KLAMATH FALLS, OREGON SATURDAY, AUGUST 7, 1915

AND STOP AT KLAMATH FALLS

ARE YOU GOING TO THE LAVA BEDS?

THE TIME: 7:30. THE PLACE: Commercial Club. THE STAKE: Lunch and water.

Tomorrow will witness the opening of the Lava Beds road between this city and California, putting in reach of the tourist and local people a region that is replete with Nature's wonders, many of which are not to be reproduced any place that is yet known.

It is full of wonders that most of us do not realize yet because we have never seen the place. It is full of wonders that are well worth going to see, for only by seeing are we able to judge.

Comparatively speaking there have been but few pictures taken of the many scenes in the Beds. But two or three of the caves have been featured, while there is cave after cave there that have been visited by but few people.

Old Mother Earth must have shaken until her very foundations were wracked when those mighty fissures and canyons in the crust of the earth were torn open and blown out. The magnitude and massiveness of the movements must have been beyond description. Such an inferno as took place there could have a place but in the imagination of this day. For miles and miles, as far as the eye can see, are stretches of land that must have been literally on fire at some time. Great holes are burnt up through the crust of the earth; great ravines now exist where before was solid rock, the crust of the earth having lost its support from beneath because of the great heat and fell in.

The Modoc people are expecting Klamath to turn out, and why should they not? Through the efforts of a few industrious persons in the city the road has been made a possibility. Modoc now promises to be present and show Klamath a good time following the picnic luncheon at Bear's Foot Cave. It is up to Klamath people not to be outdone by Modoc county, and turn out tomorrow. It is up to Klamath to turn out in their own interest and good will.

Scattered Shots

WE SHOULD think that the man with the booze and the Bible would begin to think something was bringing him bad luck.

NOW THAT the plans are complete for the settlement of affairs in Mexico we wonder how many revisions will be made.

PUT LOTS OF GAS in the tank and see that the radiator is full.

ALSO REMEMBER the lunch and the water—lots of the latter, because it's a long way down to the bottom of Bear Foot Cave.

A GOOD EARLY start is to be made. Be at the Commercial Club at 7:30.

TWENTY-FIVE DOLLARS has been offered freely for the movies. If the effort was made, the \$250 could be raised in the county within a week.

KLAMATH HAS MORE diversified interests and sections of country to take a movie of than any other section of the state.

THE TIME IS NEAR when something must be done, if ever.

What the War Moves Mean

By J. W. T. MASON (Staff Correspondent United Press)

NEW YORK, Aug. 7.—Russia is openly appealing to the allies to assist her by developing a major offensive on the western front. Hitherto the pressure being brought for help has been secret. There were unofficial intimations of a plan for a western offensive telegraphed from Petrograd last week, but the government was silent.

In today's communique the government declares the Germans are moving troops from the west to the east, and adds, "this creates favorable conditions for active operations on the part of the allies in the west." By this the czar openly demands that the allies no longer remain idle while the Russians are being forced to abandon Poland.

It is not probable that the allies are announcing an offensive is about to begin. Circumstances suggest that the Slavs have been unable to persuade them to strike. As a final effort to compel them to act, Russia has decided to try publicity. Not only are they made uncomfortable by Russia officially and openly advising them what to do, but there exists the possibility of a rupture from the allies' persistent refusal to take the offensive.

That they are unable to assume the offensive because of a shortage of munitions, Petrograd apparently does not believe. The necessity of husbanding ammunition to withstand a possible German effort to reach Callias does not impress Petrograd as much as London and Paris. If the allies remain inactive, despite Russia's appeal, there is certain to be resentment in Petrograd. The evacuation of Poland will be associated in the Russian mind with the absence of an effort by the Allies on the west. Had Turkey not entered the war, and if there was no possibility of Russia securing Constantinople, the basis for a possible separate peace unquestionably now exists in Petrograd.

Jewelry for All Occasions

United Press Service PORTLAND, Aug. 7.—That there will be jewelry designed for all occasions this season was the declaration of T. L. Combs, president of the American National Retail Jewelers' Association, here today.

"The style of the lady's jewelry will be as important as the fashion of her gown," said Combs. He pointed out that there is to be jewelry appropriate for the various varieties of widows. A black band will be worn by the widow whose husband is dead, while a ring with a green band and an emerald setting will designate the grass widow. If widow be amply supplied with alimony, diamonds instead of emeralds will encrust the band.

TAKE SALTS FOR THE KIDNEYS IF YOUR BACK HURTS

We Should Drink Lots of Water and Eat Less Meat, Says Noted Authority on Kidney Disorders Recommends a Spoonful of Jad Salts in Glass of Water Before Breakfast to Stimulate Kidneys and Eliminate the Uric Acid

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before

breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

"TAKE YOUR WIFE TO THE BALL GAME," ADVISES JUDGE

United Press Service SAN FRANCISCO, Aug. 7.—"Take your wife out to the ball game with you on Sundays. Don't leave her at home."

This is the advice which Judge Thomas Graham, who returned home here today after a vacation spent in studying the divorce problem, gives to husbands.

"Men should make companions out of their wives," said Judge Graham, "and then our divorce problem would not be so serious."

Judge Graham believes that courts where divorce cases are heard should include a "divorce" lawyer, whose position would be similar to that of a prosecuting attorney in a criminal case. He believes that fraud is often resorted to by persons seeking divorce.
