PHILADELPHIA TAKES INITIAL GAME OF SERIES

United Press Service PHILADELPHIA, Oct. 8.—Great relief was experienced by thousands of rabid fans this morning when it was announced officially that the first game of the world series would be played today, in spite of the rain of last night.

The umpires for the game were announced as follows: Klem behind the plate; Evans on bases; O'Loughlin and Rigler on the foul lines.

United Press Service PHILADELPHIA, Oct. 8.—As was generally predicted, Alexander, the star pitcher for the Phillies, won his first game in the opening of the world series today, by a score of three to one. The share of the national commissions will be \$5,106, while that of the players is \$27,575. Each club will get \$9,191.

United Press Service PHILADELPHIA, Oct. 8.—The winner in the world's series is reasonably certain to go on a trip to San Francisco. President Taft of the National League said that permission would undoubtedly be granted. It had not yet been decided whether the loser or a picked team would oppose the champions on the coast.

United Press Service PHILADELPHIA, Oct. 8.—Last night's rain left the field in a soggy condition. It was decided, however, to play, despite the poor condition of the grounds. The field was burned, to make it as dry as possible. The batteries: For Philadelphia, Alexander and Burns. For Boston, Shore and Cady.

United Press Service PHILADELPHIA, Oct. 8.—The people of Rogue River Valley have their eyes on the waters of the Klamath River for irrigation purposes. While we doubt that the waters of the Klamath can legally be diverted to another watershed, the fact that the Rogue River ranchers are alive to the great value of this water should prove to the most skeptical that these same waters are of incalculable value to Shasta Valley.

Mill Shows Down. Thursday evening the sawmill of the Long Lake Lumber company, after a most successful season's run, closed down its plant at Shipington. SINNOTT HOME IN NOVEMBER

At a meeting of the Commercial Club directors yesterday afternoon it was decided to accept the offer made by Phil J. Sinnott, Klamath county's representative at the Panama Pacific exposition, and permit him to come home November 1st, instead of remaining until the close of the fair in December.

Some time ago, Sinnott, realizing the great importance to Klamath county that would result in having several reels of motion pictures to be shown at the fair, urged the Commercial Club to make every effort to have the pictures taken, and suggested that he leave the fair a month earlier than planned, that his salary might be used toward paying for the pictures.

On account of lack of funds it was impossible to have the motion pictures and keep a paid representative at the fair until it closed, so the directors decided they would accept the offer of Mr. Sinnott.

"Heretofore the Commercial Club has run into debt," said Fred Fleet, "but this year Commercial Club officials are resolved to set a new precedent."

The Klamath movies will be exhibited by the reclamation service during November and December at the fair, and then taken through the United States and placed on exhibition in hundreds of cities.

Representatives from the lodges at Bonanza and Klamath Falls will be in attendance, and the Merrill lodge will act as host to the deliberative body.

BULGARIA WARS TO SECURE UNITY

United Press Service SOFIA, Oct. 8.—The Sofia government has issued a manifesto, stating that the Bulgarians have joined the Teutonic allies because it was the only way the Bulgarians could be united. The Teutons have promised Bulgaria parts of Serbia, giving Bulgaria a frontier on Hungary, which was necessary for Bulgarian independence.

The manifesto stated further that the promises of the entente allies were not believed. It declared that Russia seeks Constantinople and the Dardanelles, and the British are aiming at the destruction of German possessions. France, it states, wants Alsace-Lorraine returned to her.

When it comes to bowling, Glendon Maxwell is the picture of hard luck. Up to the last minute he had the bowling shoes won, when hard luck introduced himself and Max lost out.

On the first series of "Goshies," Maxwell with Lee Habien held the high score, and again at the last minute Glenn Foster over the race with Mr. Habien, and after three games had been rolled Max found himself in second place, Foster having sneaked out by a narrow margin. Foster also rolled

FOUR HUNDRED MILES OF RAILROAD IN EASTERN OREGON WILL BE BUILT BY INDEPENDENT CAPITAL TO CONNECT ALL INTERIOR LINES—KLAMATH FALLS, BEND, SILVER LAKE AND LAKEVIEW TO BE SERVED

(Herald Special Service) PORTLAND, Oct. 8.—Robert E. Strahorn, well known railroad builder, outlined last night to a group of representative business men, his plans for the construction of 400 miles of railroad in Central Oregon, which will connect all the existing lines in the interior of the state.

The roads are to be constructed by independent capital, and will cost \$6,000,000. Mr. Strahorn stated that he has the assurance of co-operation from all the railroads with which the new lines will connect.

The project includes: A road from Bend to Klamath Falls via Fort Rock and Silver Lake, connecting with the Oregon, Washington Railway and Navigation company and Oregon Trunk at Bend, and with the Southern Pacific at Klamath Falls; a road from Silver Lake via Summer Lake and Paisley to Lakeview and Warner Valley, connecting with the proposed Bend-Klamath Falls line at Silver Lake, and with the Nevada, California and Oregon line at Lakeview.

The third road will run from a point between Bend and Silver Lake eastward to connect with the Oregon, Washington Railway and Navigation company extension now being built westward from Vale.

The proposed lines will connect up the interior sections of Southeastern Oregon, and will mean the rapid development of this great country, rich in natural resources, which has only been awaiting proper railroad facilities to make it one of the greatest producing sections of the state.
