KLAMATH FALLS, OREGON
THURSDAY, JULY 1, 1915

PREVENT FOREST FIRES

A PLEA for our forests and scenic beauty sent out by the Portland Chamber of Commerce to its members, which body is working with the forestry department, and should be taken to heart by every individual going into the forests. Following is the letter:

"Dry weather is here. Thousands of tourists en route to or from the Panama-Pacific exposition are also here. We want them to enjoy our scenery and come again, because Oregon attracts them. Only one thing can prevent their enjoyment—smoke from forest fires.

"Last season those who came to see the natural wonders of the state went away disgusted, for the air was filled with smoke, which completely shut out our wonderful scenery. We are spending thousands of dollars in building roads and pushing this work so this year's visitors may enjoy them, so that trips to points of scenic interest can be made quickly and comfortably, and so that our wonderful timber resources and power possibilities may be realized. If, however, we allow the atmosphere to become smoky, plans made and money expended with a view to impressing the tourists will be largely lost.

"We can prevent the smoke nuisance if we will. To do this, however, requires the best kind of co-operation on the part of every rancher, fisherman, hunter, automobilist, logger, and, in fact, anyone going into the timberland or brush covered areas.

"By preventing it for the sake of our visitors we will at the same time assist in preventing the destruction of one of our chief assets—timber. From now on, every public spirited citizen should preach prevention of forest fire. Those having slashings to burn should get them out of the way if safety permits, or, if not, leave them until fall. Public officials—state, county and municipal, should cheerfully help in eradicating the smoke nuisance. Every one should exert a real effort to prevent the starting of forest fires. Our fire protection service has been successful the past four years in preventing loss of timber. But they cannot without the best kind of co-operation from all residents of the state to prevent fires from starting. We should all work together in making Oregon free from smoke this summer. If this is not done we will miss a real opportunity to impress upon thousands of people the fact that Oregon is a good state in which to live. Follow these simple rules, and see that others do the same, and few fires will occur:

- "Don't toss away burning matches or tobacco.
" Don't make a camp fire in leaves, rotten wood or against logs, where it may spread, or where you cannot be sure it is out.
" Never leave a fire until it is out.
" Don't burn slashings in the dry season without a permit, and without care to confine the fire.
" Put out any fire you find if you can; if you can't, notify a fire warden, some other public officer, or the land owner, and don't be afraid to tell the other fellow he must also be careful."

Scattered Shots

THE FOURTH OF JULY is here—tomorrow.

IT IS PLAIN to be seen that some of our unworthy citizens are going to spend the glorious Fourth in the cooler.

ONE HAS BEEN taken for bootlegging already.

WONDER IF there is a method in their madness in wanting to be safe from the practical joker with a cannon cracker?

OREGON IS THE only state in the

Union for which rain is predicted on July 4.

DID NOT look much like it today.

SUPPOSE THE sinking of the Armenian will be the cause of more correspondence, fretting and conjectures, despite the fact that the boat was under British registry.

BET THAT Prexy Wilson does not see the Panama fair—at least for several months.

THE MEXICAN situation continues to be more complicated—if such a thing is possible.

NUMBER 511

Dearest Public:—

During the lovely warm weather you should arrange to go out in the sun and have a good time. We have Thermos bottles, nested drinking cups, food and butter jars, all of which make the lunch basket a joyous affair.

The newest in black and white handbags.

Diamonds at most any price. We have diamond mountings for most any sized stone, and do the mounting while you wait.

A fine new line of colored stones in all sizes.

See if you need repairs—I mean your jewelry.

Some new articles in nearly every line I handle.

Chris is the champion on getting the ticks to circulate through your watch.

If you are in love we have something that will help you.

I just came back from the fair and need your financial assistance, so hurry to Thaddy McHattan's aid.

SPORTING NEWS

By HARRY FARIS

(United Press Staff Correspondent) NEW YORK, July 1.—Fighters may just as well say good-bye to the fat guarantees they have received in the past. The day of big purses is at an end. Stung often and deep by guaranteeing fighters huge sums only to see the box office receipts totalling but half the amounts boxing promoters have determined to offer nothing but "percentage" terms in the future.

Boxers will be given certain percentage of the gross receipts. No guarantee that the percentage will amount to any set sum will be offered. The promoters believe that the boxer is worth a percentage of what he actually draws at the box office and no more.

In order to make the percentage thing stick the promoters in the principal boxing centers of the country have decided to form an association. This move was first fostered by Tom Andrews, boxing promoter of Milwaukee, and it is bearing fruit.

Andrews recently made a flying trip to New York and lined up most of the big promoters here. It is now planned to hold the initial meeting of the promoters in Cleveland sometime in September. The Ohio city is chosen because of its central location. Promoters from New Orleans, St. Louis, Buffalo, Boston, Milwaukee, Denver and New York have signified their intentions of attending the meeting.

After organizing the promoters are first expected to adopt rules prohibiting the guaranteeing of any sum to fighters. A hard and fast rule that only a certain percentage of the receipts will be given to fighters is planned. After that is disposed of the promoters plan to tackle the question of a universal scale of weights.

At present the weight standard is decidedly faulty. Fighters posing as lightweights often enter the ring around the 140 mark. This the promoters plan to do away with by adopting a uniform scale which the boxers will have to abide by.

Rules by which a champion must defend his title within a certain period of time are also to be taken under consideration, but they may not be acted upon until a later session.

North Bend tries to get water supply in competition with Coos Bay Water company.

U. S. AUTOMOBILE
CORPS UNDER TEST

WILL MAKE THE RUN FROM WISCONSIN CITY TO SAN FRANCISCO AND SAN DIEGO TO PROVE ITS EFFICIENCY

(Herald Special Service)

SAN DIEGO, July 1.—The biggest cross country run of an automobile military corps that the country has seen ends at San Diego late this month, when the Northwestern Military and Naval Academy of Illinois and Wisconsin comes to the exposition by way of the Lincoln highway through the Yosemite and down to San Diego. The route then leads to the north to the San Francisco exposition, from which the return will be by rail, instead of motor.

The equipment for the tour includes one officers' reconnaissance car, one wireless car unarmored and one wireless car mounting an automatic gun and electric searchlight for heliograph work, a military field kitchen, a military field hospital, an armored car and an artillery transport. There are also two heavy cars equipped with balloon destroyers, which already have covered 80,000 miles of field work during army maneuvers in the East.

The arrival of the corps at San Diego will be heralded by a considerable military reception, in which the various branches of the army and even the aerial corps from the United States aerial school on North Island in San Diego harbor, will participate. All the way along the route the corps will be welcomed by automobile clubs and feted by chambers of commerce.

On July 12th another military delegation made up of the Richmond Light Infantry Blues, is coming an escort for Governor H. C. Stuart and staff of Virginia, for Virginia Day at the San Diego exposition.

The Richmond Blues have a long history, and are considered one of the crack regiments of the country. They will be used extensively for parade duty on the Coast.

ESPEE TAKES
OVER BRANCHES

CHANGE MARKED BUT LITTLE IN THE ROUTINE OF MAIN OFFICE WORK AND ADDED DUTIES ARE CHEERFULLY DISPOSED OF

PORTLAND, July 1.—With the taking over today of the subsidiary lines of the Southern Pacific by the management of the parent and owning system, the identity of the Portland, Eugene and Eastern (the Willamette Valley electric lines), the Salem, Falls City and Western, the Corvallis and Eastern, the Coos Bay, Roseburg and Eastern and the Willamette Pacific will automatically pass out of existence as separate lines in so far as operation and accounting are concerned.

In the operation the change will be scarcely noticeable. Several telegraph operators, who are really O. W. R. & N. men, will continue in the Southern Pacific's employ until they can be taken care of by the former, and may make way for Southern Pacific telegraphers.

If you are looking for a home in the city or country, see Chilcote, 625 Main street.

TODAY'S ODDEST STORY
United Press Service
SHARON, Pa., July 1.—"Oh, you chicken," yelled a man at the States' bridge, looking over the railing.
A few minutes later 1,000 people—mostly men—jostled to get a peek.
Those who succeeded saw a hen floating on a log.
The fire department was ready with ropes to make a thrilling rescue.

She's Preaching Peace

Dr. Leonie H. Fordham

The international conference for woman workers to be held at the Panama Pacific exposition July 4-7, will try to make the present war the last, according to Leonie H. Fordham, who has begun a campaign to arouse interest in the gathering.

Dr. Fordham looks to William Jennings Bryan as the greatest power for peace this country has. She said she was glad he had resigned from the cabinet, because he was not footloose. "He can go out and speak for peace. He is free to work for it now, and you in the East do not understand what influence he has in the great West. But indeed the West doesn't want war. In my state, California, men and women are solidly against war.

The coming conference will be the greatest peace conference ever held, and we hope it will accomplish all the women's conference at The Hague did not accomplish. It was a mistake for Jane Addams and her conferees to go to Europe. America is the country out of which peace must grow, and they should have stayed at home."

PORTLAND LETTER

(Herald Special Service)

PORTLAND, July 1.—The receipts for Monday at the Portland Union stockyards were: Cattle, 1,103 head; Calves, 17 head; hogs, 3,660 head; sheep, 1,887 head.

The receipts were fairly heavy on Monday, though nothing startling in the way of quality was in evidence. Some fairly good steers sold at \$7.25, although the bulk went at \$6.75 to \$7; cows, \$6 to \$6.25, and heifers, \$6 to \$6.50. The market continued steady.

More hogs came forward for the beginning of the week that for some time. Everything considered, the market was strong. Bulk brought \$7.70 to \$7.75, while the tops were at \$7.80.

There was no change in the sheep market, only a handful being in evidence to begin the week's trade. The market was steady, however.

End Many Trout
SAN BERNARDINO, July 1.—Mountaineers over Paul Shoup, president of the Pacific Electric, and members of his party devoured fifty trout apiece daily during their stay in the San Bernardino range.

Use Pole to Get Fur
LOS ANGELES, July 1.—A sneak thief armed with a fishing pole painstakingly angled a mesh bag containing \$585 worth of jewelry from the dressing room of Lillian Elliott at the Burbank theater, according to a report to the police.
