

GOV. ARRIVES THIS AFTERNOON BY AUTOMOBILE

WILL BE HERE OVER SUNDAY ON VISIT

Banquet at White Pelican Tonight. Visit Spencer Creek Hatchery Tomorrow—Public Reception Sunday Night—Go to Crater Lake Monday. Will Look Over County in Company of Fish and Game Commission.

The automobile party consisting of Governor Withycombe, his secretary, C. F. Putnam, the members of the state fish and game commission and local men who went to Bend to get the party, were expected to arrive here this afternoon at 4:30, after completing a 155 mile automobile trip to this city.

The party is coming as a result of an invitation extended to the governor by W. O. Smith, state representative, when it was discovered that the party was to be in Bend. C. F. Stone, local attorney and member of the state fish and game commission, also extended an invitation to the members of the commission to accompany the governor to this city on a visit, and also to inspect the Spencer Creek fish hatchery, which, owing to its small capacity, needs improvements and extensions for next year's output.

Following the arrival of the party they will go to the White Pelican hotel where reservations have been made for the party, and will be given the opportunity of bathing in some of Klamath's unexcelled aqua. Tonight under the auspices of the Chamber of Commerce a banquet will be given at the hotel. E. B. Hall has the arrangement in charge, and promises some big things.

Sunday the party of governor and commissioners will visit the Spencer Creek hatchery, in company with a number of local sports and others. A complete inspection will be made with the idea of enlarging the hatchery for next year. This year it has turned out as many fish as all the rest of the hatcheries in the state, according to C. F. Stone, and must be enlarged.

They will return in time for the big public reception to be given at the White Pelican hotel, under the auspices of the Women's Library Club. The people of Klamath Falls and Klamath county are invited and expected to attend. The reception will be held between the hours of 8:30 and 10:30.

Monday the party will be taken to Crater Lake, where they will be met by a committee from the Commercial Club of Medford, who will accompany them to that city.

KLAMATH AND DORRIS PLAY

TWO CRACK TEAMS MEET AT MODOC PARK TOMORROW AFTERNOON—BIGGEST IN THE BOX FOR LOCAL BOYS

A crack baseball team from Dorris, made up of players from all over Northern California and Southern Oregon, will play the Klamath Falls team tomorrow afternoon at Modoc Park.

Interest is increasing in the local team, due to the proximity of the three game series with Weed, which will be played here July 2, 3 and 4. The team is being strengthened, and it is probable that several other players will be added to the team before the Fourth.

Bigbee, the University of Oregon slasher, who should have had a shot out against the Box Factory team last Sunday, will again be in the box. He has not lost a game this season, and is known for his heavy swing, along with his ability to fool batters at the plate.

ENTER NOW AT OFFICE FOR 4TH

A NUMBER OF ENTRIES HAVE ALREADY BEEN RECEIVED. GRANTS PASS BAND WANTS TO COME FOR CELEBRATION.

A number of entries have already been received by J. J. Keller at the Fourth of July headquarters at the corner of Sixth and Main streets, for the various races and other events, and more are coming in all the time. Keller desires that the local entries be made as soon as possible, so that the races can be pulled off absolutely on time.

The arrangements of the schedule with an event practically every fifteen minutes makes it necessary that entries be in before the events are called. Several teams are being picked about town, including a tug-of-war team of a bunch of the huskies, as well as individual entries for the races. Good prizes have been hung up, and competition will be keen.

Word has been received from the Grants Pass military band, desiring to come and play, which is a good example of the advertising that has been done by the committee. From Sacramento to Portland advertisements have been scattered, and the indications are that an immense crowd will be here during the three days.

NORTHERN ROADS SHOULD BE FIXED

SAYS WELL KNOWN STOCK MAN OF THIS COUNTY—ROAD BETWEEN THIS CITY AND FORT KLAMATH IS IN BAD SHAPE

The roads in some districts in the northern part of the county, and particularly between this city and Fort Klamath, this side and around Modoc Point, should be improved, as they are in bad shape, according to J. H. Beckley, well known stock man of this county, who returned recently from his stock ranch at Klamath Marsh.

"The road from here and around Modoc Point is in frightful condition," stated Beckley. "It ought to be fixed, and is this county is going to pull for tourist travel these spots need attention. The road project through the Lava Beds sounds mighty interesting to me. I intend to drive through it this fall at San Francisco this summer, and would like very much to make the trip through the beds."

There is a big opportunity for Klamath county in the route via Crater Lake and the Lava Beds, and the road between these points should be kept in the best of condition, so that the tourists will find pleasure in coming over them, and will tell their friends about them.

He May Be Next Mexican President

Pedro Lascurain

If the United States has to pick the man to be President of Mexico, the first choice in line of legitimate succession may be Pedro Lascurain, who was minister of foreign affairs under President Madero. For a few hours he actually was president of the republic after President Madero and Vice President Suarez were assassinated in February, 1913, and until Huerta deposed him from office.

Lascurain was a man of wealth, but when Huerta seized the government his property was confiscated and he became an exile. It is said that Lascurain nearly starved in New York, and that he and his sister are now conducting a boarding house there to make a living.

MORE CALVES ARRIVE HERE

BEEF STOCK EXPECTED TO ARRIVE IN THIS CITY TONIGHT FROM TILLAMOOK, MAKING 150 THAT HAVE BEEN SHIPPED

Fourteen more calves are expected to arrive tonight from Tillamook by Wells Fargo Express company, due to the movement started last winter by the Chamber of Commerce to improve the beef stock in the country.

J. J. Parker, local agent for Wells Fargo, is handling the orders. Mr. Vavrila of Malin will receive ten of the calves, this being his second shipment of ten, and the Excell ranch gets the other four.

This shipment will make in the neighborhood of 150 calves that have been shipped in here, according to Parker. The calves come from goor stock from and near Tillamook, noted for its dairy products. Owing to this fact the calves are not raised there, but are sold. Parker is handling the orders, and states that these calves are being obtained at a cost laid down here of between \$7.50 and \$8.50 each.

The move to better the grade of beef stock in the country was started late this year, but next year it is intended to start shipping them in by January.

WORLD'S RECORD BROKEN TODAY

TWENTY-ONE MACHINES START IN AUTO RACE AT CHICAGO. COOPER LED, AT END OF 100 MILES, AVERAGING 104.4 MILES

United Press Service CHICAGO, June 26.—2 p. m.—Resta won. Time, 5:07:27. Average, 97.6 miles per hour. Porporato second, 5:10:50. Average, 95.9. Rick-enbacher third, Average, 95.8. Grant fourth, Cooper fifth, Anderson sixth. The fastest time in the history of such races was made today. For the last forty miles, Resta, the winner, averaged 107 miles per hour. Porporato was the one who pressed him the hardest after the first 200 miles.

SPEEDWAY PARK, Chicago, June 26.—The first annual International Auto Derby race started at 10:33 at Chicago's new speedway, with twenty-one machines in the running. It is expected that the winner will exceed 90 miles per hour. The first prize is \$20,000. Resta is the favorite of the vast crowd of 2000,000 people witnessing the race.

CHICAGO, June 26.—2 p. m.—At the end of the first 100 miles, Earl Cooper was leading, having averaged 104.4 miles per hour, which breaks the world record. Resta led at the end of 160 miles, averaging 99.33 miles an hour, with Cooper second.

Resta was still leading at the end of 200 miles, averaging 98 miles an hour. He and Cooper had a hot brush on one lap, when they nearly collided. Skillful driving avoided an accident. The big factor that portended new marks lay in the build of the huge bowl with a track two miles to the lap. The track proper is of concrete, with banks at the turns of thirty feet, which will permit drivers to take them without slowing down. The builders claim the 19-degree slant will allow a 73-mile-an-hour speed, or better, on the turns.

It was predicted that the winner's average for the 500 miles would have to be 90 miles an hour or better. Today's race is being run under the auspices of the Automobile Association of America. The new speedway represents an outlay of approximately \$1,250,000.

Prizes amount to \$54,000 for the first ten men to finish. To the winner goes \$20,000 cash; second gets \$10,000; third, \$5,000; fourth, \$3,500; fifth, \$3,000; sixth, \$2,000; seventh, \$1,500; eighth, \$1,700; ninth, \$1,600 and tenth man, \$1,400.

Prizes of \$1,000 each go to the men leading at the 100, 200, 300, and 400 mile marks respectively.
