My First Day Out Since the Accident

STARTED for work eight weeks ago, stumbled, fell, broke an ankle; been home ever since, mending.

My AETNA ACCIDENT POLICY has kept me in funds, however. Paid me every month at the rate of \$50 a week. Would have paid the hospital, too, had I gone there. Now that I'm out, I'll get \$25 a week until I can go to work.

You're a wise man and ought to investigate this AETNA proposition. When you learn the AETNA people have paid over 128,000 claims, you wonder how you've gone so long without getting a hand out from Old Man Accident, don't you?

AETNA-IZE

Play safe. No man can afford to pay out for sickness or accident today what he can't get back tomorrow.

CALIFORNIA CLIMATE AND VENTURE-SOME VISITORS FOR INCREASE IN WEDDINGS AT THE EXPOSITION CITIES

United Press Service
SAN FRANCISCO, July 10.—The climate in California is working hand in hand with Dan Cupid declares Dr. A. J. Reid of the Race Betterment Foundation delegates at the fair in this city, who accounts for the marked increase in number of marriages at San Diego and San Francisco.

"Most of the exposition visitors are of a venturesome temperament and are more prone to marry than a settled person," the doctor explained. "Many persons when given a change of environment, think immediately of matrimony. That probably is why there is such an increase in the number of marriages here."

GLASS OF SALTS CLEANS KIDNEYS

IF YOUR BACK HURTS OR BLADDER BOTHERS YOU, DRINK LOTS OF WATER

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a teaspoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

Muentner-Holt Diligent Student at Harvard "U"

CAMBRIDGE, Mass., July 10.—The dual personality of Enrich Muentner, alias Frank Holt, was not betrayed to his associates when he was an instructor at the Harvard University. The first evidence of a deceased mind was contained in a pamphlet he is supposed to have written and mailed from New Orleans to President Eliot and members of the faculty after he had fled from Cambridge in the face of charges that he had murdered his wife with poison.

Considered by his intimates as eccentric, Muentner, nevertheless, was regarded as a diligent student, and a courteous gentleman, who was not likely to do anything to attract attention. The issuance of the booklet created astonishment, as it was a bitter tirade against society, threatening revenge upon the "community" which he declared had unjustly accused him. The writer gave convincing proof of an unbalanced mind.

Muentner came to Harvard in 1904 with a degree from the University of Chicago and a record of service as an instructor in the elementary German. Entered at Harvard as a candidate for an advanced degree of doctor of philosophy, he received an appointment as instructor in the elementary German courses. He was accompanied here by his wife, formerly Leone

Krembe of Chicago, and their 1-year-old daughter.

On April 6, 1908, a second child was born. Mrs. Muentner, believing in mental healing, did not call in a physician until just before the birth of the infant, and the physician withdrew from the case when he learned that his directions were not being followed. A mental healer then attended Mrs. Muentner. On April 15, at midnight, Muentner told the nurse to get some rest, and said he would stay with the patient. At 6 o'clock the following morning he informed the nurse that Mrs. Muentner had died.

The physician whose advice had been disregarded refused to issue a death certificate, and the medical examiner, believing that the circumstances justified an autopsy, sent the woman's stomach to the Harvard medical school for analysis.

In the meantime Muentner urged that he be allowed to take the body to Chicago for burial, and the medical examiner permitted him to do so; and issued a certificate ascribing death to stomach trouble following child birth. Muentner did not return to Cambridge.

Within ten days the chemist re-

ported the presence of poison in the digestive organs, and futile search for Muentner was begun. Soon afterward a grand jury returned an indictment accusing the missing instructor of having poisoned his wife.

TAKE SALTS FOR THE KIDNEYS IF YOUR BACK HURTS

We Should Drink Lots of Water and Eat Less Meat, Says
Noted Authority on Kidney Disorders

Recommends a Spoonful of Jad Salts In Glass of Water Before
Breakfast to Stimulate Kidneys and Eliminate
the Uric Acid

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before

breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists have say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble, while it is only trouble.
