

GERMAN RAID STIRS ENGLISH TO FEVER HEAT

RIOTS AT GERMAN SHOPS ARE FEARED

Many Are Boarded Up and Guarded. Horror and Resentment Aroused by Night Raid of Zeppelins—No Military Advantage Gained and Villas Are Terrified, is Statement in Editorial—Zeppelin Reported Fallen.

United Press Service LONDON, Sept. 10.—Outbreaks here against the Germans are feared as a result of the Zeppelin raid Thursday night. German shops are boarded up since the internment of all aliens, who are guarded. Feeling is at fever heat. No other action of the Germans could have so aroused the horror and resentment of the English against the Germans.

United Press Service LONDON, Sept. 10.—The government bureau has required less than fifty cents for every \$500 worth of property for airship insurance on dwellings here. Business buildings are higher. An editorial in the Telegraph says: "The raids gain the Germans no military advantage, and they did not succeed in terrifying the civilians. Even if the raids were repeated, and more helpless people murdered in their beds, the criminals would be no nearer their goal; there would be merely a deeper loathing of the name German."

United Press Service AMSTERDAM, Sept. 10.—It is reported here that a Zeppelin fell at Brussels Wednesday, resulting from an explosion on board the ship. The crew was killed and the airship destroyed.

"SOME FISH" SAYS LOS A. NIMROD

RECORD OF FISH CAUGHT IN LIMITED TIME CLAIMED BY LOS ANGELES MAN — ALL DANDY RAINBOW TROUT

"Some fish" was the manner in which J. M. Taylor, prominent real estate man of Los Angeles, who is spending the summer with his family at Eagle Ridge, described and claims the record for the largest number of fish caught here in a limited time for the season, all fine rainbow trout. They were landed in Odessa Creek, caught by trolling, weighing from two to nine pounds, and averaging about five pounds apiece. The catch was made in the short time of one and a half hours. Miss Louise Sargent of this city assisted in the catch. Fishermen from Eagle Ridge have reported good fishing all season long, and several good catches have been made, the record fish for the season having been a 15 1/2 pounder, landed recently by R. E. Neighbor of San Francisco, who stopped at the Ridge, while fishing in Williamson River. Mr. Taylor's party consists of himself and wife and daughter, Mrs. Gail Hamilton, also of Los Angeles. They spend their vacation in this section every year, finding plenty of enjoyment and the best outing for six weeks that they have discovered. They will be at the Ridge for some time yet, which has become one of the most popular resorts in this section, the Ridge Tavern being full the entire season. Mr. Taylor will remain until after the opening of the duck season this fall. A number of other prominent men of California are expected at the Ridge to engage in duck shooting in the marshes later in the fall.

MEDFORD NOT TO VOTE TO REBOND

CITY COUNCIL IN STORMY SESSION TABLES ORDINANCE CALLING FOR SPECIAL ELECTION TO REBOND CITY

MEDFORD, Sept. 10.—The city council, at its stormiest session in months, decided to table the ordinance calling for a special election to vote upon the Medynski proposition to rebond the city.

This decision was not reached until Colonel Sargent delivered a long talk opposing the bond issue as an impairment of the credit of the city, and holding that it was "unjust," and its legality doubtful.

The sentiment at the meeting was that some other methods of curing the financial ills of the city other than the Medynski plan were available.

German Chancellor and Minister He Overcame in Arabic Case

Grand Admiral von Tirpitz

other day and fought out the question. The result has been what President Wilson hoped for. The German policy which caused the sinking of the Lusitania and the Arabic, for the continuation of which von Tirpitz struggled, has been abandoned. Such is the tenor of the note delivered by Ambassador von Bernstorff to Secretary of State Lansing. The ambassador made this statement: "Although I know you do not wish to discuss the Lusitania question until the Arabic incident has been definitely and satisfactorily settled, I desire to inform you of the above because this policy of my government was decided on before the Arabic incident occurred."

Dr. von Bethmann-Hollweg, Chancellor of Germany

Chancellor von Bethmann-Hollweg, chancellor of the German empire, has proved the victor in the intense factional fight with Grand Admiral von Tirpitz, in command of the German navy, over the submarine policy, with the result that Germany has virtually apologized to the United States for the sinking of the Lusitania and the Arabic. The chancellor and the author of the policy of "frightfulness" met the kaiser on the eastern battle front the

HARRY THAW WAS IN KLAMATH CO?

GLOBE RESEMBLANCE TO ONE OF NOTE CAUSES MUCH MERRIMENT IN PARTY VISITING KLAMATH POINTS, FOOLED MANY

"That is Harry Thaw sitting over there. Sh! Don't tell anybody, but that's him, sure!"

Such was the whispered information that became familiar at a number of Klamath resorts during the past week. Sometimes the truth was let out before the party left, and sometimes not.

It was all due to a party directed to Crater Lake, Fort Klamath, Eagle Ridge and other points under the charge of D. O. Williams, well known here. The party consisted of Dr. W. P. Horn, his brother H. W. Horn, W. H. Blake, B. E. Hammin, all of San Francisco, and Mr. Williams.

H. W. Horn was the subject of the pranks of his friends, his close resemblance to the noted Harry Thaw causing many curious and suspicious glances in his direction. Wearing heavy rimmed glasses the resemblance was striking, and as soon as the other members of the party found out the suspicious about their fellow traveler they immediately took the cue, and did not fail to drop the hint when stop-

ping any place that Mr. Horn was Mr. Thaw. Much fun was had out of the incident. The fact that Thaw is now on the coast lent color to the story, and in some places they forgot to give away the joke before leaving. They left for the city this morning, returning to this city last night.

AUTEN CASE IS UP NEXT MONDAY

TRIAL OF FORMER LOCAL MAN TO BE HELD IN LAKEVIEW MONDAY, CHARGED WITH MANSLAUGHTER—OUT ON BAIL

Charged with manslaughter, John B. Auten, formerly of this city, will face trial next Monday at Lakeview, where he early this summer shot Curtis, whom he found with his wife at his rooming house.

Auten had followed the pair, and after they had entered the house, he went in, found Mrs. Auten sitting on Curtis' lap, according to reports, and without saying a word Auten emptied his revolver into Curtis' body, who died without a sound.

He was charged with manslaughter, and has been out on bail since the preliminary hearing.

Judge Gale of this city is now in Lakeview, to represent the defendant.

CHANGES MADE AT ANNAPOLIS

ALL OFFICERS ON DUTY THERE MORE THAN TWO YEARS GIVEN NEW POSTS—WHY, IS NOT STATED IN ORDER

WASHINGTON, D. C., Sept. 10.—Secretary Daniels has announced a general reorganization of the forces of the naval academy at Annapolis. Heads of nearly all departments were ordered detached for duty elsewhere, changes to be effective September 30th.

"We have changed most of the heads of departments who have been on duty at the naval academy two years or more," Secretary Daniels said. "Officers who have been there less than two years have not been changed, except in the case of Commander F. A. Trout, who takes command of the battleship Wisconsin."

The secretary declined to state whether the reorganization was a direct result of the recent investigation of affairs at the academy which grew out of dismissal of cadets on charges of cribbing their examinations.

Eastern Stars to Meet The Alpha Chapter of the Eastern Star Lodge will hold its first regular meeting for the term at the hall next Tuesday night.

NOT RECALLED; PASSPORTS TO BE GIVEN DUMBA

SERIOUS ISSUE WITH AUSTRIA MAY ARISE

American Ambassador Probably Would Then Be Given His Passports—Believed Austria Will Sack Dumba. Not Necessarily War With Austria Will Follow—Austria Expected to Support Germany.

United Press Service WASHINGTON, D. C., Sept. 10.—The relations between America and Austria-Hungary are strained over Austria's request to recall Ambassador Dumba. A breach may sever diplomatic relations, but would not necessarily mean that war would follow. Dumba's passports will be handed him if he is not recalled by Austria. It is believed that American Ambassador Penfield at Vienna will then be handed his passports. There are grounds for belief that Austria will back Dumba, which would force a serious issue. An answer to the request is expected within two days. America's future course includes the demand of Dumba's recall. The unsatisfactory and disappointing Arabic note may be involved in the controversy. Austria is expected to support Germany if there is a disagreement over the Arabic case.

United Press Service NEW YORK, Sept. 10.—Dumba's whereabouts are unknown, but it is believed that he is secluded at the St. Regis hotel. The Lennox, his summer home, states that he has not left the hotel, and the hotel insists that he went to the Lennox last night.

United Press Service WASHINGTON, D. C., Sept. 10.—Secretary Lansing said that Austria's refusal to recall Dumba would be unprecedented. His usefulness is ended here, and it is personally desirable that he go. This is uniformly regarded in diplomatic circles as insuring that he will be recalled. He does not expect a reply for a week.

FRANK PICTURES ARE PROHIBITED

FEAR FELT THAT WRONG IMPRESSION WOULD BE GIVEN BY THE EXHIBITION OF PICTURES OF THE GRUESOME EVENT

SACRAMENTO, Sept. 10.—At the request of the Jewish people of Sacramento, Commissioner of Education E. J. Carragher has refused to permit the motion pictures of the trial of Leo M. Frank of Atlanta, Ga., who was lynched after being convicted of the murder of Mary Phagan, a shop girl, to be shown in this city. Chief of Police Ira Cronan stated last night that he had been directed by Carragher, who is the local censor of the movies, to prohibit the exhibition of the pictures in Sacramento.

The pictures, which were booked to appear at a local theater at an early date, are not intended to give a reproduction of an incident in the world of news, but are said to be biased and intended to create the impression that Frank was railroaded, that his trial was unfair, his conviction not justified and his end a blotch on the fair name of the commonwealth of Georgia. The display paper heralding the coming of the Frank pictures quotes William J. Burns, the detective, as saying that Frank was innocent.

TENSION OF SITUATION IS REVIVED HERE

SUBMARINE UNSEEN, THE ARABIC COULD NOT ATTACK

Administration is Disappointed Over Germany's Arabic Note—Presents Fresh Dispute—Second Note is Received, Kept a Mystery—Believed Supplementary to First Arabic Note. Officials Say Did Not See Submarine

United Press Service WASHINGTON, D. C., Sept. 10.—Ambassador Gerard has received a second note regarding the submarining at 9 o'clock last night. The contents are a mystery. However, it is authoritatively stated that it does not concern the sinking of the Hesperian, and is reported to be a supplementary note to the Arabic communication.

United Press Service WASHINGTON, D. C., Sept. 10.—The tension over the Arabic and Hesperian controversies that was noticeable following the sinking of the Arabic, has been partially revived at the capital, as the administration is disappointed over Germany's Arabic note. A disavowal of liability for reparation for deaths on the ship, by inference, for the Lusitania victims also, presents fresh disputes.

United Press Service LIVERPOOL, Sept. 10.—The view here of the Arabic note is that while the Arabic's officials reiterate that the submarine which sank her was unseen and that they could not, therefore made any move to attack her.

FOUNTAIN WAS HANGED TODAY

BRUTAL MURDERER WALKED TO GALLOWNS UNASSISTED — MURDERED EIGHT-YEAR-OLD GIRL IN CHURCH LAST DECEMBER

United Press Service SACRAMENTO, Sept. 10.—David Fountain was hanged at 10 o'clock this morning at Folsom prison. He walked to the gallows unassisted, and died 13 minutes and 55 seconds later.

Fountain paid the death penalty on the gallows for one of the most horrible crimes in the history of the state. Little Margaret Milling, aged 3, was the victim. The girl, last December, took her sewing outfit and went to the Sunday school room of the German Lutheran church, in Sacramento, to help make Christmas dresses for poor children. There was no meeting of the sewing circle that day, due to a misunderstanding, so Margaret went to the piano and started to play.

Fountain, aged 54, was janitor of the church. As the girl was playing he approached her and began teasing her in the air. Suddenly, by his own confession, he lost his senses, and attacked the child. Hair was torn from the girl's head, her face was scratched and her body crushed.

The murderer brushed out any spark of life that may have remained by winding a rope tightly around the child's neck.

Tirpitz to Remain AMSTERDAM, Sept. 10.—Reports that Admiral von Tirpitz, German minister or marine, intends to resign, are inventions, although it is true that he plans to take a brief vacation, according to the Berlin correspondent of the Neume Rotterdamse Courant, who claims to have obtained his information from excellent authority.
