UNIVERSAL
Food Chopper
Cuts Like a
Pair of Shears

Many so-called choppers crush and tear the meat or vegetables, wasting the juices and destroying the flavor.

The UNIVERSAL—the original Food Chopper—cuts like a pair of shears, with two sharp, beveled edges. These edges are so adjusted that they keep sharp automatically by acting one upon the other.

The UNIVERSAL Food Chopper cleanly chops all kinds of meats—raw or cooked—and fruits and vegetables—coarse or fine as desired—without mashing or tearing.

Each UNIVERSAL Food Chopper is equipped with coarse, medium and fine cutters. Extremely simple. Nothing to get out of order. Parts interchangeable—easily cleaned.

OF INTEREST TO WOMEN

BY MARGARET MASON
(Written for the United Press)

There's nothing secretive in Fashion. That's really quite plain to be seen. She now is so very transparent.

She's even exposing her brain. In hats that are made of illusion. For frocks of the same she is keen. In lingerie blouses and mantles. All made of illusion she's seen. And so in a paradox manner. Results of all chance are bereft. Because she's so wrapped in illusion. No illusions about her are left.

NEW YORK, June 19.—Hats will not cover a multitude of sins in the hairdressing line anymore. You have got to have a good "do" on your hair nowadays because the very smartest chapeaux can easily be seen through. There are two popular forms of the transparent hats—the one a simple straight flat brim composed of two layers of maline stretched smoothly over the little wire frame—the other has the brim composed of a wide floppy ruffle of the maline, and double thickness, with occasional wires radiating from the crown to keep the ruffle from going altogether.

While transparent gowns of the same maline are very good, the latest effect is to have a velvet crown in the midst of the gauzy brim. The open face hats are most stunning in all black with a single yellow or pink rose as the only adornment, but all white hats or delicate pinks and blues are also most fetching with sheer summer frocks are all of that let me tell you.

Organdie so thin and exquisite of weave and texture that Queen Mab herself might be pleased to don it in the material du lux for the summer frocks and blouses. In all delicate tints, either plain or strewn with pompadour garlands it is the quintessence of feminine liveliness. The all

One form of male inconsistency is endowing a woman with all of his worldly goods and then making her do her own laundry. Send your laundry to the Klamath Falls Steam Laundry. 14-17

Some have pride and some regret,

—Mister Squeegie

There are people who can be satisfied with little if they know their neighbors have less.

This is a poor kind of philosophy.

It is not necessary to recommend any such doctrine to those who buy Diamond Squeegie Tread Tires.

They have a right to demand much, no matter how little their neighbors get out of other tires.

Unbeatable mileage economy, unusual freedom from trouble on the road, and unexcelled service under all conditions are some of the things the man who uses Diamond Squeegie Tread Tires has the right to expect.

And he gets them.
