TUESDAY, AUGUST 31, 1916

WANTED: FLOWER NAMES

WE MUST have more common names, more folk names, for the multitude of flowering plants in our national parks, says Professor W. L. Jepson of the University of California.

"By a folk name, I mean a name that has been given to the plant by the folk, the people who have lived among the plants, and know them from their point of view. Of course, the botanist has named practically all of the plants in the parks. He has given them scientific names, but these very rarely make an appeal to the people at large. When once you hear folk names, then the interest in the flower fields will be very much greater. Take mountain misery, for example, which is found in the Yosemite and Sequoia parks. That at once shows the flavor of the soil. There are many such names, but many more must be invented, either by us or by the people who live in the mountains or live in the parks.

"I was coming down out of the mountains on a trip, and I had been studying what we botanists call Calandrinia caulescens var. menziesii, and I met some children that had in their hands a bunch of the flowers. I stopped and asked the children what they called those flowers. After some little hesitation they said 'kisses.' I asked them why they called them kisses, and they either would not or could not tell. But as I went on I heard the elder child say, 'that's a botany man, and he is always asking why'.

"You cannot always tell why. Sometimes you just do things. A mountain name, like mountain misery, at once makes a strong appeal to the people. Common names indicate the way in which the plants have affected the people who live there, whether they are conscious of it or not.
"Imagine the thoughts of a person going to the meadows and seeing the mountain grass filled with shooting stars. I have seen as many as half a million shooting stars in one Sierra meadow. Now, when that plant becomes known it will become almost as famous as the edelweiss."

Scattered Shots

THE IMPORTANCE of a camp ground is growing daily. They are not to be found along the highways and the towns must provide them.

EVERY MEMBER of the Commercial Club should feel it his duty to attend tonight.

WHERE? AT THE CITY HALL.

RUMBLINGS INDICATE that there are things working under the surface.

SOME DAY we will wake up and find that our city has outgrown itself.

WE SHOULD be prepared for these things.

THEY SAY the car was not so badly damaged, but there was glass sixty feet from the spot. Some lamps—either the driver or the car.

A BIG TIME this week-end, sure. The P. F. I. E. may suffer somewhat with the competition.

OUR HOT WEATHER continues—as it has for some time.

Exceptional advantages in art, music, Chinese painting and modern languages. Excellent commercial course. For particulars, address Sister Superior. 26-04

BIG FRESHMAN CLASS EXPECTED

REGISTRAR ESTIMATES AN INCREASE OF FRESHMEN FROM 375 TO 600—SIX FOR EACH GRADUATE OF LAST JUNE

(Herald Special Service)
UNIVERSITY OF OREGON, Eugene, Aug. 31.—For every student lost to the University through graduation in June, six will be gained through matriculation in September, according to Registrar Albert R. Tiffany.

Besides the increase through a large Freshman class, Mr. Tiffany holds that his correspondence, compared with previous years, shows that the tendency of Oregon students to seek big Eastern and Southern institutions for the last years of their course is about at an end.

"Few, if any, students are going to transfer from the University this year," states the registrar. "The increased facilities of the university and the spirit of optimism and enterprise and loyalty that now prevails on the campus is going to keep them here, not only this year, I believe, but in future years."

Mr. Tiffany prophesies 500 freshmen, as against a previous record of 375.

PHI GAMMA ETTA CONVENES

Six Hundred Members of College Fraternity Open Convention

United Press Service
SAN FRANCISCO, Aug. 31.—Six hundred members of the Phi Gamma Epsilon Fraternity opened their convention at the exposition yesterday. Half of the delegates arrived in the city the night before on a special train.

The visitors were welcomed to San Francisco by Mayor James Rolph Jr. Today the delegates will visit Stanford University, and tomorrow will go to the University of California. Business sessions will be held Thursday and Saturday. Friday the delegates will celebrate at the exposition.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid. Advertisement

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

Mabel Stark and the Man Eater

Miss Mabel Stark performs some daring feats with a group of man-eating Bengal Tigers. She also makes a daily balloon ascension with a huge African Lion as one of the thrilling spectacles with the Al G. Barnes Wild Animal Circus.

There are three particularly promising days on the calendar—Christmas, Fourth of July and circus day.

Of the three, circus day has long ago been voted the day of days by the kiddies, big and small, old and young, and September 4 Klamath Falls offers to its circus loving citizens, the Al G. Barnes big three-ring animal circus, which will come here for two performances.

Practically the entire entertainment provided by the show is given by a troupe of highly educated wild and domestic animals, 600 in number, the largest collection of trained animal actors ever assembled. These animals have been selected from about every known species. Man-eating African and Asiatic lions, tigers, leopards, jaguars and pumas, grizzly, Russian sable, brown and polar bears, elephants, camels, zebras, hyenas, seals and sealions, and the famous Barnes' horses and ponies, to the number of 550, having been cast as actors on the program.

Sixty-five distinct acts and features are presented, the great "thriller" of

Teachers Hold Meet

Will Be Addressed By Noted Speakers During Convention

United Press Service
SAN FRANCISCO, Aug. 31.—Teachers of French opened their convention at the French Pavilion today, with A. Legallet, president of the Federation of French Alliances, welcoming the delegates.

Among the prominent speakers scheduled to address the convention are M. Louis Delamarre, secretary general of the federation; Dr. W. S. Currell, University of South Carolina; Ferdinand Buisson, noted educator of France. The convention will close tomorrow.

DIAMOND DUST

Many new faces will be seen in the Medford line-up next Sunday and Monday, as Manager Ewing of Medford informs us he will be here with some team, and expects to scalp the locals in both games.

Manager McGowan will have his team out for a good hard work-out this week, as the boys are determined to end the season with this series added to their belt.

Society Cook will be out of the game on account of a bum knee. Lyle Bigbee and "Big Six" Peterson will do the slab work. Pete is in fine condition, and many of the fans are anxious to look him over, as he is signed up with Portland for next season.

Sam Betty departed Saturday for Chico, where he attends normal school. Sam made a big hit with the fans, who will be glad to hear that he will be back next season if there is anything doing in the baseball line.

Too bad Cookie is on the hospital list, but as he is receiving the best of attention it is thought that he will soon be back on the job.

Nice little ring you are wearing, Jimmy. Must have had a birthday.

Who crossed Lee up on that excursion Sunday?
Wait till Bowden gets his Ford. Then all the boys can jump in and walk around.

There are two kinds of insurance. Ask Chilcote about the kind that pays. 11
