

This store is better prepared now than in previous years at this season to supply your every-day wants in warm weather clothing

For men, women and children you will find splendid assortments of suits, dresses, shoes, gloves, hosiery, underwear, etc.

Attractive prices are in evidence in all departments. Why pay more than you are asked here? We always give you better goods for the same money and the same goods for less money.

Your neighbor is saving money every week by trading here.

So can you.

WEDDING BELLS RING IN "LOS"

ACCOUNT OF WEDDING OF KIRK WHITE TO MISS GENEVIEVE MOORE TAKEN FROM A LOS ANGELES PAPER

The marriage of Miss Genevieve Moore, daughter of Mr. and Mrs. Alfred Moore of 643 South Sichel street, to Wells Newkirk White was solemnized Wednesday evening in the Church of the Epiphany Sichel and Altara streets, Rev. Wm. Bedford-Jones officiating. Palms, potted plants and a profusion of pink carnations decorated the altar, chancel and choir stalls. The vested choir led the bridal procession, singing "O Perfect Love." The bride, who was given into the keeping of the bridegroom at the chancel steps by her father, was attired in a becoming gown of white satin and tulle, the veil fastened to her head by sprays of orange blossoms and falling in graceful folds to the hem of the long court train, being caught here and there with sprays of orange blossoms. She carried an arm shower of bride roses and valley lilies. Miss Ruth Clamplitt assisted as maid of honor. Her gown was of pink satin with beaded tulle of yellow and she wore a picture hat of pink maline with pink carnations and maidenhair ferns. Miss Maybelle May, Miss Louise Holm and Miss Lillian Holm were the bridesmaids, the first two being attired in pink gowns and wearing pink maline hats, while Miss Louise Holm wore a yellow gown and her picture hat was of yellow maline and daisy rosebuds. All carried arm showers of pink Eucharist carnations, ferns and tulle. Corson Ide served Mr. White as best man and the ushers were Ford Upton, Morris Montgomery and Charles Griffin.

After the ceremony an informal reception was held at the home of the bride's parents. Here the decorations were carried out with a profusion of Shasta daisies and ferns. Mr. and Mrs. White left immediately for the north, and after a week or so in San Francisco will make their future home in Klamath Falls, Ore. Mr. White, who was graduated from the Polytechnic high school, afterward took a special course at the law school of the University of California. Mr. White was graduated from the law school of the U. S. C., and is president of the Delta Chi fraternity.

FOR SALE—Will sacrifice my six-cylinder, seven-passenger Studebaker car, newly painted, new seat covers, \$150 extra equipment, engine that has only run 300 miles; car practically the same as latest model; reason for selling, I am buying a Studebaker roadster; a snap to the right party. BARBECUE TO BE STAGED IN PARK

WILL GIVE MORE SPACE AND A BETTER PLACE TO ENJOY THE REPAST—BETWEEN TWENTY AND THIRTY ENTRIES ARE IN

The big barbecue which will be held Saturday at noon, during the three days of Fourth of July celebration here, will be staged in the court house park, according to J. J. Keller, in charge of the arrangements. The meat will be prepared across the street and served under the trees in the court house yard, which will make a much better place for the congregating of the hundreds that are expected to attend. George Watt is making the preliminary arrangements for barbecue, and has secured Joe Howard of Redmond, famous for his ability to properly cook the beaves and mutton to suit the taste of the most exquisite meat fancier, to assist him. He is expected to arrive Thursday night. The Warm Spring Indians will commence to arrive from now on, and several parties of them are reported on the road, headed for this city, where they will hold a big camp. They will be located near the city limits in a suitable camping place, and are staged to pull several stunts of their own during the celebration. A number of the Klamaths are also beginning to congregate here, and more are expected to arrive during the next few days. Between twenty and thirty entries in the races and team events have been entered on the lists at headquarters, and more will be within the next day or two. Keller announces that beginning Wednesday night his office will be open day and night, and that he will be on hand at all times to answer any questions in regard to the program.

FISH READY FOR STREAMS

PEOPLE WANTING THEM IN PARTICULAR STREAMS ARE ASKED TO HELP—FRANK ANKENY APPOINTED DEPUTY WARDEN

Six hundred thousand fingerling trout from Spencer Creek are to be distributed throughout the streams and lakes in Klamath county immediately as one of the direct results of the visit of Governor Withycombe and members of the state fish and game commission. The work of distributing the trout will be in charge of Deputy Game Warden Henry Stout, who will be assisted by employes at the hatchery and Frank E. Ankeny, who has been appointed deputy warden for Klamath county for the season. At a meeting held before leaving Klamath Falls the commission decided to close Four Mile Lake to fishing. This was done at the request of the Klamath Sportsmen's Association. Two years ago a quantity of young trout were placed in Four Mile Lake, and more are being planted this year. The purpose of closing the lake to fishing at this time is to protect the young trout until they reach such a size as to make good fishing. It is the intention of the commission and the desire of the local sportsmen to make this lake one of the greatest fishing spots in the state, and young trout are to be planted each year until the lake is fully stocked. When these trout reach sufficient size the lake will be opened permanently for fishing. Plans for the enlargement and improvement of the Spencer Creek hatchery will be considered at the next meeting of the commission, to be held at Salem. It is necessary to distribute the young fish now at the hatchery without loss of time, and Commissioner Stone states that if any of the people of the county desire trout placed in any particular stream or lake and are willing to assist, he will gladly see that they are supplied. The fishery car will be used in delivering trout to Four Mile, Lake of the Woods and Diamond Lake.

Herald want ads get results. Notice Inviting Proposals to Furnish City Hall Furnishings. Notice is hereby given that proposals will be received by the Police Judge of the city of Klamath Falls, Oregon, up to and including July 12, 1916, at the hour of 8 o'clock p. m., for furnishing and installing within the city hall, furnishings for the city hall and steel furnishings for two vaults, in accordance with the specifications and schedule on file in the office of the Police Judge, copies of which said specifications and schedule will be furnished on application by the Police Judge. Bids will be considered separately for the furniture and for the steel furnishings for the vaults. Proposals will be opened and considered at the regular meeting of the council on said date. The Council reserves the right to reject any and all proposals. By order of the Council. Dated this 29th day of June, 1916. A. L. LEAVITT, Police Judge of the City of Klamath Falls, Oregon. 29-12t

LOCAL RHUBARB DRAWING CARD

PRODUCTS FROM KLAMATH COUNTY ATTRACT ATTENTION AT FAIR—NEWLYWEDS ARE ON WAY HERE

(Herald Special Service) SAN FRANCISCO, June 29.—The only addition made to the Klamath county display in the Oregon building at the Panama-Pacific International exposition since the exhibit was installed last winter was the shipment of a dozen immense stalks of splendid rhubarb, grown on dry land, near Dairy, by L. Sterzl, a progressive rancher. This rhubarb, with leaves on, was spread over a table near the Klamath exhibit, and was labeled as a Klamath product. It attracted attention and elicited much comment. "I thought they couldn't raise vegetables or fruit up there," is a remark that hundreds make. The rhubarb convinced them otherwise better than all the pictures that could be taken of garden "sass." But rhubarb is the only product, other than grains and grasses and deer heads, that Klamath has on display. There is not a sign of the fruit and hardy vegetables that yield so heavily and attain such perfection in Klamath. These would help a great deal in getting the county before the people in proper light. The rhubarb, in a large glass jar, is a permanent part of the exhibit. The same method of preservation could be used with other fruits and vegetables when sent down. Persons having products they think worthy of display are urged to send them to the Chamber of Commerce at Klamath Falls for shipment here. By the addition of Indian baskets and mats, the Klamath booth has been somewhat improved this week. These are the only Indian baskets on display in the Oregon building, and it is needless to say that they excite comment. The Oregon building is still the center of much attraction for fair visitors. One great source of interest is the Oregon flagpole, 251 feet in height, and a single stick, the tallest in the world, and weighs 93,600 pounds. It is the gift of the people of Astoria to the exposition. Oregon's educational advantages received quite a boost at the exposition last week, when the state won the silver medal on its exhibit in the Educational Palace. This is considered quite an honor, when one takes into mind the fact that Oregon's main school exhibit is in the Oregon building, and for that reason not entered in competition. Klamath Folks at Fair. The convention of the American Medical Association last week brought three Klamath Falls physicians and their wives to the exposition. These were Dr. and Mrs. F. M. White, Dr. and Mrs. L. L. Truax and Dr. and Mrs. George I. Wright. The former quartet came down from Klamath, and Dr. Wright, who was also accompanied by his mother, came up from attendance at the San Diego fair. Newlyweds at the Oregon building last week were Mr. and Mrs. Kirk White, who were married at Los Angeles recently, and are on their way to Klamath Falls. The groom's parents, Mr. and Mrs. George W. White, attended the Oregon building Saturday. The Misses Emma and Edna Mel-

ORDINANCE PASSES TO THIRD READING

MISS ALICE BLACKFORD, A KLAMATH TEACHER, TAKING A COURSE AT BERKELEY, IS SEEN ON THE FAIR GROUNDS FREQUENTLY, AND THADDEUS G. McHATTAN ALSO "DISCOVERED" THE EXPOSITION LAST WEEK.

Other Klamath people visiting the booth last week were Mr. and Mrs. Will Campbell, Mrs. Della F. Arnold, Wilbur A. Arnold, Miss Lulu Tuttle, Mrs. A. R. Murray (now of San Francisco), Riley Woodson, S. E. Martin and family, Mrs. Emil Piel, C. W. Watson, Mrs. C. C. Hogue, Misses Faye and Hortense Hogue, Mr. and Mrs. D. J. Keeler and Mrs. James Malone. The question of improving and paving Eleventh street from Main to Delta was brought before the city council last night by E. M. Chilcote. He stated that the residents along this street were generally in favor of having the street improved, and requested that the bids be called for by the council under the old ordinance passed for that purpose last year. At that time it was dropped, owing to the failure of the reclamation service to consent to the construction of a bridge over the canal at the intersection of the street and the canal, according to the members of the council. A question of technically is being considered by the city attorney whether or not the city under the ordinance passed, could be held to build the bridge in case the reclamation service would not construct it, if the bids should be called for again under the old ordinance. Chilcote stated that he believed the people were anxious to have this work done this summer. The use of long and sharp corks on the horses that are doing hauling in the city, and as a result are cutting up the pavement, was up for discussion. The city has an ordinance prohibiting the use of such corks during certain months of the year, and the proper authorities will be instructed to see that this is obeyed. The attention of the council was also brought to an alleged cutting up of the pavement on Eighth street due to some heavy teams and wagons which have been turning around there. It was stated that the pavement had been cut up and literally torn out in chunks by the cramping of the wagon wheels. The condition of Sixth street was also brought to the notice of the council and the city engineer was instructed to inspect it, turn in a report at the next meeting and an estimated cost of repairing it at this time to prevent further and more extensive damage. It was stated that the street is in bad shape, and that with the heavy hauling expected this fall during the harvest season attention must be given to prevent its total loss. Today's news in The Herald. Auto Clothing and Gloves. You "auto" are the line at K. K. K. Store. Herald want ads get results.

PAVING MATTERS BEFORE COUNCIL

ELEVENTH STREET IMPROVEMENTS BROUGHT BEFORE COUNCIL—SHARP CORKS ON HORSES PROTESTED AGAINST

The question of improving and paving Eleventh street from Main to Delta was brought before the city council last night by E. M. Chilcote. He stated that the residents along this street were generally in favor of having the street improved, and requested that the bids be called for by the council under the old ordinance passed for that purpose last year. CRATER LAKE TRAVEL HEAVY

AUTOMOBILES GO TO WITHIN MILE OF LAKE—YESTERDAY WAS HIGHEST DAY SO FAR AS PEOPLE AND 17 MACHINES REGISTERED

From present indications this year will see the heaviest travel to Crater Lake of any time since the Park was established. Even this early in the season the number of visitors is practically double that at this time last year. Yesterday afternoon automobiles were run to the foot of the last hill, a mile from the rim, for the first time this season. Up to 6 o'clock last evening 511 visitors had registered and 65 automobiles had entered the park. Yesterday also showed the heaviest travel to the lake on any single day this year. There were 62 people registered and 17 automobiles given permits. New lot of Ladies' "Auto" Caps just received, \$1 and \$1.25, at K. K. K. Store. 10 Insurance that pays. See Chilcote.
