KLAMATH FALLS, OREGON

TO SERVE KLAMATH FALLS

THE Klamath Commercial Club is nearing the end of a campaign that will largely determine the effectiveness of the organization for the good of Klamath Falls and Klamath county.

Already a sufficient membership has been secured to make the organization a powerful one. The membership is therefore assured, although it should be larger, in order to more effectively make battle for a better Klamath Falls. The present membership should not be taken as sufficient. All right-thinking citizens should get into the new Commercial Club.

Furthermore, none must think he has performed his whole duty when he enrolls his name and pays his dues. That is but the start; the service is yet to be rendered.

Nor is it done when the officers are chosen and duly installed, however a competent set of officers may be elected. The men who compose the membership must do their share. There is work aplenty for all, and work badly in need of doing.

As soon as you, a citizen, recognize your responsibility for conditions in Klamath Falls, you will begin to discharge your duty as a citizen of Klamath Falls.

Find your place in the organization.

Then will the Commercial Club be seen a real power for the community's good.

Not alone for its commercial and industrial good—
But also for civic good—for the good of the citizens as well as for the good of Klamath Falls and Klamath county.

Scattered Shots

GET THOSE ballots in early for the Commercial Club election.

TOMORROW NIGHT they are to be counted.

DON'T FORGET that party in the Lava Beds Sunday. It's a big time.

THE CENSOR is getting in good work on the Warsaw proposition. Is it or is it not evacuated?

RUSSIA is reported to be using publicity in order to get the English and French to attack on the west.

HERETOFORE IT IS said the attempts have been secret but not very successful.

IT WOULD SEEM that the duties of the investigators would lie straight before them on such an affair as the Eastland.

THE INTERFERENCE of one with the other means that the guilty ones will escape.

THE COMMERCIAL CLUB work is just beginning. Action from the beginning is what is needed for success.

HUCKLEBERRIES and deer are reported plentiful. That's what we are noted for.

THE MAN that can go out after them these days is lucky—that is, the huckleberries.

The Hood River Manufacturing company has organized to manufacture the Friday electric cooker, the Hood River orchard cultivator, and the Featherweight spray nozzle.

The wagon road to Alsea connecting Eugene with Florence, will soon be completed.

RECIPROCAL DUTIES IN CITY BUILDING

There are Two Sides to the Public Progress Shield.
One shows the Commercial Organization working with the People.

The Other Side shows the People working with the Commercial Organization.
The Latter is just as important as the Former; it would not be a Shield if there were not Two Sides to it.

The trouble is, most Persons see but One Side of the Shield.

They see that the Organization must work for the People.

But they do not recognize the Equal Need for the People working with the Organization.

The People should at All Times work Untidily and Harmoniously with the Commercial Club.

It is the People's Agency, the People's Machinery for the Promotion of the Public Business.

Is it not the People's Duty to get behind Their Own Agency?

Is it not to the People's Interest and Benefit to co-operate Enthusiastically and Vigorously in the operation of their Own Machinery?

Once create a Community Feeling like that, once stimulate Community Action along These Lines, and the Whole Aspect of the Development of Klamath Falls and Klamath County will change decidedly for the Better.

Enthusiastic Co-Operation between the People and the Commercial Club is the Surest Way to secure Community Development.

Co-Operation is the Cheapest Tax the People can Pay; it is the Best Producer of Substantial Results.

The Best Citizen is the One who does His Best to help the Commercial Club do Its Best.

And Every One wants to be counted as One of the Best Citizens.

Especially when this Citizenship is in Klamath Falls.

CLEVELAND, O., Aug. 5.—The second wife of Joseph Garlack is so anxious to keep him out of jail she has gone to work to pay his first wife her alimony.

PORTLAND LETTER

PORTLAND, Aug. 4.—The receipts for Monday were: Cattle 752 head, hogs 2,322 head, sheep 4,026 head.

For the last three Mondays steers have reached the 7c mark. The market seems to show steady on good stuff. Of course, this class of cattle is not coming in freely. Out of the 800 head on the market, only two or three loads could show in this class. Most of the offerings were mediocre, the usual number of second rate cattle being in evidence. For ordinary cows and heifers the market seems at an early date fairly steady.

Only a few hundred head over 2,000 hogs were registered over Sunday. Outside of a few loads that were able to spring the close of last week's price at \$7.15, all lines ruled steady, the bulk going at \$7 to \$7.10. Trade was active.

The largest receipts of sheep for a single day in the last few months were registered Monday, over 4,000 head being totaled. Good lambs are selling at \$6.25, with all lines steady at last week's prices.
