

## MEXICANS DO NOT TAKE KINDLY TO WILSON'S NOTE

### BRITISH PREPARE TO PROTECT PEOPLE

Carranza Garrison at Laredo Is Strengthened Today by the Addition of More Troops, and It Is Reported That Carranza Again Proposes to Take Mexico City—Wilson's Note Delivered to the Constitutionals.

United Press Service  
WASHINGTON, D. C., June 4.—In anticipation of trouble as a result of America's abandonment of her watchful Mexican policy British authorities in Mexico City are today adopting extraordinary measures to get English people from there to the coast. Trains, autos and horses are all being used.

The Brazilian minister there is arranging for trains to convey Americans to safety. Anti-foreigner riots are feared.

It is reported that Carranza intends to retake Mexico City and crush his rivals.

Consul General John R. Silliman today notified Secretary Bryan that he had delivered President Wilson's note to Carranza and to Provisional President Carrera of the constitutionals.

He did not make any comment regarding its reception. It is not known whether the note has been delivered to Villa.

United Press Service  
LAREDO, June 4.—In view of President Wilson's note to the Mexican factions, it is considered significant that the Carranza garrison at Nuevo Laredo has been strengthened to 1,500 men.  
General Procopio Alexandro arrived today with 800 men. He succeeds General Ricut as commander of the garrison.

Where Is Their Sense of Humor?  
United Press Service  
CINCINNATI, O., June 4.—Sense of humor is signally lacking in street car conductors.

When Mounted Policemen and Ten Brunsel threw a conductor's lunch at his head and gave him a milk bath, the poor conductor couldn't see the joke.

Ohenstein and Ten Brunsel face trial on charges of conduct unbecoming an officer and a gentleman. Safety Director Holmes' sense of humor was absent also.

## Dr. Morrow Writes of Horrors of War

The following from a former local physician, is from the Portland Journal:

Impressions of airships, flying German shells, thousands of wounded and the atrocities of war are described by Dr. Earl V. Morrow, son of Dr. J. W. Morrow of Portland, who is with the American Red Cross in Belgium, in a letter received by Dr. Morrow yesterday. The letter, dated Folkstone, May 14, 1915, says:

"We arrived here in Folkstone yesterday, 12 noon, and it was just pouring down rain, but today it is beautiful. This city has 20,000 people. It is very old, and has very narrow streets, some not over six feet wide, with shops thick on each side. It is strictly under the war office, troops and sentinels everywhere, and it takes you forever to get around. All the workmen are gone, so you can hardly get anything. Airships are thick sailing over us and across to France, and

## Italy's "Big Five" in Conduct of War

The attention of the world is today focussed on five men, the "Big Five" of Italy—Premier Antonio Salandra, General Conte Luigi Cadorna, chief of staff of the army; Prince Louis of Savoy, Duke of the Abruzzi, admiral of the battle fleet; Baron Sidney Sonnino, minister of foreign affairs, and General Caneva, commander of the army. It would be hard to find five more interesting personalities than these, in whom Italy has placed her fate in the war against Austria.

To the Duke of the Abruzzi, well known to the American public because of his romance with Miss Katherine Elkins, Italy looks to retrieve the naval disaster on the Adriatic coast at Lissa in 1886. Then Austria, with inferior numbers and ill equipped squadron, struck Italy a crushing blow, which has left its mark upon Italian naval prestige up to the present day.

## SLAVS FIGHTING BACK, BUT CAN'T STOP TEUTONS

### MANY OIL WELLS BEING SET AFIRE

Much Credit for the Taking of Przemysl Is Given the Bavarian Regiments by General von Mackenzen, and Schools in Berlin Closed for Holiday—German Transport Near Constantinople Is Torpedoed by the British.

United Press Service  
BERLIN, June 4.—The Austro-German forces are advancing against Lemberg, to which city the Russians driven out of Przemysl yesterday are retreating. The Slavs are being rolled back along a 100 mile front.

In several places the Muscovites have made desperate efforts to reform the fleeing forces for a final stand against the Teutons. While some of these attacks have been extremely courageous, none have succeeded, nor have the Russian counter attacks halted the advance at any point.

The following telegram was sent to King Louis III of Bavaria today by von Mackenzen:

"The conduct of our brave Bavarian troops materially aided us in scoring our splendid victory. They won a name for themselves in this engagement."

The retreating Russians are setting fire to the oil wells they pass. Vienna estimates that there are 80,000 tons of oil burning.

The schools here are closed today in celebration of the Przemysl victory.

United Press Service  
Petrograd, June 4.—The official statement says that three Austrian regiments were slaughtered and 4,000 prisoners captured in fighting northwest of Przemysl yesterday.

United Press Service

## Acting Head of Italian Government

Duke of Genoa

The Duke of Genoa, uncle of the king of Italy, has been appointed by him to act in his stead during the war. The king issued a proclamation on assuming command of the army and navy in action. It read as follows:

"We, Victor Emmanuel, on the report of the president of the cabinet, and after hearing the advice of the council of ministers, have appointed our most beloved uncle, Tommaso, of Savoy, Duke of Genoa, our lieutenant general during our absence from the capital.

"On the advice of the responsible ministers he will transact all matters of ordinary administration and every other matter having the character of urgency.

"He will sign all royal decrees, which will be countersigned in the usual form."

## FIRST MASS HOUR IS MADE EARLIER

### FIRST SERVICE AT SACRED HEART CHURCH WILL BE HELD AT SIX O'CLOCK FOR BENEFIT OF PICNICKERS

Beginning Sunday morning First Mass at Sacred Heart church will be held at 6 o'clock instead of 8:30. This is to give picnickers, excursionists and others leaving for a day's outing an opportunity to attend services before they leave.

No change has yet been made in the hour of holding Second Mass, 10:30. Father McMillan, S. J., last year tried the early Sunday service, and found that it was greatly appreciated.

## REJOINDER IS BEING CAREFULLY DRAWN

WASHINGTON, D. C., June 4.—The gravity of the German situation is indicated strongly today by the fact that Robert Lansing, counsellor of the state department, and such, the government's greatest international law expert, was summoned to attend today's meeting of the cabinet.

President Wilson wishes Counsellor Lansing to make the American rejoinders to the German reply correct in every detail. This, it is felt, is necessary if there is to be no more slips or excuses for further delay in the handling of points directly affecting our national honor.

It is generally expected that the American rejoinder will declare that irrelevant issues will be entirely disregarded until America is given some definite assurance that her rights under international laws will be fully recognized and respected. Members of the cabinet agree that this stand must be maintained without weakening.

Meyer Gerhard, one of the German Red Cross commissioners, will act as personal representative for Ambassador Bernstorff at Berlin in connection with the handling of the Kaiser's reply to the Wilson note. He sailed for Berlin yesterday on the steamer United States.

Gerhard will be expected to tell Kaiser Wilhelm the exact feeling his note has created in the United States. Other members of the German Red Cross commission are Dr. Dernburg and Count Siersdorff.

## NEUTRAL SHIPS SUFFER

Norwich, Scotland, June 4.—A German submarine yesterday sank the Danish steamer Salvador in the North Sea. The crew landed here today after drifting for twelve hours in open boats.

The captain said that the submarine came alongside yesterday, and gave the crew five minutes to leave the vessel, and despite the protest that the vessel flew the flag of a neutral nation, the submarine commander stated that he was sorry, but war is war, and the crew had better take to the boats. After the crew left the Salvador was torpedoed, and the crew was towed a short distance by the diver.

The Norwegian steamer Cubano was torpedoed off the Lannan Islands early this morning. Announcement is also made that the Swedish steamer Lapplander was torpedoed and sunk. The crew and four women passengers landed at Peterhead yesterday.

## FEDERAL COURT WARNER FREED

### HERE JUNE 10 BY JURY TODAY

While the federal district court has decided to hold the trial of Jim George, a Klamath Indian, here at the city hall, beginning June 10, there are several little matters to be attended to before that time. One of these is the furnishing of the city hall for the occasion, and this will be taken up by the council Monday night, an emergency clause being hooked to the authorizing ordinance.

George is charged with killing Pete Brown, another Klamath, at Plute Camp. He was tried in Medford last fall, and the jury disagreed. Stone & Gale and Judge Webster are George's attorneys.

Many Going to Merrill.  
Several auto loads of Klamath Falls people will go to Merrill tonight to attend the dance to be given there by the Peerless Orchestra. The local musical organization has scored a big hit in the Alfalfa City, and the dances being held there are great successes.

After thirty minutes' deliberation, the jury in the Cody Warner trial brought in a verdict acquitting him of the charge of setting fire to the Petersteiner cafe. The state's case was not as strong as many expected, and this is largely due to the fact that landore Maustishah, the youth who said he saw Warner start the fire failed to appear.

Onell & Manning for the defense, put on many witnesses whose testimony did not give the state's informant a very good character record. Prosecuting Attorney Irwin and W. M. Duncan were the state's attorneys.

Immediately after the trial ended Bailiff M. G. Wilkins called in the jurymen, and this afternoon talesmen are being selected to try Fred Bailey, who is accused of stealing liquor from the basement of the Taber bar. W. H. A. Renner is Bailey's counsel.

Mrs. Emily W. Hartley, is manager of a theater in Stamford, Conn.
