British Casualties at Dardanelles 18,000 Dead, 77,000 Wounded—Report Edward Carson, Attorney General of British Cabinet, Has Resigned—Dispute as to War Management in Cabinet Serious

United Press Service

LONDON, Oct. 15.—Despite the suggestion of the lords that the campaign be abandoned, the allies are bombarding the Dardanelles defenses fiercer than ever, according to dispatches. Lord Milner's insistence that troops be transferred from Gallipoli elsewhere caused the discouragement over the situation.

It is announced that the British casualties in the Dardanelles is 18,000 killed and 77,000 wounded.

LONDON, Oct. 15.—The absence of Edward Carson, attorney general of the British cabinet, from the last meeting resulted in a report that he had resigned. It is believed the cabinet friction as to the management of the war is much more serious than the government admits.

Many People Would Have Fair Buildings Permanent

(Herald Special Service)

SAN FRANCISCO, Oct. 15.—As the end of the exposition draws near, there are many expressions of regret that a thing of such beauty, which cost so much money, should be permitted to perish, and there are many who express the hope that the management may continue it for a time longer after the day set for final dissolution. However, it is given out authoritatively that December 4th will end the fair, and that in ninety days practically everything will be removed from the site of the exposition. It is a matter of contract with the government that all buildings erected on government ground, as many of them are, shall be removed immediately at the close of the fair.

COMMERCIAL CLUB PLANS CAMPAIGN

MEMBERSHIP CAMPAIGN TO START IN NEXT FEW DAYS. THOSE BACK IN DUES ASKED TO PAY UP

The Commercial Club will start a membership campaign in a few days. The club already has a large membership, but Fred Fleet thinks that the list could be lengthened if the citizens of the city understood how much work the club is doing.

Also, those who are back in their dues and subscriptions are requested to pay up.

Just what lines the campaign will take is not known as yet. But every good citizen in the city is desired as a member.

"We need more live wires," said Mr. Jacobs. "There are already some in the field, and no one has to look very far to see what they are doing. The club, in connection with the Portland Chamber of Commerce, was a force in getting the promise of the railway. If everyone in Klamath county gets behind this club, the great things that are needed—railway facilities, reclamation, etc.—will soon be accomplished. All we need is co-operation."

EXHIBITS MUST BE IN OCT. 20

FARMERS REQUESTED TO BRING IN PRODUCTS FOR PORTLAND SHOW—POTATOES IN THIRTY POUND LOTS NEEDED

All exhibits for the Portland Manufacturer's and Land Products Show must be in at the Commercial Club rooms by the 20th of the month, according to Fred Fleet. Already many products have been submitted, including grain, alfalfa, grasses and fruit.

"Klamath Falls took first last year," said Fred Fleet, "and we want to repeat that triumph. Also, we want the visitors of that fair to know that Klamath county is a potato region, so if any farmers have any good quality potatoes, I wish they would bring them in. Bring them in thirty pound lots."

"The farmers have responded well to our call for exhibits for the exhibit windows. Both windows are now filled with monster vegetables, grains, etc., that would convince anyone who saw them of the agricultural capabilities of this country."

MITCHELL DIES OF HEART FAILURE

COMMERCIAL MAN KNOWN TO HUNDREDS OF KLAMATH FOLK DIES THIS AFTERNOON IN AN AUTO NEAR MT. LAKE

A. A. Mitchell, known to every grocery man in Klamath County as "Mitch," died near Mt. Lake at 12:30 this afternoon from heart failure. For years he has been traveling through California and Oregon representing M. G. Bernstein, tea and coffee dealers, of San Francisco.

Mr. Mitchell left Klamath Falls about noon today in an auto with Harry Pelts, with the intention of calling on the trade at Midland, Merrill and Malin. He had been complaining of a pain in his chest all the morning, and stopped at the J. C. McCallan store at Mt. Lake to see if he could secure a plaster for his chest. This he was unable to do, and the party left for Merrill.

About two miles from the store Mr. Mitchell was suddenly stricken with heart failure, and died before assistance could be secured. Coroner Earl Whitlock went to Mt. Lake and brought the body to this city.

Mr. Mitchell was without doubt the most popular man on the road making this territory, and he was known and liked by practically everyone in the county. He was about 50 years of age. His family resides at San Jose. The body will be taken charge of by the Elks Lodge, of which he

was a member. His lodge and also the firm he represented have been notified by wire, and the body will probably be shipped to his home tomorrow. He was also a member of the Masonic Lodge.

IKE MOSE OUT ON \$250 BAIL

HAD NO TROUBLE IN FINDING AMOUNT — FILIPINO, OTHER PARTY IN FRACAS, FREED AFTER NIGHT IN JAIL

Ike Mose, the Indian who drew the knife on the Filipino of unpronounceable name, and the Filipino are both at large on the streets again. Mose, however, is out on \$250 bail.

The Filipino was kept in only a day. His offense was getting intoxicated with that kind of an intoxication where he wanted to fight everybody who crossed his path. His arrest occurred while he was trying to escape on a horse. The horse slipped with him and the man took a hard spill on the pavement.

The Filipino said his leg was broken, and was hauled up to the city hall in an auto. There Dr. Hunt examined him, found no broken bones, nor even a bruise. He was "thrown in," and is now out again.

Mose had no difficulty in putting up his bond, for his wife, after peeling off \$250 in tenners from a roll of bills, still had a roll as big as a sewer pipe, according to Justice of the Peace Green.

FARMERS ATTEND PELICAN JINKS

ONE HUNDRED FARMERS AND FAMILIES PRESENT AT BANQUET AND DANCE AT WHITE PELICAN HOTEL

A hundred farmers and their families were guests of the Business Men's Association at the White Pelican last night for the opening jinks of buyers' week. The festivities included a dinner and a dance.

The Klamath Falls guests gathered in the hotel dining room at 7:30. In the banquet that followed—and a sumptuous one it was—the farmers and the business men present began to get better acquainted. Speakers were called upon by Toastmaster Dunbar: Mayor Mason and Judge Baldwin from Klamath Falls, and Messrs. Wise, Esell and George from among the guests. All the speakers agreed on one point: That everybody in Klamath county would be benefited by a closer union of city and county.

"Spend the money at home," was emphasized by all speakers. That Klamath Falls and the surrounding farming district will work together for the upbuilding of the entire county was also manifest.

After the banquet the tables were cleared away, and a dance commenced. Quadrilles, in which everyone took part, interspersed with an occasional waltz and two-step, occupied the rest of the evening until midnight.

ABSENCE OF SIX GERMANS AND YAWL GIVE CREDENCE TO REPORT OF GERMAN RAIDER OFF MEXICAN COAST

WASHINGTON, D. C., Oct. 15.—The navy department believes six Germans escaped on the yacht Eclipse and are trying to damage British commerce in the South Atlantic. The leaves of absence to the Germans interned in the Kron Prins Wilhelm and the Prinz Eitel have been revoked.

They will be confined to their ships until it is determined whether the missing men violated their parole.

NORFOLK, Oct. 15.—The disappearance of the German-owned yawl, the Eclipse, and six warrant officers interned on the Kron Prins Wilhelm, gave credence to the reports that another German vessel was raiding off Mexico.

Medford Football Team Arrives for Big Game

The Medford high school football team arrived in full force this afternoon, ready for tomorrow's battle with the Klamath aggregation. They came in autos procured from the Medford Hall Taxi company. Coach Klum accompanied them.

The Medford boys are heavier than Metchenbacher's crew, and a stiff fight will be necessary if Klamath is victorious in tomorrow's game. The local team, however, hopes to overcome this handicap with added speed. Among the Medford "stars" are:
