

## COURT LEAVES IN AUTOMOBILES

TAKING FOUR PRISONERS, THE FEDERAL COURT OFFICIALS FORSAKE KLAMATH COUNTY FOR HOME, VIA MEDFORD

The officials of the federal court which has been in session here trying the case of the United States government against Jim George, for the killing of Peter Brown, and who was convicted yesterday, left this morning in automobiles for Medford, on the return trip to Portland, taking four federal prisoners with them.

The prisoners taken out were Raymond Moraeus, half breed Mexican and Indian, recently arrested for stealing a horse; Jim George, sentenced to life imprisonment this morning, and Henry D. Burns and H. E. Goodman, who plead guilty before United States Commissioner Hamaker to a charge of bootlegging. They were accompanied by United States Marshal Montague, Deputy McSwain, Judge Wolverton and Miss Fleming, court stenographer, and other attaches followed in another machine.

They will make the trip to Medford by machine, thus cutting off the long ride from here to Weed and back up the line. From Medford they will take the train into Portland.

A large crowd of Indians gathered in front of the court house when

George was leaving, and much weeping and wailing occurred when he got into the machine. George maintained the same stolid demeanor that has marked him throughout the trial, seemingly taking but little interest in what was going on about him. It was almost a look of disdain for the mere white man and his fetters.

### THE SCREAM OF THE MISERABLE

Dearest Public— If you think I am pleading with you just for fun you are standing on your feet.

All folks who are loose, that is not in jail and on the jury, should come in and see my stock of jewelry before buying, as I have a good assortment in all lines.

The new Etruscan pattern in sterling silver is hard to beat.

I am going to San Francisco to buy you a few reasonable things, and I want you to come in as soon as you can and buy them, as I am about to leave this mundane sphere financially.

I have a notion to file a laborer's lien on your love till you come across with some money.

We do expert repairing of all kinds. I put a sow tick in a man's watch, and he told me on the quiet that he is having the fastest time he ever had.

June brides should hurry, as this is the 18th. Nested drinking cups are something that every lunch basket should have.

Yes, dear, I still have a nice selection of diamonds, if you haven't one it's your own fault. Just see all the lovely men you have to draw from.

I found a silver thread among the gold in me whiskers, so hurry over, as I am getting old.

McHattan.

## CHAMBER READY FOR BIG MEET

PLANS ARE ALL SET FOR THE BIG BOOST MEET TONIGHT IN THE OPERA HOUSE AND LARGE ATTENDANCE IS DESIRED

The final plans have been completed by Dr. Johnson and Fred Fleet, president and secretary of the Chamber of Commerce, for the big booster meeting to be held in Houston's opera house tonight. The speakers have promised to be on hand with their best "spells," and a big time is expected.

The band has been requested to play on the street previous to the meeting, so that nobody can possibly forget it. That the first steps of progress for the Chamber towards an organization that will put Klamath Falls in the running with every other city in the state are expected to be taken tonight.

Clarence Reames and Judge Webster will present the principal addresses of the meeting, with an outline of the future by Dr. Johnson.

After matters have been fully presented to the assemblage it is expected that the meeting will be thrown open to other speakers. However, a time limit is to be placed on each, so that everybody will be given a chance to say something.

The women of the city have been requested to be present, as they are going to be asked in the near future to co-operate with the Chamber in this city.

They turn water—that's why they are called "Durbak." Durbak Outing Clothes. K. K. K. Store. 10

### LETTERS FROM THE PEOPLE

Editor Herald: All stockholders of the Klamath Water Users Association who own automobiles or any means of conveyance acceptable, should meet the congressional committee which will arrive in this city Saturday night. The delegates are to leave the depot Sunday morning, and the people in the county who have machines should be there to meet them. It will be much more to their interests to meet these delegates than to attend a Ford picnic up in the northern part of the county some place.

The persons in charge of this delegation would do well to present the facts as they actually are, and show them the poor land, rather than just the better, so that the men who will be here will be really cognizant of the facts.

There is discrimination shown in the route that has been laid out for this party, and there are several parts of the valley which are not as good as others, and which will not be visited by the senators. These men are the ones that will make the recommendations for the project, and if the people of the valley expect to get a fair and square deal they had better see that these men know the whole truth. In the end the small, poor farmer will suffer if the whole truth is not known.

A picnic is a very nice and pleasant affair, but the farmers with Fords and other machines had better see that the senators see the entire valley and tell them actual conditions.

A WATER USER.

## MUNSING WEAR

for the whole family

Our trade in Munsingwear is family trade. Fathers buy it for themselves and for their boys, mothers buy it for their own use as well as for their daughters. And the fact that our trade is growing right along, seems to show that they all like it. There's a right size for everybody, from little tots to grandparents.

And what underwear can anyone in the family get that will wash so well, wear so long, fit so perfectly and give so much comfort and satisfaction for so little money, as Munsing Union Suits? As for us, we're glad to be able to distribute locally an article of such unusual merit as Munsingwear.
