Fire Does Damage in Local Business Section to the Extent of \$5,000

MORNING BLAZE CAUSES SERIOUS DAMAGE HERE

SHIDLER'S ELECTRICAL SHOP IS TOTAL LOSS

Fire Starts From Explosion in Work Shop of Motorcycle Department While Shidler Was Working With Torch—Oil and Wooden Buildings Burn Like Tinder—Other Places Suffer From Water.

Fire originating in the rear of the C. & S. Electrical Store, of which Horace Shidler is proprietor, this morning shortly after 7:30, resulted in a total loss to Shidler's stock and the building and serious damage to the building adjoining on the west belonging to Geo. Blehn, which was occupied by Donart's pool room, Hardenbrook's pressing and cleaning shop, Bostwick's barber shop and a rooming house above, operated by Earl Sharpe. Due to the great amount of oil and combustibles in the rear of the motorcycle shop, the firemen had difficulty in stopping the blaze from spreading.

The fire started from an explosion while Shidler was working in the rear of his shop, and it was but a short time until a huge column of flame was ascending from the building. The building to the east, owned by S. A. Lamb, and occupied by the Swannan barber shop, which is a brick structure, prevented the fire from spreading in that direction, and greatly added to the lessening of the damage. Shidler's shop and stock are a practical loss, estimated at \$3,600 in a recent inventory, on which he had

THINKS KLAMATH MOST INTERESTING

OHIOAN WHO VISITS HERE HAS NOTHING BUT PRAISE FOR THIS SECTION OF THE COUNTY AFTER TRAVELING MANY MILES

"In traveling 4,000 miles in the United States, I have found no place more interesting than Klamath Falls. The caprice of Nature in Klamath county is most mysterious and remarkable," stated W. V. Ingels of Gallipolis, Ohio, following a visit with J. O. Beardsley and Mr. and Mrs. Elmer Beardsley of this city.

"The people are very hospitable, affable and entertaining. Klamath is a very desirable place for young people to come to live, the climate is so delightful and enjoyable. The scenic part of Klamath county is undecipherable beyond anticipation. Your schools are up to date under the supervision of Professor R. H. Dunbar, and with the corps of teachers selected, the scholars will surely be successful. I have received much kindness and hospitality from J. O. Admits He'd Foment Strikes for Germany

Dr. Konstantin T. Dumba, Austrian ambassador to the United States, has virtually admitted the charge that he would try to close munition plants in the United States, and the next move in connection with him may be a demand by President Wilson that the Austrian government recall him.

A document to the Austrian premier was found on one Archibald, an alleged newspaperman in London. He was carrying it to Vienna. In it Dr. Dumba said that with sufficient money he could close many plants now shipping munitions to the allies. The ambassador has explained that he merely meant that he could induce native Austrians and Hungarians to quit these plants.

AMERICA MUST INTERCEDE WITH ENGLAND NOW

COUNT TO MAKE SITUATION SERIOUS

Bernstorff to Tell Lansing, Is Authoritatively Learned, if America is to Prove Her Neutrality the Most Request and See That England Extracts Her Orders in Council—Arabic Incidents Will Stop Them.

United Press Service
WASHINGTON, D. C., Sept. 13.—It was learned authoritatively that Count von Bernstorff will inform Secretary Lansing that incidents like the Arabic will continue until Great Britain disavows the orders to merchantmen to ram submarines. He will give Lansing to understand that Germany expects America to secure a disavowal as the means of proving America's real neutrality. It will be stated that Germany's promised "full satisfaction" meant only "full regrets."

Arbitration is the only solution to the German-American situation, it will be pointed out. The nature of Bernstorff's statement is promised to create a serious situation immediately in Washington and Berlin. He will tell Lansing that the Germans do not believe American is neutral, and America must dissipate the impression by taking issue with London.

United Press Service

WASHINGTON, D. C., Sept. 13.—Secretary Lansing unexpectedly called on President Wilson this morning and left forty minutes after. He refused to see any newspaper men. He had made arrangements to meet Bernstorff at noon.
