KLAMATH FALLS, OREGON MONDAY, JUNE 28, 1915

AND STOP AT KLAMATH FALLS

WHY ORGANIZE?

WHY is it that it is the desire of the Chamber of Commerce and others who are working for the welfare of Klamath Falls that a Commercial Club should be organized, placing at a common civic center the various organizations of the city?

An example of where such organization is useful is arising in the proposed visit of President Strahorn, considered the greatest Northwest builder and organizer, who was responsible for the construction for the great Spokane system, to this city.

It is known that President Strahorn is coming to this city to look over our situation. He is making an extended visit over the state for this purpose. It is known that he has resigned as the head of two important railroads in the northern part of the state. We have his own statement for the fact that he is not going to quit building and railroading, but expects to get back into the harness in a few months.

"Strahorn is a builder; a quiet and modest man, but a man that means business," stated Governor Withycombe yesterday, while discussing his trip into this country. "He is coming in here meaning business, and it is up to you people to meet him with the extended hand, showing him your possibilities, needs and wants. You should have a strong organization here and work as one man to get these results."

The opportunity lies before Klamath to make this showing. President Strahorn should be shown the best time in the state in Klamath county. He could be shown to advantage the tremendous resources which lie behind this country. As President Morison of the Pelican Bay Lumber company stated at the banquet Saturday night, the Upper Klamath Lake has tributary to it 30,000,000,000 feet of standing timber.

"I have known towns throughout Minnesota, Michigan and Wisconsin that grew to the size of 25,000 people with less of a timber resource than that on their timber alone. Here we have scenery not to be compared, and an agricultural country, too. Why should not Klamath Falls grow?"

If these things are placed before Strahorn in the proper light and he believes that the people of this community will work with him, and will appreciate what he would do for this section, it is certain that he will give this section consideration.

The only possible way to do this properly is through an organized body that when the man is to speak to the public will see that the public turns out, and not a mere hand full. It means that it is this county is ever going to get what it wants without waiting the pleasure of somebody's extra million that has nothing else to do for a while, the people here must get busy, and get busy through an organized body.

Scattered Shots

THE COMMERCIAL CLUB makes its debut tonight. It will be a success if we make it a success.

NOTHING IS a success unless somebody and everybody works behind it.

THERE IS rumor of some question as to the passing of the third reading of the special election ordinance.

WE HOPE that it will not all be spoiled now.

THE CHARTER doesn't need amending. What we want is a mayor. There is nothing radically wrong with the charter.

AT LEAST, nobody has pointed it out specifically.

IF WE KEEP after the fish and

Yale Wins From Harvard Easily

HARVARD CREW AND COACH, JIM WRAY YALE CREW AND COACH GUY NICKALLS

NEW LONDON, Conn., June 28.—

Yale won the rubber regatta from the Harvard crew by taking Saturday's varsity race, and the count is now 25 victories for Yale and 24 for Harvard in the past forty-nine regattas. Yale rather rubbed it in by not only taking the big varsity eight-oared race, but the junior and freshman eight-oared events.

The start of the varsity eight race was delayed for over an hour by a southwest wind and choppy water. Showing wonderful power with their stroke at the start, the Yale crew outclassed their great rivals with ease, and were leading at the end of the first mile by two lengths. Harvard spurred near the end of the second mile, but the crew could not stand the pace, and the Bulldog oarsmen went further into the lead.

Harvard's crew quickened their strike during the third mile, and cut Yale's lead down to a length and a half, but at the 3 1/2 mile pose the Yale crew pulled away from their opponents and finished with a seven lengths lead.

At the finish Coxswain McLane was standing up cheering on his oarsmen. Wiman and Meyer toppled forward, exhausted from their strenuous work, and captain Sturtevant had to grasp the gunwale to keep from falling backward. Stroke Lund, who acted as pacemaker in nine of Harvard's victorious crews, collapsed at the finish, and his crew mates Cabot and Harwood did likewise.

Time—Mile, Yale 4:40, Harvard 4:45; two miles, Yale 10:35, Harvard 10:44; three miles, Yale 15:37, Harvard 15:39; four miles, Yale 20:52, Harvard 21:03 1/2. After returning to their quarters, the Yale crew elected Seth Low II of New York as captain of the 1916 crew. The Harvard crew names David Percy Morgan of New York as their 1916 leader.

Today's news in The Herald

TODAY'S ODDEST STORY

United Press Service. BEDFIELD, N. D., June 24—"For verily, the wrath of God shall descend upon the nations for this war."

It was a minister fervently denouncing warring European nations at a meeting being held in a garage building here. Bang! Crash! Bang!

In this strongly Russian community, the first thought was that the Germans had started an invasion. The audience was terror stricken and rushed for the doors.

Boys had captured a stray dog and tied a full assortment of tin cans on its tail, and turned it loose in the aisle. The dog made straight for the pulpit. He may not have been converted, but he certainly was gathered—not fondly—into the arms of the congregation.

Lassen Causes Eruption

United Press Service REDDING, June 28.—The eruption of Mt. Lassen stopped this morning at 10:30, after lasting for twenty-six hours. Little damage is reported from the country surrounding though the recent eruption is stated to be the greatest so far.

TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND THICKNESS

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the sage tea and sulphur re-oil at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application of two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger.

They turn water—that's why they are called "Dusky." Dusky Outing Clothes. K. K. K. Store. 10
