The Sun stated that the interview was received through Bernstorff's friend.

The paper said further, in the interview: "America won, with my co-operation, the greatest diplomatic victory since Germany conceded the sea faring principles for which President Wilson had been contending."

LYLE BIGBEE WINS GAME SUNDAY AT MEDFORD

FORMER LOCAL PITCHER TWIRLS FOR DEFEATED ONES AND COPS THE BACON IN GAME WITH ROSEBURG

MEDFORD, Sept. 11.—In the prettiest and most interesting game of baseball played here this season Medford won the first of a four-game series with Roseburg by the close score of 3-2 on the fair grounds. It was a pitchers' battle from the very beginning between Medley for Roseburg, against Lyle Bigbee for Medford. The game was in the balance until the last inning, when Medford scored the winning run with none out and two men perched on the bags.

Bigbee lived up to his wonderful season's record by outpitching the Roseburg star in every inning of play. Medley, on the other hand, pitched a game that, with any other twirler have won in a walk. Medley was directly responsible for the low score; time and again he would whip the batter when a hit would have meant a run and perhaps defeat. Roseburg got their runs in the sixth and seventh. One on a wild throw to third, the other by slant hitting.

By GEORGE R. HOLMES (United Press Staff Correspondent)

NEW YORK, Sept. 11.—Mike Gibbons of St. Paul, who is generally credited with being the cleverest fighter in the ring today, and Packy McFarland of Chicago, who was generally credited with all that two or three years ago, will come together at the Brighton Motodrome tonight. The tilt is scheduled to last ten rounds and there is no reason to doubt that it will be any shorter, barring lucky punches.

The pugilistic world has been fed up for a month for this bout. Past records have been delved into, almost everyone who ever heard of a boxing glove has speculated on its outcome, and when it is all simmered down, this big feature stands out above the rest—that no one, not even McFarland or Gibbons themselves—knows any more about it than anyone else.

McFarland has been out of the game over two years. In that time he hasn't boxed much, even in practice, and any dub of an athletic judge can testify that it doesn't take a man long to get back when he isn't working; that a paunch is easier acquired than removed. Not that Packy has a paunch, however, at least externally. He looks, and says he is, in shape.

There can be but little doubt that the St. Paul phantom is right. He has been boxing steadily, working

She has already called on Captain O. C. Applegate, stationed on the reservation at the time of the Modoc War, and they have viewed many of the pictures and relics of that historic time.

Mrs. Clarke has for many years been much interested in the Klamath country and the Indians, because of her father's residence here during the Modoc War and his presence during the execution of Captain Jack and his Modoc associates in the massacre of the peace commission. She comes now to view the scenes of her father's experiences and to see Captain Applegate and others who knew Dr. Hequembourg while he was stationed at Fort Klamath.

U. S. TO "CLEAN UP" FOREIGN AGENTS HERE

KAISER HAVE TO MAKE CONCESSIONS YET

Austro-German Agents First to Be "Cleaned Up"—Prosecutions Criminally Predicted—Believed Dumba Will Be Recalled—Dumba Leaves for Lennox—Bernstorff Refuses Interview and Denies Statement

CHARLES F. STEWART (Staff Correspondent United Press)

WASHINGTON, D. C., Sept. 11.—With the campaign to end diplomat's interference in international affairs, the administration is resolved to go ahead to the bitter end.

In its submarine controversy it is prepared to go to any extent short of sacrificing the principles of dignity to avoid a break.

The Arabic note is so unacceptable, however, and it is hinted that the kaiser will have to make further concessions, or it is hard to see how a break with Germany can be avoided.

United Press Service

WASHINGTON, D. C., Sept. 11.—It has been learned that the government has decided to make a general "clean up" of Austro-German agents in this country that are believed to have participated in the conspiracy to cripple American industries to an extent that they can be convicted in a court of law.

It is stated that the whole country will be combed for the offenders. The state department plans to dispose of the diplomatic and consular representatives through having them recalled, other agents to be prosecuted criminally.

Austria's answer regarding Dumba is expected at any time. The fears that he would not be recalled have been dispelled, and it is believed that the request will be granted. It is understood that Bernstorff will be told that von Papan's presence in America is objectionable. It is expected that he will be sent on a "vacation."

United Press Service

NEW YORK, Sept. 11.—Dumba left the St. Regis hotel with the intention of going to his summer home at Lenox, Mass. Count von Bernstorff refused an interview today, but reiterated through his secretary that he had not transmitted anything through Archibald.
