UNIVERSAL Food Chopper
Cuts Like a Pair of Shears

Many so-called choppers crush and tear the meat of vegetables, wasting the juices and destroying the flavor.

The UNIVERSAL—the original Food Chopper—cuts like a pair of shears, with two sharp, beveled edges. These edges are so adjusted that they keep sharp automatically by acting one upon the other.

The UNIVERSAL Food Chopper cleanly chops all kinds of meats—raw or cooked—and fruits and vegetables—course or fine as desired—without mashing or tearing.

Each UNIVERSAL Food Chopper is equipped with coarse, medium and fine cutters.

Extremely simple. Nothing to get out of order. Parts interchangeable—easily cleaned.

WANT HIGHWAY VIA POKEGAMA

PIONEER RAIL ROUTE TO KLAMATH MAY BECOME HIGHWAY TO MAIN LINE—CUTS OUT THE FAMOUS TOSPY GRADE

The feasibility of a wagon road via Pokégama and Fall Creek to connect Klamath Falls with the Pacific highway is a subject now occupying the attention of Klamath Chamber of Commerce. By many it is considered that this would be the best way to reach Klamath Falls, were a good road provided, and the county court expects to soon view the proposed highway, to ascertain the facts.

To make a road via Fall Creek and Pokégama it would be necessary to secure the old railroad right of way in that section for several miles. Happily this could easily be secured from the California-Oregon Power company, which owns it, provided Klamath county would adopt the route and construct a good highway.

The idea of such a road has found favor among the residents of that vicinity, and the farmers along the route have agreed to give six days each, with teams, for the destruction of the old railroad, taking out the ties and other obstructions that could not be used for the highway, and for the building of a first class highway.

This would give a 4 per cent maximum grade between Pokégama and Hornbrook, while the Pacific highway between Asbland and Hornbrook has a maximum of 6 per cent over the Siskiyous.

In answer to a request for the company's attitude on releasing the right of way, Secretary Fleet of the Chamber of Commerce has received the following letter from General Manager Alex J. Rosborough at San Francisco:

"I beg to acknowledge receipt of your letter of June 7th, 1915, relative to the matter as to whether this company would release the old railroad right of way between Hot Springs station near Copco and the plateau to the county of Klamath for the purpose of a public highway.

"In reply thereto I beg to state that this subject has been spoken of before, with the idea of having this old railroad right of way converted into a first class wagon road, and I feel satisfied that if Klamath county will agree to immediately adopt this route and will build it into a first class wagon road, that our company will be very glad to turn it over to Klamath county.

"There are many reasons in our judgment why this is the most feasible, the most direct and the shortest road that will connect Klamath Falls with the California state highway. Not only is this a very feasible route, but as you gentlemen know, the grade is situated on the sunny side of the Klamath River canyon, which would make a dry road bed which could be traveled with little repair the year round.

"There is developed by this company at Copco a tremendous deposit of volcanic cinders, which could be used to very great advantage and at comparatively little cost for making this roadbed, and our company would be very glad to assist Klamath county by donating this material if the county will build a first class road. In fact, our hearty co-operation will be given Klamath county if it will undertake this work."

TODAY'S ODDEST STORY

United Press Service.
HIBBING, Minn., June 12.—Nick Stanich, a miner, is living today in a porchless house because he tied a can chuck full of dynamite to his dog's tail and then lit a fuse, in an attempt to eliminate the dog painlessly.

Also, the dog lives in a cute little home of his own in the back yard.

The canine was a faithful cur, and when Stanich lit the fuse the dog insisted on becoming affectionate with Stanich. Knowing the eccentricities of dynamite, Stanich ran. The dog, thinking he wanted to play, followed closely. Reaching the house, Stanich leaped inside and slammed the door shut. The dog leaped on the porch and the can caught under the porch.

There was a loud explosion. Stanich's home was porchless, but his little dog stood faithfully at the door, wagging his tail.

Professor Rollin D. Salisbury of the University of Chicago, says a continuous process of contraction is going on inside the earth, and will continue until all chemicals within it have been transformed into their densest compounds millions of years hence. Earth quakes are a result of the contracting process.

A LITTLE SPORTING GOSSIP

By **HARRY FARIS**
(United Press Staff Correspondent)

NEW YORK, June 12.—It doesn't always take blinding speed to carry a twirler to the dizzy heights of fame. "Old Nap" Rucker, who is southpawing for Charles Historical Ebbetts' Trolley Dodgers, is proving that theory.

Rucker is slow-balling his way back into the realm of class. Years ago Napoleon blazed his way to glory on the diamond by using speed. He shot left-hand volleys at batters with such terrific speed that they imagined he packed a Krupp gun on his hip.

But the day came when the old arm went back on the great southpaw. He demanded too much of it in the strenuous campaign of 1913. The arm gave out. It withered away for the time being, and the great twirler was forced to give up the game altogether for a while. All during 1914 Rucker nursed the old wing along, trying to get it back into shape. But his efforts were fruitless. He had smoked it out.

This year the big southpaw started off with different tactics. He saw that the old speed thing was for him no more. He figured he was still good enough to stay up in the big tent, however, and he set about finding a way to win ball games with a bum wing.

A couple of weeks ago, when he was shooting at the Glants on the Polo Grounds, Rucker staged his first

real "comeback." He made McGraw's warriors literally eat out of his hand. And it was all done with a slow ball. He floated up balls to the Glants that looked like balloons, they traveled so slow. The Polo Grounders dug their spikes into the ground and swung at Rucker's offerings with everything they had. They hit measly little pop-ups and easy rollers to the infield.

Rucker simply slow-balled them to death. His only way of mixing 'em up was throwing one just a little slower than another. But the Glants couldn't get his range in nine innings, and the way he was going, it didn't look like they would get it in ninety.

Your Uncle Wilbur Robinson, the round pilot of the Dodgers, is feeling much better since Rucker has stepped to the front with winning stuff. With "Wheeler" Dell, Pfeffer, Combs and Atchison all breezing right along at a fast clip, the Dodgers are in a position to cause much trouble in the National League.

TAKE SALTS FOR THE KIDNEYS IF YOUR BACK HURTS

We Should Drink Lots of Water and Eat Less Meat, Says Noted Authority on Kidney Disorders

Recommends a Spoonful of Jad Salts In Glass of Water Before Breakfast to Stimulate Kidneys and Eliminate the Uric Acid

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from headache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Summons
(Equity No. 486)

In the Circuit Court in and for the County of Klamath and State of Oregon.

Nina M. Anglin, Plaintiff,

vs.

Harry E. Anglin, Defendant.

To Harry E. Anglin, Defendant:

In the name of the State of Oregon

You are hereby summoned to appear and demur, plead, or answer or otherwise move to the complaint filed in the above entitled suit, within six weeks after the first publication of this summons in the Evening Herald, a public newspaper of general circulation, printed and published in the city of Klamath Falls, Klamath county, state of Oregon. And you will take notice that if you fail to appear and demur, plead, answer, or otherwise move, within the said time, the plaintiff, for want thereof, will apply to the above entitled court for order of default and for a decree of relief prayed for in plaintiff's complaint filed in this suit, to-wit:

1—For the annulment of the legit marriage contract now existing between plaintiff and defendant.

2—For the resumption by plaintiff of her maiden name of May Noel, the same as before marriage.

3—For such further and other relief as to equity may appertain and the court seem meet.

This summons is published pursuant to an order of the Honorable George Noland, judge of the above titled court, made and entered on 28th day of May, 1915, and order published in the Evening Herald public newspaper of general circulation printed and published in the city of Klamath Falls, Klamath county, Oregon; and that the first publication thereof is made in said paper on 29th day of May, 1915.

W. H. A. RENNER,

29-5-12-19-26 Plaintiff's Attorney

Proposal

Notice is hereby given that the designated County Court of Klamath County, Oregon, will receive bids for the erection of a steel bridge on Los River up to and including 21st, 1915, at 5 p. m. of said date.

The bids will include the hauling of the bridge from Bonanza, Ore., the construction of abutments and making of fills for the approach and tearing down old bridge.

The bids will be in the following form:

Hauling bridge from Bonanza to site

Placing approximately 300 yards concrete or masonry, per yard

Placing approximately 2,500 yards embankment, per yard

Tearing down old bridge

Erection of bridge

The above to be done according to the plans and specifications on file with the county clerk.

All bids must be accompanied by a certified check for 5 per cent amount of bid.

The County Court reserves the right to reject any and all bids, informally in the bids, and to accept any bid or bids separately or collectively, which it deems most advantageous to Klamath county.

Dated at Klamath Falls, Oregon, May 28, 1915.
