

ITALIAN CABINET HAS POWER TO GO AGAINST AUSTRIA

TROOPS ARE STARTED FOR THE FRONTIER

Italian "Green Book" Circulated Among Lawmakers, Says Austria Violated Her Triple Alliance Compact by Invading Serbia—News of Bill's Passage Is Wildly Cheered in All Parts of the Kingdom.

United Press Service

ROME, May 20.—Parliament, by a vote of 365 to 54 today conferred plenary powers on the cabinet. It is believed that this means that when the general staff of the army is ready Austria will be sent an ultimatum to accede to Italy's demands or fight.

This will probably be sent by tomorrow.

The news was flashed to all parts of the country. Everywhere there is enthusiasm and cheers for parliament.

Italy's "green book" was distributed to the deputies. This charges Austria with the responsibility for war, asserting that Austria violated the Triple Alliance compact when she invaded Serbia.

Pope Benedict today approved the text of a prayer to be recited on the battlefields by the Italian forces.

Many contend that this indicates he has cast his influence with Italy.

The senate also unanimously passed the Salandra bill, empowering the government to safeguard the state by giving the cabinet authority to issue decrees having the value of laws, and the prime minister the right to contract loans.

Troops are massing along the Austrian frontier. Several regiments are reported to have left Milan today for the eastern border.

"Dolly Madison Day"

WASHINGTON, D. C., May 20.—Tomorrow will be "Dolly Madison Day" wherever the Women's National Democratic League is represented. The organization had its inception at a "Dolly Madison breakfast" two years ago, and at their recent meeting here the women decided their heroine's birthday anniversary should be observed each year. The organization is now without a president, the office formerly occupied by Mrs. Woodrow Wilson not having been filled out of respect to her memory.

Miss Justine Johnson, a New York girl, leads the whole continent for representative beauty, having been adjudged the winner of the \$5,000 prize contest offered by a well known film firm.

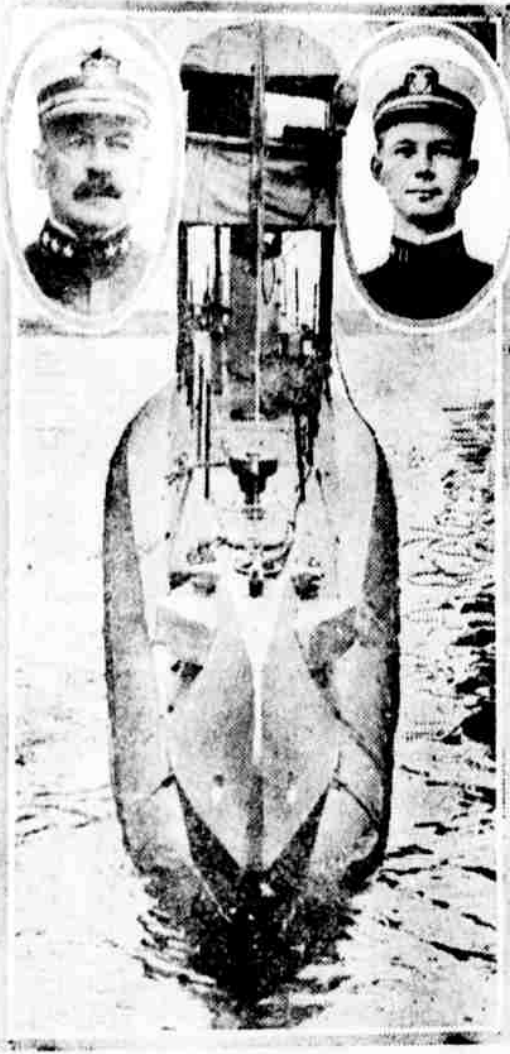

Freer Stops Permits for the Time Being

Despite reports around town to the effect that white people are prohibited from fishing on the reservation, Indian Agent Wm. B. Freer contends that this point is still not definitely settled. Another tribal council meeting is to be held next week, when the matter will again be discussed.

While the Tribal Council has a right to make regulations for conduct on the reservation, these regulations are of no effect until the matter is approved by the superintendent. Until further examination of the matter, however, Mr. Freer has decided to issue no more permits for fishing to white people.

According to Mr. Freer, the Indians do not seek to be unreasonable in the matter. Their treaty with the whites, made in 1854, gives the Indians the exclusive right to fish on the reservation, but they will not ob-

"Can Sail in Two Hours," Says Admiral Fletcher of U. S. Fleet

Submarine E-1

"The fleet in these waters (New York harbor) can get under way in two hours, and the ships are now prepared for action."

Those were the words of Admiral Fletcher, commander of the great fleet of American battleships now in New York harbor, when he was asked about their condition. He probably had in mind the brilliant exploit of Lieutenant Thomas Withers and the submarine E-1. To join the naval display in the Hudson River, the E-1 had to go all the way from Key West. She made the trip under her own power without stopping once. The officers think she broke a submarine record for long distance travel, for the distance from Key West to New York is 1,220 miles.

The journey from Key West began Friday, April 30, at 10 a. m. With the E-1 were the E-2, the Tonopah and the MacDonough. The E-1 was

Shore line property has increased in value \$5,000,000 since the war on mosquitoes, according to Dr. Thomas J. Hendlee of the New Jersey experiment station.

Marie Correlli, the novelist, spends much of her time at the piano, of which she is an expert player.

flagboat. She set the pace, which was ten knots an hour. The E-2 did her best to keep it, but on several occasions had engine trouble, and had to be taken in tow by the monitor. The destroyer ran short of coal, sheered in to Charleston to renew her supply, and joined the others off the Chesapeake Capes.

"I'm blame glad to get out of that," said a sailor of the submarine, with a weary nod toward the E-1. "I'm dead tired. If I could only get a bath and a bed for about twenty-four—no, forty-eight hours.

"Look at me, look at any of us! Every stitch of clothing soggy. That is the way we've been ever since we put out from Key West. There isn't any dry places in a submarine. The inside metal sweats and drips all the time. And traveling with decks awash there's no way of getting things dried out."

"BOOKING" FOR HARVEST HANDS

SEVEN MIDDLE WESTERN STATES ARRANGING TO HAVE LABORERS GO FROM ONE STATE TO THE OTHER

United Press Service

DES MOINES, Iowa, May 20.—A. L. Erick, state labor commissioner, has announced that he will co-operate with seven other states in supplying harvest hands to farmers, as soon as the free employment bureau is in operation, July 1. It was authorized by the thirty-sixth general assembly which recently adjourned.

A plan has been adopted by which the harvest hands will commence work in the fields of Oklahoma in the middle of June, then proceed to Kansas and Nebraska, then Iowa and the Dakotas and Minnesota, and finish the season in Canada.

It is proposed to have the employment bureaus of eight Middle Western states take charge of these men and pass them on from state to state.

In the United States there are seventy-seven women lumbermen, 2,350 stock herders, forty-five quarry operators, thirty-one blacksmiths, fifteen brick and stone masons and forty-four longshoremen, besides 325 women bankers and 1,347 bank cashiers.

MEMORIAL DAY PLANS TO BE MADE TONIGHT

Don't forget the meeting to be held at the court house at 7:30 this evening, when plans will be made for the observance of Memorial Day. This is a matter that should interest every citizen of Klamath Falls, and a big attendance is desired.

PRZEMYSL WILL SOON FALL INTO TEUTON CONTROL

RECAPTURE OF THE FORT IS IMMINENT

Admission of the Nearness of Austro-German Forces Is Made by Russian War Office—Turkish Hidden Batteries Shell Allies' Warships in the Dardanelles and Force Them to Make a Withdrawal.

United Press Service

LONDON, May 20.—The fall of Przemysl before the Austro-German army under General von Mackenstein is believed certain. The great Gallican fortress captured by the Russians after a siege of several months, is about surrounded by the Teutons.

It is certain that the fort will have to be surrendered or the defenders will run the risk of being surrounded and annihilated.

This opinion is given by all critics, following the admission by Petrograd of the German advantage.

United Press Service

CONSTANTINOPLE, May 20.—It is announced that hidden Turkish batteries inside the Dardanelles Monday bombarded the British fleet, and forced it to withdraw. An attack was made by the French ships Tuesday, but with no success.

United Press Service

LONDON, May 20.—Premier Asquith today began the formation of a coalition cabinet. Its personnel will probably be announced after parliament reconvenes in June.

STUNT COMMITTEE MADE PERMANENT

MASS MEETING NAMES HEADS OF VARIOUS ORGANIZATIONS TO TAKE CHARGE OF PUBLIC AFFAIRS

Lead on your Good Roads days, your Clean-Up days, your Fire Prevention days, and the rest of them. Klamath Falls is prepared to handle them all as they come.

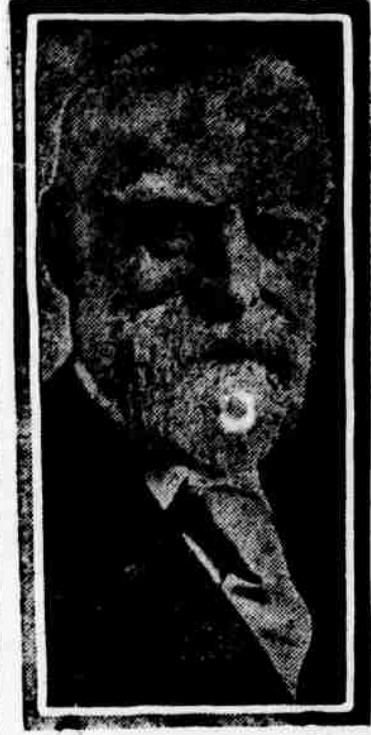

A permanent committee was named at Tuesday night's meeting at the city hall to take care of events, such as today's, that are arising from time to time. This committee is empowered to begin any action they think necessary.

County Judge Marion Hanks, Mayor T. F. Nicholas, President E. D. Johnson of the Klamath Chamber of Commerce and President J. F. Maguire of the Klamath Business Men's Association are four of the committee. The other is to be chosen by these men.

Mrs. Keith Donaldson, once known as the "Million Dollar Bride," is thinking seriously of going on the stage to secure money with which to continue her fight for her daughter, who is now in the possession of her mother-in-law.

Mountain climbing as a sport is one to which women today are devoting much attention.

Facts of German Outrages in Belgium

James Bryce

The commission on investigation of outrages of German troops on the Belgians, of which Viscount Bryce, formerly British ambassador to the United States has made its report, and summarized its findings as follows:

1—That there were in many parts of Belgium deliberate and systematically organized massacres of the civil population, accompanied by many isolated murders and other outrages.

2—That in the conduct of the war generally innocent civilians, both men and women were murdered in large numbers, women violated and children murdered.

3—That looting, house burning and the wanton destruction of property were ordered and countenanced by the officers of the German army, that deliberate provision had been made for systematic incendiarism at the very outbreak of the war, and that the burnings and destruction were frequent where no military necessity could be alleged, being indeed part of a system of general terrorism.

4—That the rules and usages of war were frequently broken, particularly by the using of civilians, including women and children, as a shield for advancing forces exposed to fire, to a less degree by killing the wounded and prisoners in the frequent abuse of the Red Cross and the white flag.

BOXMAKERS GET READY FOR PLAY

NEW UNIFORMS ARE ORDERED FOR BALL TEAM, AND RATTING THIRD SACKER IS DUE HERE SATURDAY NIGHT

Following their defeat of the Klamath Falls team in an 11-inning game Sunday, and a 4 to 2 victory over the high school team in a four-inning game last night, the members of the Ewauna Box company's baseball team have decided to strengthen, practice, and go out for all the big games. On Sunday they will play a second game against Tindall's recruits.

Manager O. E. Willey of the Ewauna aggregation yesterday telegraphed in a special order for uniforms. These suits are expected here in time for Sunday's game.

A valuable addition to the team will be Jimmie Bowden, former third-sacker for Weed. He will be here from Sisson Saturday night, and will guard the difficult corner for the boxmakers all season. Bowden is a whirlwind in the infield, and he is also a consistent stickler.

The schedule of games to be arranged, it is believed, will include contests with Fort Klamath, Bonanza, Weed, Yreka and other nines.

In last night's four inning game, Otto Arnold hurled for the box factory gang, and Hilton delivered the slants and dips for the high school.

ROOSEVELT-BARNES CASE GOES TO THE JURY FOR VERDICT

United Press Service. SYRACUSE, N. Y., May 20.—The settlement of the \$50,000 libel suit brought against ex-President Theodore Roosevelt by William Barnes Jr., republican leader of New York, is now in the hands of the jury. Following arguments by the opposing counsel and instructions by the justice, the case went to the jury men at 3:45.

HUNDREDS WORK ROADS OF COUNTY WITH PICKS, ETC.

BUSINESS SUSPENDED ALL OF TODAY

Under Baldwin, Siemens, Evans and Short, Much in the Way of Minor Repair Work Is Accomplished on the Four Main Arteries—Dance Will Be Held Tonight at the Pavilion as a Wind-Up Feature.

Several hundred men, clad in working clothes, and carrying picks, shovels or other tools, assembled at the court house this morning, and were transported by autos to different places to spend the day at manual labor. All the business houses are closed.

This is Klamath Falls' endorsement of the Good Roads Day proclamation issued by Governor Withycombe. The result is not only a hearty support of the governor and good roads movements, but it has also brought about some real improvement on the roads. County Judge Hanks is the boss supervisor, and the work is being carried on in four places, under four supervisors.

Judge Baldwin is in charge of the work between Keeno and the state line. R. C. Short has charge of the men working on the Merrill road, the work on the Pelican Bay road is under the direction of Captain Siemens, and Percy Evans is bossing the volunteers improving the Fort Klamath road. Besides this, men in other parts of the county are also at work, improving roads near their homes.

Tonight there will be a big rally by the workers at the Pavilion. At this, reports will be made by the different foremen on the work accomplished, and there will be a big dance. There will be no admission charged, but a collection will be taken up for the Klamath Falls Military Band. The band and the Peerless Orchestra will furnish music, and all are invited.

Fish to Be Planted in Our Small Lakes

The Klamath Sportsmen's Association has received a letter from Master Fish Warden R. E. Clanton stating that the state will furnish the association with 300,000 trout fry, to be planted in Lake of the Woods, Diamond Lake and Four Mile Lake. These will be furnished from the Spencer Creek Hatchery.

In his letter Clanton states that the construction of a new state hatchery at Bend will keep the lakes and streams of Southern Crook and Northern Klamath counties supplied with trout.

This action of furnishing trout for the three Klamath county lakes is taken after the passing of a resolution by the Klamath Sportsmen's Association, requesting such action.

The association has also taken up the matter of having the roads to

GERMANY TAKES ISSUE WITH U. S. IN HER ANSWER

REPLY IS EXPECTED HERE NEXT WEEK

Understood That the Principle That American Citizens Shall Be Safeguarded Under All Conditions, Is Not Accepted by Germany—Submarining Policy Will Be Opposed by Kaiser, It Is Understood.

United Press Service. BERLIN, May 20.—Germany's reply to the American note will probably be completed Monday. Barring unforeseen delay in transmission, it should be delivered in Washington early next week.

It is officially learned that Germany has replied in a friendly, polite manner, and gives no reason for apprehension regarding future relations between these nations.

United Press Service

WASHINGTON, D. C., May 20.—According to semi-official advice, it is understood that at series of consultations held at a series of ambassador Gerard in Berlin and the German foreign office, Germany's position in regard to the American requests is about settled upon.

In part, this is that Germany has not officially accepted the general principle that American citizens shall be protected and safeguarded by the United States under all conditions. Claiming that this is contrary to international law, Germany will reject the suggestion by President Wilson that America can demand the complete abandonment of submarine activities.

The foreign office is reported as holding that the legal rights of the United States in this matter extend only to the protection of vessels of American register, and cannot be construed to cover the protection and safety of Americans aboard belligerent's merchantmen.

It is understood that Ambassador Gerard has cabled Secretary Bryan that the German reply will be specific. It will discuss the note by paragraphs. It is reported.

This reply, it is understood Gerard has notified Bryan, will defend Germany's submarine warfare as a just reprisal against an enemy. It will be argued that this is merely fighting fire with fire. Secretary Bryan denies the stories that America has admitted that Wilson's demand for an abandonment of submarining is not justified under the international law.

HULL, May 20.—It is announced that the trawler Chrysolite was submerged and sunk off Kinnard head yesterday. The crew was saved.
