

## SIX MEXICANS ARE KILLED BY U. S. TROOPS

### AMERICANS LAID TRAPS AND THEY WALKED IN

Clashed Last Night at Cavaseso Crossing—Killed Included Captain and Lieutenant Under Carranza From the Garrison at Matimoras—No Casualties on American Side—Constitutionalist Not to Mix in Texas Trouble

United Press Service  
BROWNSVILLE, Sept. 7.—Details received today from the clash at Cavaseso crossing, where Mexicans and American troops engaged in a fight last night, state that six Mexicans were killed.

The reports briefly state that the Americans laid a trap and the Mexicans walked into it.

Those killed included a captain and a lieutenant of Carranza's forces from the garrison at Matimoras. There were no casualties on the American side.

Carranzista commanders have ordered the constitutionalists along the border not to mix in the Texas revolution. The ranch house of Amiceto Pisanos, where the Mexicans are accustomed to gather previous to raids, was burned.

## The German Who Took Warsaw

PRINCE LEOPOLD OF BAVARIA

Prince Leopold of Bavaria was the German general who took Warsaw. His army was the first within the city taken by the Russians. This photograph shows him within the city the day his troops entered.

## AUSTRALIA LIKES OREGON BUILDING

### OFFICIAL SECURES PICTURES AND PLANS FOR REPRODUCTION OF THE FAMOUS BUILDING IN THE ANTIPODES

(Herald Special Service)  
SAN FRANCISCO, Sept. 7.—If imitation is the sincerest flattery, Oregon will probably soon have reason to swell up like a pouter pigeon. Australia expects to duplicate the Oregon building and exhibit scheme for permanent display purpose at home. At least, that is the expression of F. T. A. Fricke, resident commissioner for the government of the state of Victoria, Australia.

Mr. Fricke has been a frequent visitor at the Oregon building, and on every occasion enthusiastic in his praise of it and the splendid advertising Oregon is getting as a result of the several showings here. On his last visit he asked for complete architectural plans of the Oregon Parthenon, pictures of the various exhibit booths, and insisted upon the detail of the organization plan. Mr. Fricke was warm in his congratulations to Manager George M. Hyland, who is most responsible for the remarkable showing, and he also insisted on talking with the department heads that he might the better understand the exact working methods at the building.

He feels that, with the single exception of Canada, Oregon has made the real hit of the exposition, and for the money spent Oregon is getting results that are marvelous and incomparably greater than any other, without exception. And no one who knows men could look at Mr. Fricke and suspicion even for a second that he is ever guilty of peddling hot air—he is all business, and his upper lip is a hard, straight line.

Operated on for Appendicitis  
Miss Edith Simmers, daughter of A. J. Simmers, was operated on Sunday afternoon by Drs. Hamilton and Merryman for appendicitis, and is in a favorable condition.

Diverse Suit Filed  
A divorce suit has been filed with the circuit court clerk by Mary Kuore against Chas. Kuore.

## HOW TO VISIT THE S. F. FAIR

### LENGTH OF STAY DETERMINES LOCALITY OF RESIDENCE—IF SHORT, STAY NEAR THE EXPOSITION GROUNDS

(Herald Special Service)  
SAN FRANCISCO, Sept. 7.—Oregonians who want to see the most of the big exposition in the shortest length of time, at the least expense in the long run, and with the greatest comfort and real pleasure, should be located on the grounds. This is the conclusion of the writer, after five months' experience and innumerable conversations with those who have been both on and off the grounds.

Since coming here the writer has lived in Oakland, in San Francisco and upon the grounds. He believes that any coming for but one week can not afford to locate down in the city, and really desirable places are no longer to be found, except occasionally, near the grounds. If the trip is to be of two weeks, at least one week should be spent wholly inside the grounds.

Located at Inside Inn, for instance, one is able to see inside of one week all that can be seen in two weeks if one lives away from the grounds. The mornings here are the desirable time at the exposition, and this is the time wasted when one lives away. The night offers the wonderful illuminations; and at 11 o'clock are the extraordinary illuminated flights of the aviators.

Much of this is necessarily missed if one must go by car down into the city to spend the nights. Usually people get so tired that they really cannot remain up with any comfort or pleasure. When at Inside Inn it is possible to take a rest whenever desired, and it is possible to view practically everything at night from the hotel windows.

There is every convenience and comfort at this hotel. The rates run from \$3 upwards, and breakfast can be had for 50 cents. There is a regular dining room, also a cafe where one can spend as much or as little as may be desirable. The rooms are large and well furnished, and a stay at Inside Inn is a real pleasure. If one does not

care to eat at the hotel, it is easy to find a fairly good living at the Y. M. C. A. cafeteria or at several other eating places over the grounds, where the price is not necessarily very strenuous.

### English Peer Munition Worker

United Press Service  
London, Sept. 7.—The latest titled war worker despite his age of fifty-three years is today clad in overall working beside plebian war hands in an aeroplane factory in Surrey.

He is the Earl of Norborry, who can't enlist because he is too old, but who insists on doing "his bit." He is a fitter. His hours are from 6 a. m. to 7 p. m., with a half hour for breakfast and an hour for lunch.

He receives exactly the same treatment as his humbler fellow workers and sleeps in a single room near the factory.

### Ball Players to Leave

Dick Nelson, first baseman, and Lyle Bigbee, the Ewaunas' premier pitcher, expect to leave in the morning for Eugene, preparatory to entering college this fall. Nelson will go on to Lafayette to visit at home first, while Bigbee's parents live in Eugene. They both expect to report for football as soon as they return to school. Bigbee played half back last year, while Nelson made a good showing in the line.

### 147 Pounds of Vegetables

One hundred and forty-seven pounds of vegetables were sent by the Commercial Club yesterday for the Klamath booth at the fair. The Oregon commission pays expressage on all perishable goods sent, and the club desires that the name of the grower and the name of the vegetable or other product, and its variety be attached to the package. Unperishable goods should be sent by freight.

### Obenshain Back from San Francisco

Silas Obenshain, member of the grocery firm of Ward & Obenshain of this city, has returned from San Francisco in company with Mrs. Obenshain, where they attended the fair. While in San Francisco, Mr. Obenshain was operated on for appendicitis, but has recovered.

### Council Meets Tonight

The city council will hold its regular meeting tonight at the city hall. Last night was the regular meeting night, but owing to its being a legal holiday no session was held.

## SOME DOUBT AS TO WHAT SUNK THE HESPERIAN

### ADMIRALTY SAYS NEVER IN THE WAR SERVICE

No Troops on Board Except Wounded Canadians—America Ordered Representative to Ascertain Cause of Sinking—Consul Frost at Queenstown in Confidential Preliminary Report, States Some Doubt.

United Press Service  
WASHINGTON, D. C., Sept. 7.—Ambassador Page cabled today that "the British admiralty states that the Hesperian, which sunk Sunday morning, was sailing as an ordinary passenger ship, and never was in government service since the war began. There were no troops aboard her at the time except some wounded Canadians, who were traveling to their home on individual tickets."

America has ordered her representatives abroad to ascertain and determine whether the Hesperian was mined or torpedoed. Consul Frost at Queenstown, in a confidential preliminary report, said that there was some doubt as to the cause of the ship sinking.

United Press Service  
WASHINGTON, D. C., Sept. 7.—Ambassador Page has added to his report that the British admiralty has not yet announced whether the Hesperian was torpedoed or mined.

Consul Frost's delayed report reiterates that the survivors stated that she was submerged. Two American stewards, Barney McMillan and Frank Dallas, Frost said, were below when the torpedo struck. He also said that the ship's officers signed joint affidavits that fragments of the steel tank were seen on the deck, removing any doubt that the ship was torpedoed. They said the ship was fired on without any warning.

United Press Service  
LONDON, Sept. 7.—It has been announced here that the Hesperian was not convoyed when she sank. No patrol boats were within miles of the ship so far as is known, the captain reported to the admiralty.

### Sues for Recovery of Money

A suit has been filed with the circuit court clerk by G. W. Morine against George Noble for recovery of money.

### Marriage License Issued

Marriage licenses have been issued by the county clerk to Walter Booth of Fort Klamath and Miss Hasey Ray. Also to Robert Braun of the Klamath Agency and Miss Alice Lindsey. Braun is a farmer in the employ of the Indian service. He expects to be moved to another location soon.

### Indian Stunned by Fall

George Riddle, Klamath Indian, fell off his horse near the depot yesterday and bruised his head badly. He was unconscious for some time. The horse slipped on the pavement and threw him off.

### Large Sum Collected by Sheriff

The sum of \$40,833.46 was collected by the sheriff's office during the month of August for current and delinquent taxes. Taxes as far back as 1906 were collected.

### OUR WANT ADVERTISING

More than 100,000 people read this paper every day. It is the best place to get your message across to the public.

## \$500 for Hobo Girl

Viola Stevens

Viola Stevens, aged 15, of Brooklyn, N. Y., has run off with Max Goodman, her chum, perhaps he is her husband by now, dressed in boy's clothing, and somewhere in the Eastern states they are riding freight trains, just like efficient hoboes. But her mother, Mrs. Adelaide Stevens, is an energetic woman. No sooner had she missed the daughter than she went to the Brooklyn detectives and offered a reward of \$500 for the return of the girl. Viola, it is believed, is filled with the wanderlust, or love, or both. She was an ardent member of the Camp Fire Girls, and later expected to go on a camping trip with another organization. She is a member of a bird club, and has been very enthusiastic in her studies.

A friend of Goodman's told the story of the girl dressing in boy's clothing and seeing her and Goodman board a freight train in Brooklyn. Later this postal card was received by a friend of Goodman:

"Dear Jim—Arrived safe, striking Penn. Having a darn good time—a time. Caught freight at Westfield on Penn. Left Albany. Got a square meal from a farmer's wife. (Signed) "FRANK SAYVILLE"

"P. S.—Will write you again on our honeymoon. (Signed) MAX"

### Many Licenses Issued by Clerk

Licenses to the amount of \$454 were sold by the county clerk's office this past month, \$32.80 of the amount going to the clerk's office as the commission allowed by the state. Five hundred and three licenses were hunting licenses, 91 fishing licenses, 21 combination licenses and two for non-resident licenses. This morning Jack Millon of Honolulu purchased a license, stating that he desired to get some of this famous Klamath hunting and fishing.

### Over 600 in City Schools

Five hundred and nineteen students registered during the first two days in the public schools of the city. Two hundred and fifty nine are at the Central school, 155 at Riverside, 63 in Mills Addition and 43 at Pelican Bay City.

### From 'Frisco in Two and Half Days

Don Newberry of this city and Mr. Garrett of Medford arrived in the city from San Francisco, where they have been visiting the fair. They state they made the drive in two and a half days. Newberry will soon leave to enter college at Eugene.

### Leaves Forest Service for School

Jack Elliott of Salem arrived in the city yesterday from near Klamath Hot Springs, where he has been stationed this summer in the forestry service, and will return to Eugene, where he will enter the University of Oregon this fall.

## EFFORT TO GET FEDERAL COURT

### RESOLUTION TO BE PRESENTED TO CITY COUNCIL BY ATTORNEY OFFERING THE CITY HALL FOR HOLDING OF COURT HERE

A resolution offering to the United use of the city's new hall for the purpose of holding the court here has been drawn up by City Attorney Rollo C. Groesbeck, and will be presented to the council tonight for action.

Some effort has been made to secure a regular term of the federal court in this city, due to the fact that the close proximity of the Klamath Indian reservation and the numerous Indian cases that arise continually, the federal government is put to great expense in paying railroad fare for witnesses, officers of the law and criminals.

The previous term of court held here in the trial of Jim George, and in as much as there is another case of similar nature and numerous bootlegging cases another endeavor has been made by the business men and the Commercial Club to have a regular term held here.

The resolution sets forth that plenty of room is to be had in the city hall for the holding of the court, and will not interfere with the city's business. The council is expected to pass it.

## MEDFORD BEATEN THE SECOND TIME

### IN HARD GAME EWAUNAS FINALLY SCORE NEEDED RUN AFTER PLAYING UPHILL GAME OF TEN INNINGS

In a hard game yesterday, the closest game played this season on the local diamond, the Ewaunas finally came out on top yesterday afternoon in a three-hour game with Medford. Although fourteen hits were secured off of Welch, they were so scattered until the last of the game that but for a couple of costly errors behind him he probably would have won his game.

The Ewaunas fell down hard in the first part of the game, slipping into the error column frequently. In the seventh Cook replaced Peterson and Bigbee replaced Messick on second. It was a cold day, with a bad wind, and the result was noticeable in the work of the team.

However, after the first part of the game, and after Medford had piled up five more runs than Ewaunas, the team commenced to play ball, and with the aid of the rooters, a victory was noted out in the tenth frame. Timely hits, four of them in the ninth inning by Bowden, Hoag, Nelson and Palmer, tied the score. Cook held them down in the tenth for his side. Messick then walked, Bowden lived, Herbig fanned, Hoag lived on a fielder's choice, and Nelson fanned. Bigbee then laced one down through the pitcher's box so hot that the second baseman was unable to recover himself in time to throw home and catch Messick, who made the winning run.

This made the fourth win for the Ewaunas against Medford, having made 39 runs to their 10.

(Continued on Page 4)

### Pitcher Goes to Crater Lake

John Welch, who pitched the game yesterday for Medford, left this afternoon for Crater Lake by machine. He expects to spend two days there before going on to Portland.

### Boy Born Sunday

A son was born to Mr. and Mrs. Harry Wall Sunday morning at their home on Ewaunas Heights.

### Boy Is Operated on

The small son of Mr. and Mrs. Geo. Nebraska was operated on this morning by Dr. R. R. Hamilton.

## U. S. MAY ASK AUSTRIA TO RECALL DUMBA

### AUSTRIAN AMBASSADOR INCITES STRIKES

Plan to Cause Austria-Hungarians Employed in American Steel and Munition Plants to Strike is Investigated. Not Expected to Deny, But May Excuse Himself on Ground of Intolerable Labor Conditions.

United Press Service  
WASHINGTON, D. C., Sept. 7.—Austrian Ambassador Dumba has wired Secretary Lansing for a conference. Officials state that if it were in ordinary times there would be an excellent chance for America to ask Austria to recall their representative as the result of a plan to cause all the Austria-Hungarians employed in American steel and munition plants to strike, which Dumba is said to have agitated.

Upon the definition and the application of the words "gross impropriety" hinges the administration's attitude towards Dumba of Austria, high officials have indicated.

President Wilson will be the judge of the situation. It is understood that Dumba has submitted to Lansing a copy of a message he sent to Germany by Correspondent Archibald, suggesting a strike in the munitions and steel plants.

Dumba is not expected to repudiate the evidence of the alleged plan to tie up American factories, but may attempt to justify it on the ground of intolerable labor conditions.

## TWO TRAFFICKERS CAUGHT POACHING

### HOLMAN AND McCARTER CATCH TWO BOOTLEGGERS, ONE SUNDAY AND THE SECOND ONE YESTERDAY—HEARING TODAY

Tom Thorsen was arrested Sunday by Policemen Holman and McCarter for selling whiskey to Indians. Thorsen had three pints of whiskey on him when arrested, and it was believed by the police that he had disposed of about twenty before he was caught.

Bob Bartlett was taken yesterday at the Klamath stables, where he was seen passing whiskey to Jack Palmer, Indian, by the officers. The two men are being held in the city jail, and will be given a hearing before United States Commissioner C. J. Ferguson, who has returned to the city from an extensive automobile trip through California.

In the arrest of Thorsen the officials believe they have captured and put a quietus on the man that did most of the bootlegging during the presence of the circus in the city.

### Paddock Is Coming Here

Bishop Paddock of the Episcopal church of Oregon will be here Sunday September 13. He will hold morning services in the Odd Fellows hall at 11:30 o'clock. In the evening he will lecture at the opera house. Everybody is welcome.

### Local Boy Ill in Medford

Oliver Applegate Jr., son of Captain O. C. Applegate of this city, who had been seriously ill from pneumonia following while on a bicycle trip to Crater Lake, is now at Medford with relatives, and is reported to be rapidly improving. He managed to reach a home on the trip to Medford when taken sick, it luckily being people who knew him and took care of him.
