BOND FOR DEFENSE

SUGGESTING a bond issue as the easiest way to make provision for national defense—that national defense, by the way, which Mr. Wilson only eight months ago told congress had not been neglected—the Houston Post says:

"We obtained the money for the Panama canal by selling bonds. Why can we not obtain money for defensive works in the same way?"

We can obtain money for defensive works by selling bonds, without doubt. But that is not "the same way" that we obtained money for the Panama canal. It is true that when the canal bill was passed it provided for the issue of bonds—\$375,000,000 of bonds, in fact. But the republican administration which built the canal never found it necessary to issue all these bonds. Under the wise fiscal provisions which are characteristic of republican rule, it was found possible to pay nearly all the cost of the canal from current revenues. The figures are impressive and illuminating. We have spent more than \$283,000,000 on the canal, and nearly \$359,000,000 of this is reimbursable to the treasury. In other words, under republican practice, \$359,000,000 were available from treasury receipts for the building of the Panama canal. Under democratic practice a demand for a natural program for national defense means a bond issue.

CREAM FOR CATARRH OPENS UP NOSTRILS Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—relief comes so quickly. (Paid Advertisement)

LATE BULLETINS

Portland—Edward Schweitzer, age 27, was arrested yesterday charged with a threat to kill Catherine Herford, age 22, because she spurned him. His sanity is doubted.

Washington—The attorney general's opinion given the president is believed to nullify the life saving equipment clause of the La Follette seaman's act. It is understood that he endorsed Solicitor Thurman's view of the clause, which conflicted with earlier legislation on the same subject.

El Paso—Ten thousand Villistas defeated the Carranzista forces around Monterey, according to advices. Carranza lost 1,000 men.

Washington—Harry Mayer has been appointed postmaster at Elko, Nev.

Cardiff—Ten thousand miners have struck at Hafod, claiming that the agreement whereby they returned to work recently has not been carried out. The strike threatens to spread.

Berlin—General von Mackensen has broken through the advanced Russian positions at Brest Litovsk at Dobynka.

DESTROY TOWN TO SAVE CITIES

THAT IS THE PLAN WHICH WILL BE FOLLOWED BY OHIO CONSERVATION BOARD TO CONTROL FLOOD WATERS

United Press Service OSBORN, Ohio, Aug. 26.—This thriving village of 1,000 population will be only a memory soon. The Miami Valley conservancy board, in carrying out its flood prevention plans will buy the entire town. The cost will be \$700,000, and residents of Osborn are satisfied with the bargain—each property owner getting full value.

The sentiment that attaches to living sixty years in one's own home isn't going to block the deal. School buildings, twenty-five retail stores, water and light plant, lumber mills, and four churches will be razed, along with other buildings. The city will be transformed into a lake. When the great flood gates are opened after the completion of the conservancy dam Osborn will vanish, to save the larger cities from destruction.

Engineers figured that the site of Osborn was ideal. It lies in a valley large enough to encompass all the flood waters that wrought the destruction of the famous Dayton flood.

MANY CASES OF RHEUMATISM NOW SAYS WE MUST KEEP FEET DRY, AVOID EXPOSURE AND EAT LESS MEAT

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well. (Paid Advertisement)
