

# OREGON HENS CUT WIDE SWATH

## ARE SO FAR AHEAD IN LAYING EGGS THAT THE OTHER STATES WILL NEVER CATCH UP—172 EGGS AHEAD, IS ALL

(Herald Special Service)  
P. P. I. EXPOSITION GROUNDS, San Francisco, Sept. 10.—Oregon hens are still cutting a wide swath here. White Leghorns from Professor James Dryden's flock at the Agricultural College are so far ahead of competing egg-layers from other states that the contest, which ends November 15th, is certain to prove them winners by a splendid margin.

The champion Leghorns thus far are 172 eggs ahead of the best pen from any other state, and the second best pen is also filled with a flock from the Oregon Agricultural College. A Victoria, B. C., pen occupies third place in the contest, but another Oregon pen is coming along at such a rate within the past few days that there is every reason to believe Oregon will capture first, second and third places in this great contest, involving hundreds of birds from many states and countries. Professor Dryden is the man who produced the world's champion, 303-egg hen for Oregon, and is now demonstrating that Oregon methods and Oregon breeding stock will result in producing champion flocks, even in such an abominable climate as that in the immediate vicinity of the Golden Gate.

The mining exhibit has been granted six more silver medals, these are on marble, granite, coal, carving and a mining map by Director Fred R. Mellis. C. N. Ravlin, director of horticulture, is making a terrific row over the failure to recognize Hood river vinegar. In some way this was passed up without inspection or analysis, as agreed upon. Ravlin and disinterested experts insist that Hood River vinegar is the finest product of the kind in the world, and if necessary the law will be invoked to make the exposition determine whether it is or not.

### Butte County Has Day

United Press Service  
SAN FRANCISCO, Sept. 10.—Butte county will give away 10,000 beautifully engraved plaques at the exposition tomorrow. Butte's plaques have an excellent likeness of Lincoln on the reverse side, and on the obverse side tell that they are just a quantity of Uncle Sam's Lincoln pennies. The Butte people will call the event a "penny scramble," and it will be open to boys between the ages of 8 and 12. This is but one of the many events scheduled for "Butte Day."

# Sleeping on Sidewalk Is Better Than Being in Warsaw Now

This is only one family which was found sleeping on the sidewalks of an East Side street in New York during the heated term just passed. Above the tenement reeked steam and odors and sleep was impossible in it. Mrs. Winkowski took her little brood out to the sidewalk. Even there they found hardly a breath of air.

## What the War Moves Mean

By J. W. T. MASON  
(Staff Correspondent United Press)  
NEW YORK, Sept. 10.—England's navy has changed its method of protecting Great Britain, and blockading Germany, since the early days of the war. The accounts not only for the fact that submarines have been unable to torpedo England's warships, but also for Germany's abandonment of raids along Albion's coast.

## PINE GROVE PICKUPS

Pine Grove school opened Monday, September 6th. Miss Emma Murray is the teacher, and fourteen pupils are enrolled. There will be several more as soon as the big rush of harvesting is over.

## Facts of Interest to the Farmer

(From the O. A. C. Farm Bulletin)  
**Cow Testing Grows**  
Preliminary work is now under way for the organization of three cow testing associations in Oregon. Twelve of these associations are now conducting scientific tests on the production of their herds and the addition of those now in charge of the O. A. C. dairy specialists for organization will place this state at or near the head of progressive dairy states of the Union.

"They're all trying Fatimas"  
Fatimas have always been mighty popular in this town. But lately, since we've been selling smokers how SENSIBLE they are, Fatima sales have been jumping every day.

### OLD-TIME COLD CURE

DRINK HOT TEA!  
Get a small package of Hamburg Bread Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieves congestion. Also loosens the bowels, thus breaking up a cold.

### RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Success from joints and muscles with a small trial bottle of old St. Jacobs Oil  
Stop "dozing" Rheumatism. Its pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "sore spot," and by the time you see Jack Robinson—cut comes the rheumatic pain. "St. Jacobs Oil" is a rheumatic cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops neuralgia, lumbago, backache, neuritis, laminae! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pain, achy and stiffness. Don't suffer! Rub rheumatism away.

## EAT LESS MEAT IF BACK HURTS

### TAKE A GLASS OF SALTS TO FLUSH KIDNEYS IF BLADDER BOTHERS YOU

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up, and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink, which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

## NO HEADACHE OR NEURALGIA PAIN

Get a 10 cent package of Dr. James' Headache Powders and don't suffer.  
When your head aches you simply must have relief or you will go wild. It's needless to suffer when you can take a remedy like Dr. James' Headache Powders and relieve the pain and neuralgia at once. Send someone to the drug store now for a dime package of Dr. James' Headache Powders. Don't suffer! In a few moments you will feel free—headache gone—no more neuralgia pain.

## Big Value in Straw

Thirteen burned or burning straw stacks were seen by the O. A. C. Press Bulletin editor a little less than a year ago, in traveling sixty miles along a Willamette Valley railway. Formerly much of the straw now wasted in smoke was hauled to mills and made into paper. The loss to the land is the same in both practices, not only carrying away fertility elements, but leaving the soil in easily puddled condition. The value of the former is about \$3.48 in each ton of wheat straw, \$4.05 in each ton of oat straw, and \$7.48 in clover straw. Draining the soils of these elements for plant making year by year causes losses that lead to depletion, and at the same time render less available the portions remaining by taking out the supply of humus—the soil ingredient that makes the soil work readily and gives it the dark, rich look so much sought after in general farm lands. Since the season of the year is now approaching when large quantities of straw are burned, the Press Bulletin has secured for its next issue an illustrated article by Professor G. R. Hyslop on methods of returning straw to the soil.

# MARCONI DECRIES USE OF ZEPPELINS

## SAYS KAISER WILL NOT STOP ZEPPELIN RAIDS AND COUNT ZEPPELIN IS A FAILURE IN THE FIELD OF SCIENCE

By WILLIAM G. SHEPHERD  
(Staff Correspondent United Press)  
LONDON, Sept. 10.—"If I were Count Zeppelin, I would protest before the world against the kaiser using my invention as I saw his used last night," stated Guglielmo Marconi, inventor of wireless telegraphy to a United Press correspondent this afternoon.  
"Thank God, they cannot kill with my invention. Zeppelin who has given his life to perfect airships is a failure in the field of science."  
"The kaiser from pity for him ought to stop the massacre—this dirty work, but I know the kaiser and he will not order it stopped."

## Linoleum

The time to lay Linoleum to get the best results is while the weather is warm. The expansion is less, and it fits the floor much better. The danger of "buckling" is not so great, and the durability of the Linoleum is greatly increased.  
We have a nice stock of linoleums and floor coverings to select from, and are sure it will be an advantage to you to have your floors covered while the weather is favorable.
