### Girl Swimmer of Eleven in Some of Her Feats

Little Florence McLaughlin of Philadelphia, not yet eleven years of age, and perhaps the most wonderful child swimmer in the United States, is now preparing to race some of the best women swimmers in the world over the classic course of 16 2-5 miles from Chester to Philadelphia.

means a novice at competition. Indeed, she has defeated many a full grown rival at distances ranging between 880 yards and five miles in open waters.

Last summer the tiny mermaid placed fourth out of a representative field of twelve in a 5 1-3 mile race for women in the Delaware river, and she covered 9 1-2 miles in one continuous swim, a performance that several powerful and experienced men failed to equal in the championship race at Sandy Hook.

These photographs show some of her training stunts in preparation for this remarkable effort. She is shown practicing jiu jitsu with Police Sergeant Rodman, her trainer. He believes she will gain strength for the effort in this kind of work. The photographs show that she is an adept at wrestling as well as swimming.

The top picture shows the little girl after she has drawn the 180 pound policeman over her head and is kicking him over to a fall. The lower right hand picture shows her struggling for a hold by which she can throw him over her head, while in the other she is shown with a bone breaking hold on his arm which will compel him to turn over on his back.

Last summer she swam a shade under ten miles in fast time without turning a hair, and she has grown stronger and speedier since. The plucky little miss, however, is determined that there shall be no question of her having accomplished the grueling task. Steps have already been taken to secure the entry of some of the crack girl exponents of aquatic endurance, and it looks as if the coming event would be among the most interesting of the present outdoor season.

### STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels! Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

The chubby Florence is by no means a novice at competition.
