-

tral school at 2 o'clock tomorrow afternoon, when organization is to be effected. Grown women interested in this splendid campaign are also asked to attend tomorrow. The girls are divided into campfire groups, and each of these groups has a grownup leader. This movement has spread all over the United States. Wherever it is organized the Campfire Girls Club is heartily endorsed by parents and teachers.
