Interned by Cupid

Miss Hilda Schweiger

Miss Hilda Schweiger, 22, a beauty of the Geraldine Farrar type, has come from Germany to marry Lieutenant Paul Hesse, navigating officer of the once dashing raider Prinz Eitel Friedrich, now interned at Newport News. At the pier in New York to meet her were her fiancé and Captain Max Thierichsen, commander of the Eitel Friedrich. The Noordam is the second ship on which the bride-to-be engaged passage to wed the lieutenant. The German naval officer had promised the girl's dying father that he would care for her. When the big war broke out the lieutenant was in China. He had made arrangements to be married there, and Miss Schweiger was about to sail. Her ship, however, never left Bremen.

The disappointed lieutenant roamed the seas and sank merchant ships of the enemy until the converted cruiser barnacled and played out, slipped into Newport News and abandoned the game.

Miss Schweiger kept in communication with her fiancé. She is German, but was born in London, where her father occupied a post on a German government mission. She and Hesse had been sweethearts from childhood in Crefeld. They went to school together and parted only when he enrolled in the naval academy.

BRUTAL ATTACK MADE ON JOHNSON

STRUCK FROM BEHIND WHILE DRIVING HOME MONDAY NIGHT. CAR NEARLY OFF GRADE—ROSBERY BELIEVED PURPOSE

While driving home Monday night about 11 o'clock, Paul Johnson of the Klamath Development company and Klamath Packing company of this city, was brutally assaulted by a man that is supposed to have hidden in the rear of his car, Johnson being knocked unconscious.

The car was just ascending the grade over the government ditch when he was struck. The next Johnson knew he was sitting in the car, tightly gripping the steering wheel, with blood running down over his face. He managed to reach the Lyle Mills residence about 1:30, he stated to friends today, when he fainted again.

Dr. E. D. Johnson was called, and he was taken back to the White Pelican hotel, being unconscious at times until 5 o'clock Tuesday morning.

His nose was broken and two teeth cracked, while a severe pain remained with him down across his forehead. He believes that the man who struck him, whoever he was, struck him with some heavy article. The only explanation that he can give for the attack is robbery, but strange to say nothing was missing but an amethyst stick pin.

He was driving up the grade, and knew nothing of the attack. The car, however, was found with the front wheels nearly off the grade, and the emergency brake set so tight that a hammer had to be used to loosen it the next morning. His explanation is that the man was either frightened away by a passer by, or believing that he had killed him, had fled following the attack, not stopping to rifle his pockets. He left the hotel about 11 o'clock, after getting his paper, and believes the man must have crawled into the car and remained there unseen.

Paul was down today for the first time, and his face shows the impact of the blow.

DELINQUENTS ARE TO BE COLLECTED

CITY ATTORNEY AND POLICE JUDGE GIVEN AUTHORITY TO PROCEED WITH COLLECTION AGAINST PROPERTY FOR PAVE.

The city council authorized the city attorney and the police judge last night to proceed with the collection of delinquent paving taxes against city property, and these officials will proceed immediately.

There are two classes of tax payers under the paving, those that took advantage of the ten year payment plan and those that did not. A number that did not are delinquent, and a number also under the installment plan are back.

The city must collect these taxes, paying over to the paving company their money. The paving company has been pressing payments all summer, and it is up to the city to collect. A lien may be secured against the property for the taxes if they are not paid.

HILL ATTEMPTED TO ESCAPE LAW

SHERIFF HAS DIFFICULTY IN LANDING LOCAL MAN AT MADERA—WANTS TO PROSECUTE HIM NOW—PAPERS AWAITED

According to a communication received by Sheriff Low from Sheriff Lewis of Madera county, California, who has William Hill and Delia Zervery and the Overland car in his possession there on a warrant from here charging Hill with non-support, Hill escaped once, but was recaptured.

Sheriff Lewis states that he had arrested the pair after making an eighty-mile drive. On the way back he permitted Hill and the "ladies" to precede him in their car while he followed closely behind. When within about three miles of Madera Hill allowed the woman to drive, and in the darkness jumped from the machine. Lewis took three shots at him, but failed to hit him.

He was later captured, and they are now being held there, Lewis desiring to prosecute him for attempting to escape and the woman for helping him, if possible. He states, also, that Hill and the woman registered as man and wife while traveling, and this charge may also be pressed.

Deputy Sheriff Lloyd Low expects to leave in the morning with extradition papers to bring Hill back here.

MORE PRODUCTS NEEDED AT FAIR

KLAMATH COUNTY RESIDENT WRITES THAT SINNOTT IS HANDICAPPED—GOOD CHANCE TO TAKE PRIZES AT FAIR

"I have visited the Klamath county exhibits at the fair, and find Mr. Sinnott doing everything possible to boost Klamath county, but he is handicapped through neglect of our own people," states Mrs. Rose A. Harwood in a letter to the Herald.

"Please urge through the columns of your paper the necessity of sending vegetables at once. I understand that railroads are carrying such exhibits free.

"I would advise the planting of celery and lettuce in attractive boxes, as it will retain its freshness much longer. A few long spinners could be placed in tall vases, with washed tops. Klamath county stands right in line to win some prizes if exhibits are sent at once."

A large shipment of vegetables, 147 pounds, went out Monday, but the exhibit booth can hold more, and they will add to the attractiveness of the booth.
